scribed something that would make me sicker but left hope for favorable results, and this Tuesday morning I am able to resume my daily task writing the Eagle Point Eaglets for the Mail Tribune.

While in Medford I met a few of my acquaintances from this part of the country but they were too busy to stop and talk and my time was also so limited that I had to hurry up as we were expected to start by 12 o'clock noon but took time to visit the office of the Mail Tribune and have a little chat with the editor and his bookkeeper, Mrs. Blakeley and congratulated her on her escaping the clutches of the gang of outlaws who appeared to be trying to convict her of wrongdoing to cover up their own doings in the Jacksonville Bank case.

After my return home I started out to gather material for this letter and found that there were but few people had been in that day and among them was Earl Tucker of Brownsboro and he made a hurried trip in the afternoon to our blacksmith so as to be ready to commence to cut his hay. I also met Wort Pool and he was here on the same errand, and while with them learned that the new canal, or rather the old one that has been enlarged, was in some instances causing considerable trouble along the lower side by leaking and more especially from the Bradshaw Drop on as in one instance the water burst out several feet below the ditch and tore a large place out of the side of the mountain flooding the land below, and I heard that it had done considerable damage to the Antelope orchard, and to the fruit but at a later date I met the foreman, Frank Haselton, and inquired of him and he said that about all the damage done was flooding the orchard so much that he could not do the plowing but no serious damage.

Mr. and Mrs. R. A. Weidman who own a farm and orchard on the Crater Lake highway were in town and as they are interested in the dairy and poultry business to a considerable extent, the question naturally came up as to cow feed, and he said in addition to his splendid hay crop they have planted five acres in sunflowers to make ensilage. Mr. Weidman believes in keeping the very best breed of stock and in having the very best of feed to bring results.

Miss June Hilman and her mother, Mrs. H. H. Hilman, who is working in the office of the Earl Fruit Co. in Medford were callers at the Sunnyside hotel Friday afternoon.

I received a card from Rev. H. G. Adams, the pastor of this circuit announcing that he expects to be here and preach both morning and evening, 11 a. m. and 8 p. m., next Sunday, June 4th.

There were quite a number of strangers here for dinner last Friday and later in the afternoon four came in late for dinner, but I was not at home to get their names.

G. A. Hansen of Brownsboro, was here Saturday and so was J. M. King of Butte Falls and James Culbertson of Lake Creek. They both came out on the Butte Falls stage and Mr. Culbertson went on up home on the Eagle Point-Lake Creek stage.

Mr. Aikin, the superintendent of the water system in the Medford district and four other men and a woman were here for dinner Saturday.

J. D. Patrick, our boss carpenter has taken a job tearing away some of the old buildings and a part of the rest on Mrs. Argyle P. Green's place that belonged to her father, the late J. J. Feyer. John Miller, another carpenter who has been employed on the same job while tearing off the roof of one of the old buildings fell through the roof, it being so rotten that it would not bear his weight, and hurt his side so that he is unable to work at present.

I notice that Miss Belford, the lady who has charge of the Stewart farm, about 2 1/2 miles northeast of here who has been spending the winter in the east, has returned to our midst.

Corbett Smith and his mother, Mrs. Mary Beale of Butte Falls, have been here visiting her daughter, Mrs. Sherman Woolley.

Charlie Cingade and family, L. Charley, formerly of the Brownsboro country but now of Medford, and his daughter, Mrs. Lee Bradshaw of Brownsboro, passed through here Saturday afternoon for the old home place.

Herbert L. Sutland of Fort Jones, Calif., was a diner at the Sunnyside hotel Saturday.

William Pruitt, wife and son Lawrence of Wellen, F. J. McPherson and family, George and Jerry Lewis were among the diners Sunday, Louis Daley, wife and baby and his father, John Daley, all of Medford, were out here Sunday afternoon visiting Mrs. Allie Daley.

Big Skaylin, with Wadhams & Karr Bros. of Portland was here for supper, and so was Roy Stanley and family and Nick Young.

There was quite an interesting ball game here Sunday afternoon between the Eagle Point team and the Gold Hill team. The game was closely contested from start to finish and the result was Eagle Point came out with their feathers drooping again as the score stood 8 to 9 in favor of the Gold Hill team.

O. C. Eldin and family and F. E. Fiedhoff and N. Campbell, Mrs. Chas. Wilkinson of Dead Indian Soda Springs; Ed Netting, A. M. Gay of Butte Falls, were here for dinner Monday, and so was Charley Brown who says that he is selling Ford's, Fordson tractors and Ford supplies for the C. E. Gates Co.

Miss Elsie Whaley of Butte Falls, came out Tuesday morning to visit her mother, who has been on the sick list, under the treatment of Dr. Holt for several weeks, and sister Rosa who is assisting at the Sunnyside. I am glad to be able to say that her mother,

Mrs. F. A. Whaley, has greatly improved and seems to be on the road to recovery.

Our town was almost desolated Memorial day so I only made two trips across to the postoffice, and the first time saw only one man and he was the Butte Falls stage driver who came in, but later in the afternoon Mrs. George Trefren, Mrs. William Abbott, her daughter, Mrs. William Welch, her son Orville Abbott and a young man by the name of Beck, Miss Elsie Whaley went home with them.

Last Friday morning I started for Medford with one of our old pioneers, Wm. Green Knighton, to consult our family doctor, Mr. Holt, on professional business, and after calling him on the phone and waiting a few minutes met him at his office where I met two men and a lady, each waiting their turn. After a careful examination he decided what was the ailment and prescribed what course to follow and as might be expected of a doctor, pre-
