STATE BONUS LAW PROVISIONS GIVEN FULL EXPLANATION

Some misunderstanding exists, of the provisions of the law requiring the refund of educational aid in cases where the applicant desires the loan, according to Captain H. C. Brumbaugh, secretary of the state bonus commission. Some applicants, and even some of the bonus attorneys are under the impression that the amount of educational aid received will be deducted from the amount of the loan approved by the commission, but that it will not have to be repaid to the state.

"This is an erroneous belief," said Captain Brumbaugh, who points out that the law specifically states that "any person who has received the benefits under the act providing for state financial aid to soldiers, sailors and marines for educational purposes shall make a refund to the state of the amount so received before he shall be entitled to receive a loan or bonus under this act." As an accommodation to applicants and in order to obviate the necessity for them having to receive the amount of educational aid refused to make an actual refund to the state treasurer before passing upon applications, the commission has ruled that any educational aid received will be treated as a deduction on the voucher for the cash bonus or loan, but that this procedure in no way obviates the necessity of its repayment to the state.

SCHOOL CHILDREN TO FOREGO CANDY TO AID STARVING

No candies, movie shows, gum, ice cream or other luxuries during self-denial week beginning today is the stern edict of Jackson school pupils whose spare money and some that is not spare is to go into bread and other "eats" for their Near East orphan. A miniature bread box, the workmanship of "Sunny" Austin has been placed in a most conspicuous place and already the box gives a most encouraging rattle as the beginning of what must be \$60 from pupils and teachers by next Friday night.

The loading of a relief ship with money for flour is the ambition of pupils and teachers at Roosevelt.

Other schools are busy in securing Near East Relief funds but details were not available at press time.

"I am anxious that all the people in and near Medford who can get into the Rialto next Wednesday night should see 'Alice in Hungerland,'" said Rev. E. P. Lawrence, county chairman Near East Relief on the eve of his departure for Des Moines, Iowa. "In no other way can the community see the great program of life saving being carried out in the war wrecked Near East."

"Alice in Hungerland" will be shown at the Rialto on Wednesday, the 17th instead of Tuesday the 16th as first announced.

Willie Howard, famous comedian in the 'Passing Show of 1921', which comes to the Page theatre, Tuesday, May 23.

FINDING A TIRE COSTS BEN DIXON A WHITE RABBIT

Ben Dixon's eight-year-old son is one white rabbit to the good today, as the result of having found a truck tire yesterday afternoon. He found it on the way home from school and at once conceived the idea of using it to secure a white rabbit which he has long had his heart set on. He took the tire to the owner of the rabbit and the trade was made.

Ben discovered what had been done and learning that the tire was a good one and must have been lost he went to the owner of the bunny and paid for it at the same time securing the tire. Ben's boy is no piker and would not think of trading back. Therefore his dad had to purchase the rabbit.

This morning Ben entered The Mail Tribune office and was going to insert an advertisement stating that the tire had been found. However, the return of the tire was accomplished without the insertion of the ad. Walter Keizer, local transfer man entered the office for the purpose of advertising for his lost tire at the same time, and it was discovered that the tire in question was his.

Ben's boy is duly grateful to Keizer for having lost the tire and hopes that he will lose another soon as a pair of rabbits is necessary when one proposes to start in the livestock business.

H. S. CROSSES BATS WITH GRANTS PASS

The local high school baseball nine will meet the Grants Pass high school team on the North Holly street diamond tomorrow afternoon. This is the second game of the season to be played by the locals on the home field and according to witnesses at the workouts they have improved greatly since the first game which was with Ashland.

The Grants Pass team gave the locals a good contest in Grants Pass several weeks ago, the locals coming home with the laurels. The score was 15-13.

The local lineup will be the same as usual: Pitcher, Reese; catcher, Donovan; 1st, Beoney; 2nd, Williams; 3d, Johnston; short, Rudy Singler; rf, Reichstein; lf, Glascock; cf, Dick Singler.

DECLARES AUTO A FRIEND OF CHURCH

KEARNEY, Neb.—Publicity has changed the automobile from an enemy to a friend of the church, according to Rev. Oliver Kene, pastor of the Methodist Episcopal church here.

"When the people of the whole community know of a church and the kind of sermons preached the car will carry them to it instead of away from it," he said.

"By advertising in local papers I have quadrupled the membership of my church in four years. Christ said 'Go out and compel them to come in.' What is more compelling than advertising in the modern way?"

"I often inserted a quarter page or half page ad in the home town papers. The expense of advertising is met by the collection box, and the more people the advertising draws to church of course, the larger the collections. So the ads pay for themselves in actual money. The good that is accomplished cannot be measured in dollars and cents.

"Advertising must be backed by a good, sound, honest gospel message from the pulpit. Nothing can take the place of the gospel; not movies, nor music, nor half-baked addresses on current topics. And the man who goes once is pretty apt to return and bring someone with him."

Dental Society Meets In Medford Tomorrow

The Rogue River Valley Dental society will meet at the Hotel Medford at 5:30 p. m. tomorrow and the technical addresses on the program will be delivered by Grants Pass dentists as follows:

"Work of the Oregon State Board of Dental Examiners," Dr. Walker.

