

TAKES TAXI RIDE FROM JAIL, TAKES DRINK, GOES BACK

YAKIMA, Wash., May 16.—At least one prisoner in the Yakima county jail when he gets lonesome for a visit with the home folks, calls a taxi and drives fifteen miles to see them.

Art Farron, serving time for perjury, was today returned to his cell after such an experience. He might have remained away indefinitely but in his joy at the reunion he had, in his own words "a few drinks" and was arrested for drunkenness. This led to the discovery that he was supposed to be serving time in the county jail. He was taken from the city jail to the county bastille, though jailers there had made no report of a missing prisoner. Farron says he simply "walked out and called a taxi". Sunday, he charged, before the grand jury, Prosecutor Livesey had tried to bribe him to testify against the sheriff, then under indictment, and was held to have perjured himself.

WENATCHEE, Wash., May 16.—Suit has been filed in the Chelan county superior court by trustee in bankruptcy, W. A. Doelle, of the Bohlike Fruit company to recover about \$70,000 from the firm of Steinhart and Kelly, New York, distributors. The complaint sets forth that during the fall and winter of 1920-1921, the firm handled about 800 cars of apples, some of which were sold outright and some shipped on consignment.

PEACE EFFORT IN IRELAND FAILURE

DUBLIN, May 16.—(By Associated Press). The immediate impression prevalent in Dublin this afternoon following the announcement that the peace committee of the Daily Eireann had concluded its deliberations and would report to the Dail Wednesday was that the conferees had failed to agree on any plan and that tomorrow's meeting would have to face a final breakdown of the attempts to reconcile the two factions.

The levee was built as a protection against backwater from the Red river. Efforts are being made to repair the break and unless they are successful practically all of Avoyelles parish and large portions of St. Landry and St. Martin parishes will be flooded.

Widower Congratulated

"Since my wife's death, five years ago, I have suffered greatly from stomach and liver trouble and gas attacks. I lost over 50 lbs., and at times was as yellow as a saffron. My doctors could not help me. Six doses of May's Wonderful Remedy have entirely cured me. I have regained my weight and everyone is congratulating me how well I look." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

CHRISTIANS PLAY BAPTISTS TONIGHT

The Christians will play the Baptists in the Y. M. C. A. league tonight at the Holly street grounds at 8:15. The Christians are neck and neck with the South M. E.'s and have visions of the pennant as a permanent possession. However, the second round of play, which begins with tonight's game, may change the complexion of things considerably.

GOVERNORS OPPOSED TO K. K. K.

"Our citizens ask aid from no organization that must work in the dark and secret places and feel that such an organization has no place in their councils or activities." Under date of August 8, 1921, Governor Olcott received from J. E. Forbes, a resident of Springfield, Ore., a letter and petition signed by 112 residents of that vicinity protesting against the Ku Klux Klan and asking the executive to invoke the powers of the state, either by proclamation, martial law or by calling a special session of the legislature to curb the "activities of this anarchistic gang."

Mr. Forbes' letter to the Governor read: "Inclosed please find a petition, which is self explanatory, which I circulated among the business and professional citizens of Springfield last Saturday and again on Sabbath morning.

"About three-fourths of the people who read the petition signed it immediately, and of those who did not sign about one-half asked for more time to think over the proposition, the others of the one-fourth flatly refusing for various reasons.

"It was the general impression of those signing that the people of this state can regulate their affairs through constituted authority, and consider the application and intrusion of the Ku Klux Klan a menace to their orderly reputation.

"Petition is Enclosed. With this letter was enclosed a petition containing the signatures of 112 citizens of that community, petition reading as follows: "We, the undersigned citizens of Springfield, believing that a crisis has arisen in the civic affairs of this state, on account of the organization of a branch of the Ku Klux Klan, which assumes for itself extra legal, judicial and plenary powers, not granted by the constitution or the laws of the state, hereby wish to express our horror of the cowardly methods wont to be used by this organization on defenseless people, and do hereby petition you to use your utmost executive powers, by proclamation, martial law or the calling of an extra session of the legislature, if need be, to suppress the activities of this anarchistic gang; that the fair name of Oregon may continue unbesmirched by lawless raiders who are trying to hide their guilt under the pretense of Americanism and for the purpose of carrying out this request we hereby pledge our support to the best of our ability."

Governor Olcott replied to Mr. Forbes as follows: "This will acknowledge receipt of your letter of August 8 with enclosures of petition of the citizens of Springfield, Ore.

"I wish to commend the signers of this petition upon the attitude they have assumed, although I think they need not be apprehensive about the Ku Klux Klan becoming a very serious menace to our government. I have a great faith in the sound sense of the people of our commonwealth and I think our laws and our form of government require no secret associations to assist them in properly functioning for the liberty and happiness of our people."

Children in Spring Time Mrs. C. Osborn, 7812 Hillside Rd., Cleveland, O., writes: "My granddaughter was troubled with a cough for nearly two years. She took Foley's Honey and Tar and her cough is now gone. It loosened the phlegm so she could raise it easily." Foley's Honey and Tar is just what children should have for feverish colds, coughs, "snuffles" and tight, wheezy breathing. Be sure to get Foley's. It checks croup and whooping cough, too. Sold everywhere. Adv.

A MODERN NOAH'S ARK, ARRIVES N. Y.

NEW YORK, May 16.—Carrying a cargo of more than 3000 specimens of African jungle denizens, the Dromere Castle has arrived in port.

One of the oddest creatures aboard was a thorn-tailed lizard, a survival of pre-historic periods. When angry this creature becomes a mass of bony spikes and he was highly indignant yesterday when the ship arrived.

A giant maribou stork, one of the most disagreeable appearing of the birds in the cargo occupied an iron cage all to itself. Its long, sharp-pointed bill was dangerous, keepers said.

There was a family of Numidian lions, some leopards and more than a score of antelope and zebra. The snakes numbered more than three dozen.

As the ship tied up, a howling jungle dog and a whistling bull-finch entered a noise making contest. The bullfinch lost.

LEAVE THE DOOR OPEN (Continued from Page One) statesmen, plenipotentiaries and the ports failed to solve here."

France Uncertain PARIS, May 16.—(By the Associated Press).—The declination of the American government to participate in The Hague conference on the Russian question is attributed in official circles here to the ambiguity of the memorandum setting forth the agenda of the conference, which in French opinion may be interpreted as to permit the discussion of political questions.

Unless conditions are laid down so as to avoid this danger, there is little likelihood, it was declared that France will be represented at The Hague.

WASHINGTON May 16.—The Russian situation was discussed today at the state department at a conference in which Secretary Hughes, Secretary Hoover and former Governor Goodrich of Indiana, an official with the American Relief administration participated. Governor Goodrich expects to sail from New York within a day or two to make another survey of relief conditions in Russia.
