

### SHERIFF TERRILL ARRESTS ROBBERS WHO ADMIT GUILT

Jack Law and Leo Summers were arrested Saturday by Sheriff Terrill on charges of burglary. Law is a resident of Central Point and was arrested in that city, while Summers is a resident of Medford and was arrested in Butte Falls.

The sheriff states that among the robberies which the young men confessed to have committed are those of Brown's store at Eagle Point, Ashpole's Hardware at Eagle Point, and the Conro Piero residence near Central Point.

A large amount of the booty alleged to have been taken by the pair has been recovered and is in charge of the sheriff at Jacksonville.

Law was being questioned by the authorities as to what he knew of the robbery of the Central Point S. P. depot when it was noticed that he was wearing clothes that had been stolen from one of the stores above mentioned. It was then found out that a shoe left by the robbers at one of the stores in Eagle Point fit him, to a T and that it was worn through on the inside of the ankle. It is said by the authorities that Law knocks his ankles together when he walks and that he wears his shoes out in this manner. Upon questioning it is said that he confessed and at the same time implicated Summers who was later arrested in Butte Falls for complicity in the burglaries. It is said that after his arrest Summers also confessed to his part in the robberies.

### DETROIT TAKES OVER ITS STREET RAILWAYS

DETROIT, Mich., May 15.—Detroit today assumed the task of providing means of transportation for its citizens, taking over the lines within the city of the Detroit United Railways, as authorized by the voters recently. The lines were consolidated with the municipal street railway system making the largest municipally owned street railway company in the world, with 263 miles of tracks and 1457 trolley cars.

### HIRAM WANTS HIGHER TARIFF ON LEMONS

WASHINGTON, May 15.—Higher protection for the citric acid industry of southern California than proposed in the pending tariff bill was urged upon the senate today by Senator Hiram Johnson. He asked for a rate of two cents a pound as against the 15 cents ad valorem recommended by the finance committee and also requested that the rate on citrate of lime be made 12 cents a pound instead of seven.

### IRISH ELECTIONS WILL BE HELD IN EARLY PART JUNE

DUBLIN, April 25.—It is the present intention of the provisional government of Ireland to hold the elections for the free state parliament early in June. The elections will be asked to vote not merely, as was originally contemplated, for or against the treaty, but for or against the detailed constitution prepared for the free state. This plan, forced upon the free states by De Valera, is unwelcome to the labor party, which formed a large part of the Sinn Fein strength, and which is mostly favorable to the treaty. The labor party leaders fear that the constitution may be too conservative in form for them, and would prefer that the issue were confined solely to the treaty. The immediate trouble is the voters register which has been challenged as obsolete and unfair by Mr. De Valera. It is charged that it not only disfranchises 300,000 voters in the northern area, but omits in the south classes on whose support De Valera can count. To prepare a new register would take several weeks.

### Mr. Griffith says months—and as a speedy election is desired by the government—the present decision of Mr. Griffith is to adhere to the existing register.

This may lead to the refusal of the republicans to stand as candidates for any of the seats and in that event the section of the army opposed to the treaty might think itself justified in preventing the elections by force. The free state party is composed of three sections. It has all the Sinn Feiners who regard the treaty as a victory, and as furnishing to Ireland, if not absolute freedom, the means of eventually attaining all its demand. The free states are also supported by all the mass of voters formerly identified with the constitutional agitation for home rule and by many men who were formerly Unionists, but who now gladly accept the treaty as the way to peace. The third section of the free state party is composed of extreme republicans who will be satisfied with nothing short of an absolute isolated republic. They say the quickest way to an eventual Irish republic is to make use of the powers of the treaty to enforce it.

### CHAULMOOGRA OIL AS LEPROSY CURE

HONOLULU, T. H., April 23.—The use of chaulmoogra oil derivatives to combat leprosy has proved effective thus far, but has not been definitely established as a sure cure in all cases. Dr. H. E. Hasseltine, medical officer at the Kala leprosy receiving station here said in an address explaining the chaulmoogra specific evolved by Dr. A. L. Dean, president of the university of Hawaii. "The effect of chaulmoogra oil is not all that we desire, but we are hoping for improvements," he said. "Experiments are being conducted in the hope of discovering the exact formula and methods that will make it an absolute cure."

### MUST BE HAVING AN ELECTION IN IOWA

DES MOINES, Ia., May 15.—The best laid plans of mice and men, it appears will go awry. Omaha met Des Moines Sunday in a regularly scheduled Western league game and gave her opponent four outs in the fourth inning. More than thirty players of the two teams, four umpires, two squads of police, numerous reporters and several thousand spectators missed the slip-up and let the fourth man go to bat just as if he had been the first man up. The error was not noticed until the official box score was checked revealing a total of twenty-eight patouts for Omaha—an impossible accomplishment under the rules of the game. It is hoped Judge Landis won't hear of this.

### You Can Bet Out Loud In New Orleans Now

NEW ORLEANS, May 15.—The "oral system" of laying bets at the local race tracks was given legal sanction by the state supreme court here today in a decision which upheld the contention of the Businessmen's Racing association that the method was not a violation of the Locke anti-gambling law.

### DOUBLE COUNTING BOARDS WON'T BE USED, JACKSON CO.

Oregon will try out its new election system for the first time at the primary election Friday—when counting boards will take their place along side the regular boards—but not in Jackson county. The legislature provided for the innovation, to facilitate the counting of votes, but the county court decided not to avail themselves of the privilege, and, besides it would be necessary to hire additional space. The law allows this county six special boards, out of a total of 56, and it is probable they will be used in the November elections. Had the county court been aware that a special recall election was to be held, they would have used the new boards this spring.

Under the special count law, the count starts as soon as 20 votes are cast, and keeps pace thus all day, giving the public the result in heavy precincts early.

The new plan will be used in Multnomah county, and all but seven of the other counties of the state.

In the past the primary vote has been from 50 to 60 per cent of the total, but with the keenest and bitterest campaign in the history of the state hating, it is predicted a large vote will be cast.

The outlook is that it will be the first of next week before the results are known in some of the close races in this county.

## Telephone Traffic

The signals of the traffic officer are obeyed instantly by the intelligent citizen, as he realizes that indifference means confusion and congestion.

Over the wires and through the switchboards of the telephone company there is a constant volume of traffic. Here there is also a signal—the ringing of the telephone bell. A great obstacle in the flow of this traffic is delay in answering the telephone bell.

Answer your telephone bell promptly. You will accommodate the party calling. Your own line will be more quickly cleared for other business.