"The Systematic Influence of Pyorrhea," Dr. Flannagan.

"Health of the Dentist," Dr. Macy.

Clinic, "Anatomical Articulation," Dr. Dimmick.

Clinic, "Extraction," Dr. Britton.

Local Briefs

The popularity of Kolb & Dill among Medford theatregoers was, if such a thing is possible, increased by the excellent and mirthful performance of their new comedy, "Give and Take," at the Page last night before a full and highly appreciative house. The dialogue and antics of the two German dialect comedians, aided by their excellent supporting company and scenic effects, and jazz orchestra, kept the large audience in almost continuous laughter. By many present "Give and Take" is regarded as the best offering yet presented by C. William Kolb and Max M. Dill. It certainly was scenically.

There will be a real dance at the Nat Saturday night with the largest and best orchestra in southern Oregon.

Today with a minimum morning temperature of 51.5, following yesterday's maximum of 67 promised to be a warm one, but it will have to go some, slantically speaking, to equal the highest temperature of a year ago today which was 86. Generally fair weather is predicted for tonight and Saturday.

I will be pleased to attend to all endorsements, or aid in adjusting losses. J. W. Wakefield, Palm Block.

It will be several days yet before the new city auto camp will be ready to receive tourists, and in the meantime the present camp will be used. Ten persons who arrived in four cars spent last night at the camp.

Business men will be given an opportunity to decide whether Portland should have a daylight saving plan when this matter will be laid before them at the members' forum meeting of the organization Monday noon. The San Francisco chamber of commerce recently asked all coast cities for an expression of opinion in regard to the formulation of a uniform daylight saving plan in Oregon, California and Washington.—Portland Journal.

Great Northern Men Inspect Astoria Dist.

PORTLAND, Ore., May 12.—Plans of Great Northern executives who, with the eastern banker and businessmen-guests went to Astoria and Seaside last night, called for leaving their train near St. Helens, about noon and driving westward over the cut-over timber tracts to the iron ore deposits.

Some of the visitors are associated with the steel and iron production industries in the east and they with the Great Northern officials are inclined to be interested in development of the Oregon iron ore deposits. Louis W. Hill, chairman of the Great Northern board, announced here yesterday.

Cereal in Salads.
 Rice cooked so that every kernel is distinct and separate may be combined with meat, fish, eggs, or vegetables. In any hearty salad, it really takes the place of potato, and adds bulk to the salad without changing the flavor. Try one cup rice, two chopped hard-boiled eggs, one box sardines, and one tablespoonful each of onion juice and chopped pepper.

Fresh Meat.
 Fresh meat should be taken from the paper immediately upon its arrival from the butcher shop, put on a clean plate and put in the refrigerator unless it is to be used right away.

Longer Engine life—
 Dealers who display the sign use Castrol Fishing Oil for safe, thorough cleaning—and Zero-lens, for correct refilling.
 STANDARD OIL COMPANY (California)

REV. LAWRENCE LEAVES TO ATTEND IOWA CONFERENCE

Rev. E. P. Lawrence leaves this evening for Des Moines, Iowa, as the ministerial delegate from Southern Oregon Presbytery to attend the meeting of the general assembly which will be in session from the 15th to the 25th inclusive. There are also two pre-assembly conferences Tuesday and Wednesday of next week which he will attend. Mr. J. M. Cooley will leave on Sunday evening to attend the same gathering as the elder delegate as the two who have been chosen. Mr. Van H. Morse of Lakeview and Dr. Wm. P. Holt of Medford could not go.

Two matters of especial importance to come up at this meeting will be the consolidation of the thirteen benevolent agencies of the church into four principal ones with departments and also the matter of changing the time of service of each delegate from one to two years. Mr. Lawrence will return about the second of June while Mr. Cooley will visit for a short time with near relatives in the middle west.

BOTH PLEASED WITH RESULTS SAYS INGRAM

Standard Oil Man and His Wife Delighted Over Complete Recovery by Taking Tanlac—He Gains Ten Pounds.

"Rheumatism and stomach trouble had the best of me," said C. Ingram, Box 172, R. F. D. 1, Linnton, Oregon, a valued employee of the Standard Oil company. "I had the keenest kind of pains in my shoulders and arms and sometimes all my joints ached. My appetite dwindled to just about nothing and what little I ate did me no good. I lost weight and felt sometimes like I had no strength or energy at all.

"I started taking Tanlac when I saw what great good it was doing my wife, and now my rheumatic pains are gone and my appetite fine and everything agrees with me. I have gained ten pounds, and my wife and I are so well pleased with the results that we are always telling about Tanlac."

Tanlac is sold by all good druggists.

Foot Comfort Demonstrator From The Scholl Mfg. Co., Chicago

In Our Store Tomorrow

If you are bothered with tired, hurting painful feet—corns, callouses or bunions, this is a wonderful opportunity to learn how thousands of people have been benefited through the use of

Dr. Scholl's Foot Comfort Appliances

This Demonstrator will work with our Shoe Fitters demonstrating the merits of Dr. Scholl's Foot Comfort Appliances and Remedies; and will assist you in arriving at the proper shoe requirements for your feet.

SATURDAY ONLY, MAY 12
