## RECALL VOTE ORDERED BY COUNTY CL'K

Election Will Be Held 20 Days From Tomorrow Or August 1st—Expense to Be \$3000 Or More—Ashland Ministers Issue Statement Assuming Responsibility.

County Clerk Chauncey Florey announced this afternoon that he would call the special election for the recall of Sheriff Charles E. Terrill. The call will be issued tomorrow, which will throw the election on Tuesday, August 1st.

"There has been considerable contention on both sides regarding the legal phases of this matter," said the county clerk, "and I have opinions from the state attorney general and the district attorney upholding the position that signers do not have to be voters at the last general election. I am personally satisfied that there are enough in the 1700 names to complete the required 1235 names. There is nothing for me to do but call the election."

Every possible legal phase of the matter was gone into before the final step was taken, entailing an estimated expense of between \$3000 and \$4000. The candidacy of D. M. Lowe, farmer and fair exhibit collector, who will make the race against Sheriff Terrill was also confirmed.

Responsibility for the promoting of the recall is taken by the Revs. W. Judson Oldfield and C. F. Koehler of Ashland, in a column article in the "Open Forum" department of the Ashland Tidings of yesterday. The claim is made that the Ministerial associations of Ashland and Medford, and the W. C. T. U. of the same cities, back the movement, though it is known that local ministers are divided on the issue.

The letter urges citizens "not to becloud the issue" by believing reports that the Ku Klux Klan is back of the recall, which the recall is referred to as a "righteous movement." The exploded charge that Sheriff Terrill "was drunk at Kingsbury Springs" is reiterated, and the claim made that affidavits are ready to prove other allegations against the sheriff.

The letter then closes: "It is a politics of that unsavory kind which is always with us, has lifted its head to shout the praises of the sheriff and to endeavor to retain him in office. For various motives many people, who are of the highest character and cleanest purposes, have joined hands with this political enterprise. But it is not strange that those who have rallied to the defense of Terrill are for the most part those who are thought to be liberal in the interpretation of the 18th amendment?"

The writers are confident that if the Christian people and the law-abiding people of the county permit this recall to go by default, that they have dealt a staggering blow to political cleanness, moral integrity in government and law enforcement. Shall the boozers rule at the courthouse, or will the citizenry of the county show those who govern there that they must rule justly or be turned out of office?"

## HAGUE UNITED UPON ALL RUSSIAN ISSUES

THE HAGUE, July 11.—(By the Associated Press)—The European delegates under instructions from their governments decided this afternoon to adopt a united front on all questions before the Russian conference, more particularly on the treatment of confiscated property. A definite line of action has been agreed upon. This includes the putting of specific questions to the Russian delegates relative to the restitution of property on which their attitude is declared to be unsatisfactory. Upon the answers depends whether the conference can be continued.

**Resume Naval Recruiting**  
 WASHINGTON, July 11.—After a year's suspension, recruiting for the navy, under orders published today, will be resumed. Sixty-five thousand men will have to enlist or re-enlist in the coming year in order to keep the navy up to the 86,000 men authorized under the naval appropriation bill.

## Santy Brought Pistol, Girl Avenges Father, Mex. Gives Sympathy

MEXICO CITY, July 11.—The shooting of Deputy Francisco Tejada Lloera, by which 15-year-old Maria Del Pilar Moreno avenged her father's death, has provided Mexico with a sensation. Popular sympathy is with the child, who, armed with a small revolver given her last Christmas by her father, the editor of El Heraldico De Mexico, set out alone to satisfy a "crime which apparently Mexican justice was unable to touch," she declared.

## NEW YORK WINS FIRST GAME OF CRUCIAL SERIES

Outfield Errors and Freak Home Run Factors—Ken Williams Lets Ball Into Bleachers—Wild Throws Let in Winning Run.

New York	2 7 0

NEW YORK, July 11.—The New York Americans made an effort to regain the leadership in their championship race today when they tackled the St. Louis Browns in the first of a four-game series, the most important played in the American league so far this season.

St. Louis got off to a one-run lead in the first inning. Tobin greeted Bush with a long single to right. Gerber fouled out and Sisler's infield out advanced Tobin to second. Williams knocked him home with a single to center. Williams was caught napping off first by Bush. New York tied the score with two out in the second inning on a freak home run by Ward. Ward hit a hard liner to deep left and Williams extended his gloved hand in the air for the drive, but batted the ball into the bleachers for a home run.

New York took the lead with a tainted run in its half of the sixth. Ruth hit a tower fly to short right and when Tobin muffed it, Ruth headed for third. Tobin followed with a second error, a wild throw over Robertson's head and Ruth scored. Pipp singled, but never left first.

Williams rolled out to Pipp to start in the ninth. McManus drew Bush's first base on balls. Jacobson then smashed into a double play giving New York the victory by a score of two to one.

The game was the best Bush has pitched for New York since he came to the Yankees and the third time New York has defeated Shocker in succession.

