

STAGE DRIVER MAKES PUBLIC HIS EXPERIENCE

Nudelman Declares He Can't Help Praising Tanlac for Ending His Seven Years of Stomach Trouble—Gains 11 Pounds—Wife Is Also Benefitted.

"After a man has suffered as long and as much as I have he can hardly help praising the medicine that restored him to health," said M. Nudelman, 441 Ross St., Portland, Ore., who operates an auto stage between Portland and Vancouver.

"For six or seven years I suffered terribly from stomach trouble. My appetite got down to almost nothing and the gas and pains in my stomach almost drove me distracted. I also suffered from constipation and had awful headaches. I had rheumatism in my legs and feet so bad I could hardly drive my car and was so nervous and upset, life was simply miserable.

"But Tanlac has built me up eleven pounds in weight and put me in the best of health again. I can eat anything I want without any discomfort, am no longer worried with constipation or headaches, and the rheumatism has entirely disappeared. My wife has also taken Tanlac with splendid results. It certainly is a grand medicine."

Tanlac is sold by all good druggists. Adv.

TRUCK CARAVAN TO TOUR OREGON IN DEMONSTRATIONS

Leaving Portland within the coming week, a number of manufacturers and distributors of nationally known power farming and industrial equipment will tour the state, giving a series of demonstrations covering a period of approximately three months. The caravan will use the highways exclusively, utilizing trucks, tractors and trailers to carry or haul the equipment.

Associated in the enterprise are the Ford Motor company, featuring Ford Trucks and Fordson tractors, the Standard Oil company, Oliver Chilled Plow Works and allied manufacturers of a complete line of farm implements for which the Oliver concern is the Northwest distributor, the Ersted Machinery Manufacturing company, showing the Ersted hoist; Talbot & Casey, with the Trillmobile and a number of tractor specialties and attachments; Parsons-Gordan company, northwest distributors of the Lee Line trailers, contractors' dump bodies and similar equipment; the Francis Motor Car company with Hercules truck bodies for various commercial and industrial purposes; Modern Appliance company, demonstrating Delco Light and a number of electrical specialties, including many for use in the modern farm home; to which exhibits innumerable features will be added to meet local demand for special demonstrations of a widely varied character.

In the neighborhood of 40 trucks and tractors will be required to handle the entire apparatus. It is estimated that approximately 4000 miles shall have been covered by the date of the final demonstration. Cooperating with the exhibitors will be their respective local representatives in about 150 cities, towns and villages in Oregon and a portion of Washington along the Columbia river. More than 50 mechanics, drivers, lecturers and technical experts will participate in the various demonstrations.

The itinerary will be announced within a few days, but it has been definitely determined that the caravan shall proceed under its own power southward to the California line, making brief stops en route and withholding actual demonstrations until the caravan reaches its extreme southern destination at such points as Ashland, Medford and Grants Pass, from which points a return will be made for a huge show in the vicinity of Portland before leaving for towns and cities elsewhere in the state.

The entire plan was originated by W. H. Goodwin, Portland branch manager of the Ford Motor company, who staged a similar project in western Washington a year ago.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty years and proved safe by millions for

Colds Headache
Toothache Lumbago
Earache Rheumatism
Neuralgia Pain, Pain

Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

GOOD ATTENDANCE AT LECTURES ON BIBLE QUESTIONS

A large crowd attended the stirring lecture on "God's Revealed Plan," Evangelist T. L. Thuemler opening a series of meetings which he plans to continue throughout the months of July and August, at the canvas pavilion on the corner of S. Ivy and Eighth streets. The location is ideal, and the pavilion is well seated, furnishing a cool and comfortable place to spend the warm evenings. A song service is conducted from 7:45 to 8 p. m. at which time the preaching service begins.

The speaker took for his text Rom. 1:16. "I am not ashamed of the Gospel of Christ, for it is the power of God unto salvation." He said in part:

"The Gospel is not only the revelation of the power of God, but it is the power. It is impossible for good resolutions to bring the power to make one better; as well might a man try to lift himself by his boot straps as to try to raise himself above his sinful life without a power from without. But the gospel is the remedy for man's depraved condition, in it he finds the power unto salvation from a life of sin. The Gospel was a power in Noah's day, saving eight souls by water, for it was by the word of God the world was overflowed with water in the days of Noah. It was by this same gospel Moses brought Israel out of Egypt, for it was by the word of God they were redeemed out of the house of servants. It was with only three people this mighty task was accomplished, Moses, Aaron and Miriam.

These and many others might be mentioned who are witnesses of God's power; but there is no more striking manifestation of the power of the gospel than is given in a regenerated life.

A man who has lived a life of self-serving and sin, suddenly comes in contact with the gospel, which is the power, and instantly he begins a new life. His thoughts are changed, and he is indeed a new creature.

In the lives of men and women is given a testimony concerning the invisible power of the Gospel of God, in them it is clearly seen.

