Reduce Those Dangerous Swollen Veins

Physicians are prescribing and hospitals are using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and hives to become normal, but also reduces goitre, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and further more if this wonderful discovery does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Your druggist can supply you. Adv.
