ed, later to be preserved for countless years in solid ice.

The glacier which lies in great
cirques at the head of Rosebud river
is comparable to any of the big glaciers of the Rockies, the Park service
asserted. It is a safe glacier, having ciers of the Rockies, the Park service asserted. It is a safe glacier, having few crevices. The view from the glacier is described as exceptionally chesapeake & Ohio chesapea gincier is described as exceptionally fine, due to the towering sawtooth mountains about it, and the yawning canyons of the Rosebud below.
