## SCHOOLS CLOSED WILLOW SPRINGS WITH A PICNIC

WILLOW SPRINGS, May 18—The Willow Springs school closed May 18th. The last day was celebrated by a delightful picnic for the children with games and plenty of "nuts." The progress made this year by most of the pupils has been excellent and the children will look forward to the opening of school in September. Miss Maul will be with us another year.

The J. W. Elden family spent a pleasant Sunday picnicking at the Savage Rapids dam.

Mr. and Mrs. J. J. Brophy and sons of Jacksonville, were callers at the Gossing ranch Monday evening.

Mrs. William Thompson entertained the West Hill Sewing club on Wednesday afternoon.

Elmer Feldenheimer drove down from Portland in his new car the first of the week and will spend some time at his large orchard here.

The barn on the Sam Anderson place is nearing completion and work will be begun on the residence at once. W. K. Parker is contractor and builder.

Mr. and Mrs. F. C. Eddings of Grants Pass and Fred Snyder of Gold Hill were Sunday guests at the Hugh Porter home.

Ernest Harris has accepted a position as bookkeeper for the Poultry Product association in Medford. Herbert Harris has given up his work at the Salade ranch and will take charge of the five acres of tomatoes being set on his father's ranch.

## SCHOOL CHILDREN PHOENIX TESTED BY COUNTY NURSE

PHOENIX, May 18—Miss Faldine, the county nurse, spent the better part of three days last week examining the children; this year the height and weight are recorded and a record is made which shows whether the child is up to the standard in weight.

It is to be hoped that the parents will note the record of the cards sent home and correct defects of children as soon as possible, as it will make for the pleasure and education of the children.

Miss Faldine met with the health committee and made a report of her work in the county. This report uncovers startling health conditions at our door, one is reminded that charity work is neglected at home.

Miss Faldine is certainly doing a great work and any one desiring to play a few dollars where it will do work, should give it to our county nurse; charity begins at home. The work is too much for one nurse and it is desired by many that another be put in the field.

The high school was very fortunate one day last week to secure the services of Rev. Hamilton of Medford. Rev. Hamilton spoke on the subject of "Bigness" which he said meant the same thing as character. He congratulated the senior class on selecting the motto: "Character is the Only Diploma." The talk was inspiring and full of wisdom. The pupils followed the unfolding of the subject with hungry minds and will profit without doubt.

School will be out June 2, and the senior class is very sober and industrious: each one feeling way down in her or his soul the parting is at hand, and to bid farewell to the school that has fed their minds, for some, all their school days, is no small matter to contemplate. Here they have associated with each other as one big, kind family, associated with the school rooms, and desks that are carved, associated with the shade trees which are beautiful beyond description.

## EAGLE POINT EAGLETS

By A. O. McVain

F. R. Frey and wife and Mr. and Mrs. Fred Adler of Lake Creek were here Friday for dinner.

Mr. and Mrs. Walker of Gold Hill, were among the business callers Friday and so was Ed Cowden, one of our enterprising farmers and dairymen.

Last Friday was a very busy day at our blacksmith shop as there were a bunch of saddle horses brought in to be shod, by some cowboys who are getting ready to start across to the Klamath country with a band of cattle for R. L. Bixon Bros., of Klamath county. They finished up the job Monday and expect to start across the mountains as soon as the snow is settled sufficiently.

I was very agreeably surprised Friday afternoon as I was sitting in the parlor alone, away from the company of men who were waiting for supper, when who should walk in but Misses Bertha Emerich and Mildred Heine. I did not recognize either of them at first but it soon dawned on me that one of the faces looked quite familiar and I ventured to inquire of one of them if she did not at one time work in the Medford Mail Tribune office, and she said she did and finally she asked if I remembered "Mildred," and all at once it dawned on me that she at one time was the bookkeeper in that office. They were on their return trip from a two weeks camping trip on Union creek. They had quite an experience while going out. They said that they ran their car to within about three miles of the camp and then the road was blocked with snow, so they took what they could, things necessary for camping purposes and walked into camp and later returned and carried in the remainder, so established their camp where they spent two weeks time in the full enjoyment of camp life.

They related one incident that will give the reader some idea of what it means to be out in a snowstorm in that wild region. They were out hunting for something exciting, they did not say what, when they were caught in a driving snowstorm and had to face it for three miles, but like girls of the right kind of stock they marched right on through it and made camp. And when they came in that afternoon they looked the very picture of beauty and health. They were in a hurry to go on home so I did not have the pleasure of their company but a very few minutes as supper was called and they didn't mind over the victuals but ate as though they really enjoyed the meal, and hurried off for home, so I did not have an opportunity to learn more of their camp life except that they had one of the finest times of their lives.

Mr. Adamson, a member of the Trail Lumber Co., of Trail, came in with a load of lumber for Geo. Brown & Sons and three others Friday and spent the night at the Sunnyside and had his team shod. He reports that they are getting out a fine lot of lumber ready for the market.