## FEDERAL MOVES TO KEEP MAIL TRAINS MOVING

B & O. Reports Unable to Operate in Ohio, Owing to Strike—Other Reports Are Unverified—Govt. Prepares to Suppress Disorders.

WASHINGTON, July 11.—The government stood ready today to assist in the suppression of any disorders which may arise from the strike of railway shippers to interfere with transportation of the mails or the movement of interstate commerce. Appointment of a number of deputy marshals has been authorized by Attorney General Daugherty.

This policy will be continued wherever justified and required, the attorney general stated. The announcement of the department of justice failed to check today the stream of reports to the postoffice department of interference with mail service.

S. H. Crisler, superintendent of railway mail service at St. Louis reported in telegrams to Postmaster General Work that 3000 miles of railway mail service on the Wabash railroad were not being operated. Mr. Crisler added that the fuel situation was serious because of the apparent impossibility of getting coal moved over foreign lines from the mines for use by the road.

Postmaster General Work received from C. W. Galloway, vice president of the Baltimore and Ohio railroad company, the following telegram today: "The Baltimore and Ohio was obliged to annul the operation of its train No. 46 from Flora, Ill., to Shawneetown, Ill., yesterday morning and on that account was unable to perform United States mail service between these points on account of action of strikers who would not permit our officers and employees who were on the ground at Flora to make up trains."

## JAPAN STARTS IN TO REDUCE ARMY

TOKIO, July 11.—(By Associated Press). Still further reductions of the Japanese army below those announced July fourth, are contemplated by Minister of War Yamashita.

The minister made this statement in reply to attacks launched on him by the house of peers and by the Selyukai, the ruling political party. It was charged that the suggested army reforms did not complete the demands of the diet.

## DECLINE IN WINTER WHEAT SHOWN BY JULY CROP REPORT

SPOKANE, July 11.—A decrease of more than 4,500,000 bushels in winter wheat estimated from 27,253,000 bushels on June 1, to 22,677,000 bushels on July 1, is noted in the monthly crop report of the agricultural statistician of the United States department of agriculture, made public here today.

In the same time spring wheat showed a decrease of 3,590,000 bushels, from 17,613,000 bushels to 14,023,000 bushels. Dry weather during June is blamed for the big drop. It was estimated that on July 1, 2 per cent of the 1921 wheat crop or 1,035,000 bushels, remained on farms, against 1,139,000 bushels or 3 per cent, a year ago.

The potato acreage in the state shows a 9 per cent over 1921, standing at 69,000 acres. Skagit, Spokane and Whitman counties showing increases. The estimated production is 3,184,000 bushels, against a crop of 7,425,000 bushels last year.

## EXPECT RAILWAYS TO BOOST PROFITS EXPRESS CONTRACT

NEW YORK, July 11.—The Association of Railway Executives today made public the terms of a new contract recently entered into between a majority of the American railroads and the American Railway Express company by which the railroads are expected to increase their earnings \$10,000,000 a year.

The new contract, which replaces the one expiring March 1, 1923, provides that the railroads shall receive 85 per cent of the revenue from express business and shall have more voice in determining the expenses to be incurred by the express company in handling their business and if the profits of the express company exceed six per cent on its property investment, the excess, up to eight per cent shall be equally divided between the company and the railroads.

## CONFRONT NATION WITH BIG DEFICIT RUNNING EXPENSE

WASHINGTON, July 11.—The government faces a net deficit of \$425,000,000 for the current fiscal year, President Harding today informed the second annual business meeting of federal executives. Receipts for the year, the president said in addressing the meeting, were estimated at \$3,974,000,000, and expenditures at \$4,399,000,000, leaving an apparent excess of expenditure amounting to \$697,000,000 reduced, however, by the general balance of \$272,000,000 in the treasury on June 30.

The president said the prospective deficit was "a challenge to us all, adding that "the past year's experience has demonstrated that we need not be unduly concerned over such prospective deficits when we have the benefit of budget organization and of your co-operation."

## FREAKY WEATHER IN MIDDLE WEST HURTS AND HELPS

Crops Aided By Rain and Property Damage Extensive—Kansas City Has Cloud-burst—Heavy Toll in Dakotas and Nebraska.

CHICAGO, July 11.—(By the Associated Press)—Midwestern states are recovering today from the effects of hail, rain and wind storms which swept over Iowa, Illinois, Missouri, South Dakota, Nebraska and Kansas yesterday causing extensive property damage and some loss of life.

In sections of these states where the precipitation was not excessive, reports said crops were benefited in some places the rain breaking excessive droughts.

A cloudburst at Kansas City late last night flooded the streets, washed automobiles away from the curbing and overburdened storm sewers. Lighting systems in Kansas City and vicinity were severely hampered. Unofficial records placed the precipitation at two inches in ten minutes.

## TREASURY OFFICIAL TO QUIT JULY 15

WASHINGTON, July 11.—Information was received at the capitol from treasury officials today that Elmer Doherty of Tacoma, Wash., assistant secretary of the treasury in charge of customs and internal revenue and one of the principals in the Blair-Dover controversy, had submitted his resignation, effective July 15.

