

BRINGING UP FATHER

MOST POLAND'S DEBT IS OWED UNITED STATES

WARSAW, April.—Sixty-five per cent of Poland's national debt is owed to the United States, according to the first budget of the new republic. The Polish debt to America totals \$183,000,000. In 1921, foreign debts to the amount of 7,000,000,000 marks were repaid.

Although the new budget of Poland, like that of every other country in Europe, shows a deficit, it reveals also a state revenue covering 90 per cent of the expenditure as against 30 per cent in 1921 and only 10 per cent in 1920.

The local press predicts a fair prospect of a budget balance during the current year and if this is accomplished a state bank will be established and a new national currency issued to replace the present artificial currency washed onto the country during the German occupation.

Two ministries of the government are already without a deficit, those of trade and commerce and agriculture, the latter running a profit in 1921 of 12,000,000,000 marks.

Poland's 1922 budget is popularly called a "peace budget," only 15 per cent of its total being slated to military expenditure, the rapid demobilization of the Polish forces reducing this item to one of the lowest army budgets in Europe.

MEXICO CITY, May 18.—(By the Associated Press.)—The town of Fronterita, Tabasco, was entered yesterday by 300 rebels under Jose Serrano, who did considerable pillaging, until federal troops from Villa Hermosa approached. The rebels are adherents of General Carlos Green, the rebellious governor of Tabasco.

Conditions are so disturbed in Tabasco that Minister of War Serrano left for that region today. Dispatches reaching Mexico City today said Serrano was completely master of the port at Fronterita for several hours and that his band burned several houses before departing. The dispatch said federal troops met him later and captured eight of his followers.
