The first dance of the season will take place at Crater Lake tonight. An orchestra of students from the University of Oregon arrived in Medford this morning and left on the stage for the lodge. Besides the orchestra there will be marshmallows and "hot dogs" to roast and it is expected to be a lively and amusing evening. In former years there has been only an amateur orchestra made up of those guests and employees who could play some instrument. This splendid dance orchestra will be quite an improvement and an added attraction at the lodge.

Inexpensive Method of Reducing Dangerous Swollen Veins at Home

Doctor's Recent Discovery. Also Heals Ulcers, Boils, Carbuncles, Abscesses and Open Sores in a Few Days.

The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or bunches you can start this today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moore's Emerald Oil besides being one of the most powerful antiseptics capable of destroying the most pernicious germs and the poisons caused by them, is also a marvelous healing agent.

One application for instance stops the itching of eczema, and a few applications causes the eruption to dry up, scale off and completely disappear. It is equally as effective in barber's itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins or get rid of eczema, ulcers, boils, abscesses, piles in a few days, should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you.
