

TRIP IS MADE UP NEIL CREEK TO ASHLAND QUARRY

Through advertising, personal interviews and pilgrimages to the quarry the Ashland Granite company is bringing to the people of the valley knowledge of one of the greatest and most valuable resources in Jackson county. Three miles south of the Pacific highway from the Neil Creek turnoff, six miles above Ashland, the Blair granite quarry, operated for the past six years by Mr. Walter M. Blair, is turning out as fine a monumental granite as can be found anywhere.

The above named company has been organized to purchase the Blair interests, install additional machinery and build up a large wholesale granite business. The stock of this new company is being offered to the people of this community as an investment. Every indication points to the fact that this quarry and the land going with it furnishes the foundation for a great enterprise giving employment to many people and producing good profits for the investors.

The company has arranged to make two trips to the quarry today for the benefit of the people of Medford and vicinity. Free transportation has been provided, the cars left at 8 a. m. and 1:30 p. m. The trip up the Neil Creek canyon was a pleasant one. The company announces that this week they will have ready for distribution an illustrated booklet of 16 pages which will be mailed free to any person requesting one. Application may be mailed or placed with Mr. Earl Meiling who is prepared to receive stock subscriptions in Medford.

SCIENTISTS REPORT STEADY GAIN IN CHURCH HARMONY

BOSTON, June 6.—The Christian Science church yesterday held at the mother church here the first annual meeting since the decision of the supreme court of Massachusetts in the controversy between the board of directors and the former trustees of the publishing society. It was announced today, Albert F. Gilmore of Bedford was elected president to succeed Rev. Irvin C. Tomlinson.

The directors in their report said steadily increasing unity and harmony were being manifested on all sides.

The report of the treasurer, Edward L. Ripley, said that \$192,053 was paid from the general fund during the year for legal expenses connected with the defense of the recent litigation and the expenses of rehabilitating the publishing society. Figures showed a balance of \$146,136 in the general fund on May 31, compared with \$271,110 a year ago.

The trustees of the publishing society reported an improvement in circulation since they took office on January 28.

OKLAHOMA PASTOR VICTIM ASSAULT

LAWTON, Okla., June 6.—The Rev. Thomas J. Irwin, who resigned as pastor of the First Presbyterian church here recently after being charged with conduct unbecoming a minister, was attacked and beaten last night near this city, he said today. Irwin would not talk about the alleged attack and few details were obtainable.

County officials who went in search of Mr. Irwin when he failed to return to his home last evening, telephoned that they had found him nine miles from here in a weakened condition. Most of his clothing had been torn from him, the officers said.

BE'SURE

of perfect results on bake-day. Don't spend your time in preparing bakings that contain expensive ingredients and be disappointed when you take them out of the oven. Use

CALUMET BAKING POWDER

not because it's the biggest selling brand on earth, but because it is absolutely the most dependable and economical of all leaveners.

When you employ Calumet Baking Powder you know that your bakings will raise properly because it contains more than the ordinary leavening strength.

Don't waste energy and money on uncertain aking powder — use Calumet, the "pure and sure" brand.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

FORDSON farms have that reputation. Early fall plowing is what keeps these farms free of weeds.

"That's easy to talk about, but how are you going to plow when the ground is so hard and dry, and the weather so hot that a team can't work?" That, probably is your objection to the formula.

"Use a Fordson-Oliver Plowing Outfit," is the answer. Heat and hard soil and dry weather don't bother a bit when you use Fordson power instead of horses. Early fall plowing with a Fordson tractor and an Oliver No. 7 plow will enable you to turn over the soil the time you know it will do the most good.
