A FINE ORGANIZATION.

ONE OF THE most useful organizations in Medford is the least
noisy. Also the least ostentatious, namely the Greater Med-
ford club.

For years this organization of representative Medford women has
quietly but effectively supported and assisted every movement de-
signed to make Medford a better place in which to live. Enlighten-
ed, progressive and broad minded, it has reserved its energies for
those things which are a benefit to all and, therefore always worth
while.

The present rose show for Prosperity Week is a typical example.
The Greater Medford club has taken hold of this important feature
and as usual made it a complete success. In fact, there is scarcely
a cause, which this organization has ever gotten behind, which
hasn't been a complete success.

And everything is done with so little fuss, with apparently so
little effort. That is what has aroused our enthusiasm, particularly
at the present moment. For this is a noisy and rambunctious period.
If the Greater Medford club would only make its secret public, a
great blessing would be conferred upon their city and their country.

GANG SPIRIT GONE RIGHT.

A GROUP of boys, in an average residence community, had
made themselves a pirates' den with boards and shingles pil-
fered from various building operations in the neighborhood and
from the cellars of their own homes. To live up to their name they
carried on picaresque exploits involving the disappearance of a gal-
lon of ice cream intended for some one's party, the entire crop from a
neighbor's peach tree, and a pie set on a window sill to cool. None
of the boys were bad individually, but as a gang they lived in a
dream world of adventure which carried them into serious mischief.

There was one father who didn't condemn the gang. In fact, he
confessed to approving a gang, only he felt that this particular gang
had started off on the wrong foot. He had a friend at the Y. M. C. A.
who knew about boxing, baseball, basketball and other valuable
sports. First thing the pirates knew, they were working their
heads off to earn the money needed to join the association. There-
after they were so taken up with swimming contests, basketball
games, hikes and such affairs that they just didn't have a minute left
for stealing pie or smashing windows.

It is an old story with many well known variations. It isn't
always the "Y" leader who comes to the rescue. The supervised
public playground, the Boy Scout movement, the well managed pub-
lic park, the parent who points the way unobtrusively to the right
sort of activity, all play important roles in making the gang spirit
and boundless energy of boyhood forces for safe and happy growth.

CHANGE OF BASE.

FROM southern seas the authors come, astride of sharks and
whales; the island graft is out of plumb, and now it's desert
tales. They fed us up on hidden reefs and all that coral bunk;
and now they turn to desert chiefs, who're equally as punk. They
wearied us with blue lagoons, and damsels dark and fat, and
now they hand us Bedouin prunes, and let it go at that. Some
gifted damozel or dame produced a Bedouin tale; it brought her
seven kinds of fame and fourteen kinds of kale. When this oc-
curred the authors all were earning bread and cheese, by writing
stories, large and small, about the southern seas. But when they
saw that desert chiefs were strictly in the swim, they passed up
all their coral reefs, horizons far and dim. The dusky damsels,
promptly canned, were left in native state; and to the wastes of
shifting sand the authors pulled their freight. For southern seas
I hold no brief, but they are better far than is the lighthouse Be-
douin chief who's now the fiction star. And now for weary
months, gadzooks, the desert stuff will reign, until the sandy
line of books gives every one a pain. And then at last some
chap will write another kind of tale, and all the authors, in a
night, will camp upon his trail.

SIZE, strength, resiliency, a
really safe tread, good looks
—these are the outstanding
points that are making Fisk
Cord Tires the standard for tire
value today. With no excep-
tions, Fisk Tires challenge com-
parison with those of any other
make. The Fisk appeal is to the
man whose judgment directs
the spending of his money.

There's a Fisk Tire of extra value in every size,
for car, truck or speed wagon

ROLLER SKATING
BEAR FEATURE
'49 CELEBRATION

None of the old timers hereabouts
were willing to commit themselves
today as to whether or not there were
any roller skating bears in the days
of '49, but the American Legion is
going to have Alice Todd, the roller
skating bear, do her stuff at their
pioneer celebration Thursday night,
whether or not she might be classed
as a pioneer.