Secretary Mellon at the time was attending the cabinet meeting, and Mr. Doherty was not at his office. The information which was returned as fairly authoritative was that although Mr. Doherty asked to be relieved of his post July 15, efforts were being made to have him remain for an additional sixty or ninety days.

## COUNTY OFFICIALS IN GRAFT MIX-UP

SEATTLE, July 11.—Every effort will be made to secure an immediate trial for three King county commissioners charged in indictments returned by a special county grand jury with grand larceny in connection with the leasing of the King county ferry system to Captain J. L. Anderson, Walter Fulton, attorney for the accused men, announced today.

The commissioners, Claud G. Ramsey, Thomas Dobson and Lou C. Smith, through Mr. Fulton issued a general denial of the charges but declined further comment.

## Yakima Business Men Loom As Witnesses In Jointists Trial

YAKIMA, Wash., July 11.—Sydney Livesey, county prosecutor, announced today he would file an information charging "Mother" Burns and J. B. Williams, whose alleged resort was raided some days ago, with being jointists and would file abatement proceedings against the property. Williams is alleged to be a former secretary of the Yakima trades and labor council. There were 18 present as customers when the place was raided, the number including some of the leading business men of the community and Livesey says they will probably be called as witnesses.

## MORATORIUM TO GERMANY LIKELY FOR WAR DEBTS

BRITISH AND FRENCH PREMIERS CONFER—NO PAYMENTS FOR BALANCE OF THIS YEAR HELD ONLY WAY OUT—U. S. DELEGATE ATTENDS.

PARIS, July 11.—(By Associated Press). A moratorium on Germany's cash payments for the remainder of this year was thought in circles close to the reparations commission to be quite probable as a result of a conference today between Dr. Fischer, chairman of the German war debts commission and all the members of the commission in a hurriedly called informal session.

LONDON, July 11.—(By Associated Press). Premier Poincare of France probably will be invited to London immediately for discussions with Prime Minister Lloyd George on the reparations question as affected by present conditions in Germany, according to official circles here.

Great Britain and France are in close communication concerning Germany's financial position which came from the British cabinet meeting today.

## NO CONFIRMATION OF BANDIT'S DEEDS

MEXICO CITY, July 11.—(By the Associated Press)—Dispatches to the American state department from the Tampico oil region, describing renewed activities by the bandit, Gorozave, are without confirmation here. Instead, semi-official statements are that the rebel activities have been exaggerated and that the entire district is virtually tranquil.

Representatives of oil companies are inclined to believe the situation is not so peaceful as the government insists, although they lack direct word from Tampico.

## INJUNCTIONS MAIN ISSUE RAIL STRIKE

U. S. Marshals to Enforce Orders Against Picketing—Peace Still Distant—Railroads Claim Shop Crews Near Full Quota—Section Hands Sympathetic.

CHICAGO, July 11.—(By Associated Press). Injunctions, troops, deputy marshals and armed guards in increasing numbers marked developments today in the nation-wide strike of railway shopmen.

Peace, judged by even the most promising indications, was no nearer than a week ago when the striking workmen were outlawed by the federal railroad labor board and all channels to settlement by negotiation thereby closed. Claims of the roads today were generally that they were surmounting the difficulties of the strike and would be able to man their shops fully soon.

The strike leaders asserted that their suspension was practically 100 per cent effective. Hundreds of injunctions against picketing by the shops issued yesterday throughout the country today were being enforced by augmented forces of deputy marshals at various points where the railroads have determined to continue operations with non-union labor. At still other points, state militia troops guard the shops.

A tense situation prevailed at Bloomington, Ill., where five companies of state troops were guarding the Chicago and Alton shops, which had been practically closed since the beginning of the strike. Additional troops were expected. Road officials announced that imported workers would arrive in Bloomington in the afternoon.

Leaders of the shop strike expressed themselves as well pleased with the success of the strike so far as detailed reports on the actual number of men out began to come in to union headquarters here today.

The reports indicate that nearly 50,000 maintenance of way men and shop laborers went on sympathetic strike with the shop men, according to Charles G. McGowan, assistant to B. M. Jewell, head of the shop crafts.

TOPEKA, Kas., July 11.—Governor Henry J. Allen received a telegram from President B. R. Rosh of the Missouri Pacific saying that in view of the protection offered by Kansas and the promise of an adequate coal supply no trains would be taken off by the road in Kansas.

## ATTEMPT TO WRECK TRAIN IN NEVADA

SAN FRANCISCO, July 11.—An attempt to wreck Southern Pacific train No. 24, a local between Oakland and Hazen, Nev., by the placing of three telegraph poles on the track at a point near Hayward, Alameda county, last night is being investigated today by officials of the railroad and Sheriff Barnett of Alameda county. The train smashed through two of the poles and was brought to a stop when it struck the third, the train crew reported to the company.