Jesus likens the Gospel of the Kingdom to a grain of mustard seed, "which when it is sown in the earth is less than all the seeds that be in the earth," but "it groweth up and becometh greater than all herbs." So it is with the Gospel.

The purpose of these meetings is to lead all to seek a connection with the power of God, and thus become witnesses for God. We desire to enable our hearers to get a firmer grip on this good old gospel than ever before, and to place them in connection with that great power, and earnestly pray that this meeting may have that happy termination.

Subject tomorrow evening: "Will the Old Book Stand?"

STAR OF 'SALLY' TO MARRY J. PICKFORD

BOSTON, July 7.—Miss Marilyn Miller, movie star and leading lady in "Sally," which is having a run here, will be married during the first week in August to Jack Pickford, brother of Mary Pickford, and himself a movie star, in Hollywood, Cal.

This was announced today by Miss Miller's sister, Claire.

VANDERBILT IN BAD AS SLEUTH IN MURDER CASE

NEW YORK, July 7.—Walter S. Ward, wealthy baker's son, charged with the murder of Clarence Peters, was not normal before the killing, according to the testimony of his brother, Ralph D. Ward, before the Westchester county grand jury, made public today. The minutes of the grand jury were turned over to Ward's lawyers by court order recently over the protest of District Attorney Wicks.

When asked by the jury if his brother was in good health, Ralph Ward replied, according to the testimony: "No, I don't think he was; at least he wasn't normal."

Mrs. Ward, wife of the accused, whose testimony also was made public, threw light on a newspaper story written by Cornelius Vanderbilt, Jr., to the effect that Ward, after being lodged in jail, had visited his home one night before being released on bail. In denying the story, she told the jury that the young reporter had tried to interview her on a sympathy plea.

She said Vanderbilt sent in his card, asking if he could see her because he was in "great sympathy with me." She said Vanderbilt was very insistent upon seeing her, but she positively declined to see him.

Before the grand jury was discharged it handed up a presentment denying Vanderbilt's story.

DULUTH SCULLER WINS AT HENLEY

HENLEY-ON-THAMES, July 6.—(By the Associated Press.)—Walter M. Hoover of the Duluth boat club today won his first heat in the diamond challenge sculls of the royal Henley regatta, defeating R. J. C. Tweed of Cambridge university by a length and a half. His time was 10 minutes 41 seconds.

In another heat for the diamond sculls, A. A. Barnes of the Commercial Rowing club, Brisbane, Queensland, defeated Earl, Great Britain, by one-half length. The time was 9 minutes 35 seconds.

Hoover's first heat was little more than a practice paddle over; the wind swept Henley course which was lashed into miniature breakers by a gale that reached 40 miles an hour. After a burst of speed at the start Hoover was satisfied to take it easy with a long quick stroke. At the finish he was hardly winded.

Operation Not Successful

"16 years ago I was operated on for appendicitis and later operated again for gall stones. Neither did me any good and I suffered all kinds of torture since. Five years ago I took Mayr's Wonderful remedy and have felt no symptoms or pain since. All stomach sufferers should take it. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists."

OUTLINE PLANS OF COUNTY FAIR AT MEETING TONIGHT

Retail merchants, wholesalers and bankers are to meet at the office of the Medford Chamber of Commerce this evening at eight o'clock to consider the part which they are to take to make the county fair a success.

The rural districts are being covered by representatives of the Jackson County Farm Bureau and a big showing of farm and orchard products is assured. It remains now for

the business men to do their part, and it is for this purpose that the meeting is to be held this evening.

As the building program progresses the people of the county are beginning to realize the vision which the directors of the fair association had when they asked voters to contribute funds for the improvements which are being made.

Within the next three years the Jackson county fair will be more than a county fair, providing every business man and farmer co-operates to the fullest extent the first year to show the possibilities of the project. No other activity will have the drawing power to this county as will the fair, nor can there be a better educational medium provided the farmer to make him prosperous.

The fair this year must not merely be a financial success, but its effect must be far-reaching in the prosperity and growth of the county.

HEALTH

The selection of the proper food depends entirely upon the age, occupation and state of health of the individual for whom it is chosen. But the proper preparation of the foods selected for the table depends upon the housewife and the methods she uses in cooking.

Boiled potatoes if served every day in the week, become tiresome. Fried potatoes if served every day in the week, are unhealthy. The human system demands a variety of food well cooked.

Westinghouse Automatic Electric Ranges cook all foods evenly and perfectly. Broiling, searing, baking, frying—in fact any form of cooking that can be done on an ordinary range, can be done on a Westinghouse Automatic Electric Range.

The ovens are used for boiling vegetables by the automatic temperature control. By using both ovens of the 3-19B Range, the average family can cook a whole dinner automatically.

Over 150 Satisfied Westinghouse Electric Range Users in the Rogue River Valley