Society Hall, chairman of the cele-
bration committee has been busy
signing up attractions for the cele-
bration and announces a program
which will take up every minute of
the time allotted. Dance hall girls,
nervous Chinamen, old time fiddler,
horse racing and other stunts are in-
cluded in the general admission
entertainment.

The legion is anxious that every-
one who possibly can will appear in
pioneer dress. The celebration is in
honor of the pioneers and to prop-
erly enter into the spirit of the oc-
casion gentlemen should not come
armed with automobiles and the ladies
should not wear French heels—they
didn't have 'em in '49.

BEFORE BABY COMES

Watchful Care of Health Necessary

Lydia E. Pinkham's Vegetable Compound a
Marvelous Help

West Orange, N. J.—"I was very
nervous and upset for six months be-
fore my baby was born. One of my
friends told me to take Lydia E. Pink-
ham's Vegetable Compound and I
have taken it for five months now. I
have a big boy who weighed almost
nine pounds at birth and I do all my
housework and don't feel a bit nerv-
ous or upset any more. I still take
your medicine and have told all my
friends what good it has done me."
Mrs. MARGARET GREGORY, 440 Valley
Road, West Orange, N. J.

West New York, N. J.—"The first
two months I carried my baby I was
in bed almost every day with sick
headaches. I tried Lydia E. Pink-
ham's Vegetable Compound and the
first bottle helped me. I took seven
more and I know I couldn't feel bet-
ter than I did. The headaches stopped
and I was able to do my own work. I
have a baby girl six months old who
weighs twenty pounds and is the pic-
ture of health."—Mrs. J. McCoy, 297
20th St., West New York, N. J.

Nervous and Run-Down

Biloxi, Miss.—"Just a word of
praise of Lydia E. Pinkham's Vegeta-
ble Compound. I took it with won-
derful results before my baby was
born. I was so nervous and run-down
that I was a wreck of misery. I had
pains in my sides and back so bad
that I could not stay still or sleep
nights. My husband was reading your
'ad.' in the paper and I decided to try

your Vegetable Compound. After I
had taken half a bottle I felt a change
and was soon as well as ever. I took
it the whole time and recommend it
to every woman who is suffering as I
was. People said that because I was
so young I would never pull through
and I praise your Vegetable Com-
pound for my good health."—Mrs.
ENOCH J. STEVENS, 889 Fayard St.,
Biloxi, Miss.

Chicago, Ill.—"I recommend Lydia
E. Pinkham's Vegetable Compound
for all prospective mothers. I suf-
fered from weakness and faint spells
and had to lie down twice a day for
an hour or so before I could go on
with my work. My cousin, who lives
in Wisconsin, has used your Vegeta-
ble Compound for over five years and
she came to us for a visit and she
recommended it to me, saying she
would pay for the bottle if it did not
help me. I took that bottle and got
help. I found it gave me great re-
lief. I recommend it to my friends
and sisters and am willing for you to
use these facts to help others."—
Mrs. I. J. KUBINSKI, 1813 W. 17th
St., Chicago, Illinois.

Lydia E. Pinkham's Vegetable
Compound should be taken by ex-
pectant mothers. It will assist them
in keeping well and strong. This is
necessary not only for their own
comfort but for the future as well.
It helped these women. It has
helped many others.

It Costs You More
to rot buildings than it
does to let paint save them

CHECK the costs. Compare
the prices of lumber and
paint. They will show you how
extravagant it is to allow build-
ings to depreciate for lack of
paint.

And buildings do depreciate
rapidly unless they are painted
when they need to be. Paint
saves the lumber. It protects
your investment.

To enjoy the biggest saving in
painting, use the best paint. It
spreads more easily—saves labor
cost. It covers more surface per
gallon than "cheap" paint.
It serves five or more years
longer than "cheap" paint.

The best paint is most econom-
ical because it is scientific in
formula and preparation. We
have been making best paints for
73 years.

They contain the finest mat-
terials. Our white lead, for in-
stance, is PIONEER WHITE
LEAD. It is super-purified and

ground so fine that it will pass
through a silk screen with 30,000
meshes to the square inch.

So with the other materials—pure
linseed oil, pure zinc and pure colors
—all of the finest quality, combined
in Fuller's Paint in scientifically exact
proportions with long-time skill.