W. T. York came in Friday afternoon and engaged room and board until Tuesday morning. He had been employed by the authorities to take account of the traffic across the Little

Butte creek bridge on the Crater Lake highway and was required to remain there from six a. m. to 10 p. m., so had to take his dinner and supper with him. He was not prepared to state the results of his work as he had not finished up his report but reported that there were 470 vehicles crossed the bridge Sunday. In many instances the same one crossed twice as probably a very large majority were driven by pleasure seekers from the towns and valley. He took account of teams, autos, motorcycles, in fact everything run on wheels. He went out home Tuesday morning on the stage.

J. A. Lovelady of Klamath Falls, came in on the stage looking for employment for his team on some of the contracts and spent the night at the Sunnyside. There were also three other men, strangers, here for supper Friday night.

George Albert of Dupreys' mill, came out Saturday on his railroad motor and reports the arrival of a baby girl at his home May 9th, and took dinner.

Mrs. Lucius Kincaid who is teaching the Crater Lake school, came out on the railroad motor Saturday, took dinner and went out to Medford to visit her parents and was met there by her husband who is working on the Crater Lake highway near Prospect, returning Sunday.

Rev. G. N. Edwards, the traveling Sunday school evangelist for the Congregational church came in Saturday morning on the stage and took dinner at the Sunnyside and preached here after Sunday school and went to Samsville and preached in the evening to a good-sized audience. He returned to the Sunnyside Monday and started north on the 2:45 p. m. stage. Rev. H. G. Adams preached Sunday evening here and expects to preach here next Sunday, May 21st, both morning and evening.

Thos. Vestal of Reese Creek, and wife were here Saturday but went out to Medford.

E. D. Rose, one of the prominent farmers and stockmen of Yanke creek, was here Saturday having his team shod.

Mrs. Amy Brown reports that she has had a hardwood floor put in her house and had it repapered and repainted inside and out so that it looks quite civilized. I asked her if she made Frank take off his shoes when he reached the door before entering.

I met Mrs. Lewis Robinson and her sister, Miss Hattie Hannaford Saturday afternoon at the Eagle Point public library.

I understand that A. L. Young and son-in-law intend to plant several acres of sunflowers for ensilage. Speaking of Mr. Young in my last letter I reported that his boys were in town with a team waiting for 2100 wee chicks, but I learned later that there were only 1500 came as the eggs did not all hatch. A clear case of counting the chicks before they are hatched, but Mr. Young says that the 2500 they have are doing fine.

Wm. Bigham, who is on the Joe Rader place, was here Saturday.

Charley Humphrey of Derby was hauling wood to town Saturday. Sunday morning the Eagle Point baseball team went to Antelope (Wellen) to play against the Antelope baseball team and came home Sunday afternoon almost crazy with excitement for they were on the winning side, the score standing Eagle Point 10 and Antelope only 8.

Mrs. M. H. Kenner and Mrs. A. F. Green of Los Angeles, who are members of one of the Bible schools there, who arrived here over a week ago, attended our Sunday school and made a start toward starting a bible class.

I did not reach home Sunday in time to meet the guests who came in for dinner, but I learned that there were quite a number and among them was Charley Clark of the Modoc orchard, Mr. and Mrs. R. G. Brown, and they had as their guests Mr. and Mrs. E. V. Strang of Medford. And later in the afternoon Mr. and Mrs. J. H. Phipps of Medford, Edward Vilas and his mother, Mrs. Vilas of Medford, Geo. Holman spent Sunday night.

## EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jaid Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jaid Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

## ROGUE RIVER

On Friday, May 12, the Civic Improvement club met at the library. Roll call was responded to by some comment on "Games", also on "Mother."

Two new names were presented and unanimously voted in as members. They were Mrs. Wm. Dennis and Mrs. W. D. Moore.

The club is to get some books to read that are recommended by the federation.

All members are asked to meet on May 20 prepared to spend the day at the cemetery cleaning up. Everyone will bring their own lunch, coffee will be served.

Mrs. Mansfield gave a reading on the Grand Canyon of Arizona.

There were seventeen ladies present. Next meeting will be held at Mrs. McVain.

A banquet was given the senior class by Prof. and Mrs. E. C. Browne at their home Saturday evening, May 13. Those present were Miss Alice Dennis, Miss Ruth Blakeley and Virgil Schultz.

Rev. W. Lee Gray left Monday morning for Portland expecting to return for next Sunday's services, and will continue as pastor of the Presbyterian church for the coming year.

The public welfare meeting was held at the library Tuesday afternoon conducted by Miss Faldine, the county nurse.

A large crowd turned out to see "The Arrival of Kitty," a play presented by the Gold Hill high school at the Rogue River Community hall, Tuesday evening.

There are anxious days around the school waiting to hear that magic word, "Passed." Then it's hurrah for the "good old summer time" and the "old swimmin' hole."

The 3d, 4th, 5th and 6th graders celebrated the close of school with a picnic Thursday at the park.

Graduation exercises will be held at Community hall Friday evening. The address will be given by the county superintendent. The graduates are Alice Dennis, Ruth Blakeley and Virgil Schultz.
