

CHICAGO SHRINE SCORES HIGHEST SAN FRANCISCO

Medinah Temple in 5 Special Trains Takes Honors for the Largest Delegation—Night of Color and Song Spent—Dance Halls Busy.

SAN FRANCISCO, June 13.—Medinah Temple of Chicago has undisputed claims to the largest delegation here—1030. The temple is the largest in the United States, having more than 22,000 members, and its pilgrims to the shrine gathering, came in five special trains. Their cars are parked along the Embarcadero, and with telephone connections and other conveniences will be used as sleeping quarters—when they sleep.

SAN FRANCISCO, June 13.—Dull care, efficiency and business throw up their jobs today and let the nobles of the Mystic Shrine take over their work of running a city, for this was the official opening of the annual Imperial council of the ancient Arabic order, Nobles of the Mystic Shrine.

Beginning with a parade of all the hundreds of brightly dressed bands and patrols to escort the Imperial divan from the city's gates at the Ferry building to the Imperial council chamber in Scottish Rite auditorium and ending with the Imperial Potentates in the evening, the day was set aside for joy, for splendor— for music and for laughter.

Night was merely a darkish tinge in the sky last night. From sundown to sunrise bands decked out in all the splendor of old time. Arab dress enriched with modern sartorial improvements swung through the streets to new and old melodies. Other Shriners in thousands, marked by their bright foxes, watched from the sidewalks danced gayly in hotel lobbies, restaurants and tea rooms, sang lustily and

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allendru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allendru with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

laughed their way through the hours usually given over to sleep.

The parade orders called for the mingling of colors that taxed the capacity of the spectators, rioted noisily in violation of all laws of harmony.

At its head a place was set aside for the imperial potentate, Ernest Allen Cuts of Savannah, Ga., the deputy imperial potentate who will succeed him, James McCandless of Honolulu and other members of the imperial divan.

Lending official dignity to the procession, their duty was to hear the welcoming speeches of Governor Stephens, Mayor Rolph and Potentate Ira W. Colburn of Inland Temple of San Francisco, at the opening of the imperial council, and then to start the business session of the council. During the night and evening up to only an hour or two before the time for parade to start, belated trains of Shriners hurried into San Francisco to be ready for the opening.

ANNUAL TRIP OF MOTORCYCLES TO C. LAKE IN JULY

A gold medal to be awarded by the Harley-Davidson motorcycle company to the rider coming the greatest distance to participate in the Annual Motorcycle Tour to Crater Lake this July looks at the present time as though it would become the property of a trade journal writer who signs himself "Felixus," and who will make the trip from Philadelphia, Pa., on his motorcycle in order to take part in the run.

The United States Tire company has placed in competition a U. S. Traction tire and tube to be awarded to the nearest side car outfit checking in at Medford for the start of the run and the Firestone company will give a tire and tube to the solo rider with the nearest machine.

A Corbin-Brown speedometer will be awarded to the rider taking the best scenic picture en route. The picture must include his machine.

The run starts from Medford on the last Sunday morning in July and all machines which will participate will be in the city the Saturday preceding. Machines are coming from all parts of the United States and the run promises to be more widely attended than ever before.

This run is now an annual affair, having been instituted by W. R. Gaylord, local Harley-Davidson dealer, who states that the Gold Medal awarded by the Harley-Davidson company will also be an annual feature of the run.

Fatal Auto Accident Astoria
ASTORIA, Ore., June 12.—Miss Tennis Stewart of Seattle was killed in an automobile accident on the outskirts of Warrenton, Ore., this morning when a car in which she was riding upset on making a turn in the highway. Three other occupants of the machine were unhurt.

Good Help in Summer
Indigestion causes worry, nervousness, sick headaches, biliousness, coated tongue, bad breath, bloating, gas, constipation and constant distress. Henry C. Thorne, 1002 Harrison Ave., Boston, Mass., writes: "Since taking Foley Cathartic Tablets I feel fine. They cleanse the bowels, sweeten the stomach and invigorate the liver. Cause no pain, no nausea. No habit forming—just a good, wholesome physic. Sold everywhere."

DEATH OF MRS. KIRBY MILLER HELD ACCIDENT

EUGENE, Ore., June 13.—(Special to Mail Tribune.)—Remains of Mrs. Kirby Miller, former resident of Medford, who met her death by accidental drowning in the millrace near the University of Oregon campus Sunday morning, were sent to Portland today for cremation.

Services, if any, will be held in the Rose City, according to the drowned woman's daughter, Dorothy, who accompanied the body north. Miss Miller is a student at the university and plans to join her brother, Carl, who is in the theatrical business in Chicago, later.

According to Coroner W. W. Branstetter, the death of Mrs. Miller, who was a talented woman and well thought of in Eugene, was purely accidental. She had been in the habit of reading on the banks of the race in the cool and shady nooks and it is presumed she either slipped from the bank or that part of the bank caved in while she was walking on it.

How Mrs. Miller fell into the race is not known and will probably always remain a mystery. She was a well educated woman and has been in the habit of going to the banks of the race nearly every morning to read in the cool, shady nooks. Sunday morning she left home as usual and her relatives did not know she was missing until they heard the report of the body being found. Coroner W. W. Branstetter announces there will be no inquest.

Four University of Oregon girls, Margaret Russell, of Tacoma; Lillian Flint, of Roseburg; Florence Packard of Portland; and Anna Hall, of Merrill, were paddling up the race toward the portage when they discovered the body about three inches below the water and lodged against a limb near the bank. They called to F. J. Riding, who lives nearby on Franklin boulevard.

The coroner was notified and Mr. Riding helped put a rope around the body and haul it to shore.

FRENCH POLICY DEFENDED BY J. JUSSERAND

CHICAGO, June 13.—The course of France with reparations, her army and her part at the armistice conference were defended by Jules J. Jusserand, the French ambassador to the United States, in an address today at the commencement exercises at the University of Chicago. The ambassador denied that France was militaristic, declared French had been more lenient with Germany than the Germans had been with the French after 1870, and asserted that the ambitions of France in the Washington conference, "were in reality modest ones and aimed only at resuming in

naval power as well as foreign trade, industry, agriculture, etc., the rank we had held before the war."

PARIS, June 13.—(By the Associated Press.)—France will be represented at the conference at The Hague on Russian affairs by a group of experts, the cabinet decided today.

The idea of having Charles Benoit, the minister at The Hague, take part in the preliminary conference was abandoned.

Hailstones more than half an inch in diameter fell at Bend Sunday afternoon in the course of a violent thunder storm. No great damage was reported.

Gandhi's Successor Is Arrested for Sedition

LUCKNOW, British India, June 13.—Quereshi, who succeeded Mohandas Gandhi as editor of Young India, has been arrested on a charge of publishing seditious articles.

The Central Kaliphat committee has adopted a resolution declaring civil disobedience unavoidable. "In view of the hostile attitude of the British cabinet towards the Kaliphat question and the continuous repressive policy of the government in India."
