W. T. York has been engaged the last three days including Sunday checking travel over the Crater Lake highway at the Eagle Point bridge, and estimates that in the neighborhood of 400 autos passed Sunday. Saturday was also a lively day, but Monday was dull. The check was conducted on the Pacific highway and the final figures have not been computed yet. A check of the Pacific highway travel was made Monday, and was an exceedingly busy day, with a heavy traffic. The check is made twice a year on all the main highways, and the figures will be announced later by the state office. 52*

Everywhere you look you see a Chevrolet. 52*

Five stores were entered and burglarized in Eugene last Saturday night. In the announcement to water users of the city of Medford, published in yesterday's paper, the Sunday afternoon clause should have read as follows: "Sunday afternoon, on the west side of all streets running north and south and on the south side of all streets running east and west." 52*

Ye Letter Box

Answers Gates' Letter

To the Editor: Referring to the letter of the mayor of Medford published in your issue of the 15th instant, it must be highly gratifying to all readers of your paper to be informed by the mayor himself that his standard of citizenship has been raised by reason of his initiation as a member of the Ku Klux Klan. Is it logical to conclude from the mayor's statement that plain citizens of the United States will not have reached the full stature of their citizenship until they shall have become also members of the Invisible Empire? And if so, should we not all be inoculated with this virus of good citizenship once or even twice, since, according to the press reports from

TOO LATE TO CLASSIFY

California and elsewhere, it does not always take the first time? 52*

But, Mr. Editor, some of us, who have the honor of being citizens of the United States, but have never been naturalized as members of the Invisible Empire, have views that differ from those expressed by the mayor. We believe in upholding the Constitution, with all of those guarantees so precious to a free people; and we believe that the only way to uphold it is through the machinery provided by the constitution—our elected executives and representatives, our courts and police officers. To us the ritual and publicly avowed aims of the Klan mean nothing and less than nothing, because they do not square with the Klan's actions. These fine professions constitute an added menace to a free people because they deceive many patriotic citizens as to the real character of the organization which they support with their money and good names. These good people will find that their good intentions will not operate to prevent the lawless and criminal, the men with grudges, the men with selfish and unworthy political ends to serve, from working under the cloak of secrecy provided by the Klan. 52*

For a thousand years the white races have fought against all forms of secret, invisible government; this organization, whatever its professions, is secret in its membership, secret in its deliberations, secret in its trials, convictions and punishments. If successful, the result will be to establish a secret invisible government within the government, and so defeat the proclaimed purpose of the Klan—the maintenance of the Constitution and laws of this country. Why even in our little Cooperative Fruit Association we are ready to fight to a finish any attempt at Star Chamber proceedings 52*
