RAIL STRIKE

Unions Carry Case to White House-50,000 Motor Vemicles May Handle Mails-Jewell Places Blame On Railroads-Violence Officfally Deplored.

The Strike Situation.

President Jewell of the shopmer telegraphed an appeal to Presiden Harding stating that the executive's proclamation of July 11 was based on "Incomplete information."

Postmaster General Work inform ed President Harding that fift thousand motor vehicles could be mo bilized within 24 hours to move the

Railway and union officials and rail labor board members appar-ently suspended peace activities temporarily.

It was announced that strike

orders are being sent out to the clerks on the Chesapeake and Ohio. Baltimore and Ohio annulled eight

trunk line passenger trains between Chicago and the east.

WASHINGTON, July 13 .- (By the WASHINGTON, July 13.—(by the Associated Press)—Post master General Work today prepared a letter to President Harding notifying the executive that a survey prepared by all departments of the government showed that a thoroughly organized fleet of 50,000 motor vehicles could be mobilized within 24 hours should the railway shopmen's strike further interfere with the United States mails. the movement of

CHICAGO, July 13,-(By the Associated Press)-The striking shopmen carried their case to the White

men carried their case to the White-House today.

The move marks a new phase of the mation-wide suspension, now in its fourteenth day, and gave prom-ise that the next step toward a set-tlement might be in the form of ac-tion by the president. Such action as was taken by the chief executive in the coal strike is suggested by the new move of the shop crafts lenders. move of the shop crafts leaders

WASHINGTON, July 13 .- The re sults of the survey were forwarded to the president as a matter of in-formation, but there was no official indication that the use of motor cars to carry mails was being seriously considered.

considered.

The prevailing belief in Washington was that should the president's warning against interference with the mails be disregarded, stronger measures were contemplated.

The postmaster general planned to notify the president that a fleet of motify the president's graded road to connect with the caves.

They decided to instruct the oner to furnish estimates for the existence of the different states would be asked to arrange matters so that every state-owned machine and government vehicle would be placed at the command of the postal authorities.

There are eight co-ordinators identified with the bureau of the budget in different parts of the country, and these federal officials may be asked

to co-operate with the postal authorities. So completely have arrangements been perfected that postoffice department officials feel, they said, that the stellar arrangements of the stellar area of the said. that the strike no longer can cause finnoyance so far as mail move-ments are concerned.

CHICAGO, July 13 .- B. M. Jewell head of the railway employes depart-ment of the American Federation of

violation of the labor boards position

by the railroads. Union headquarters of the shop reported violence in connection with the walkout and declaring that the organized union strikers were con-ducting an "orderly, well disciplined

The statement threw the blame for any lawlessness or irresponsible per-sons, aggravated by the presence of troops, railroad "gunmen" and Unit-ed States marshals. The strikers sought the support of public offic-ials and the press in preserving law and order, the statement said, con-tinuing.

tinuing: "No violence, was the first and is

RECORD BREAKING APPLE CROP, AND

Oregon Estimate Placed at 1,451,000 Barrels-U. S. Output at 10,000,000 Barrels-Potato Production Is Biggest Since 1917.

CHICAGO, July 13 .- Immense pro duction of apples and potatoes in the United States this season is expected. according to a statement issued here today by the federal bureau of agricultural economics. The apple yield looked for exceeds

by more than 10,000,000 barrels the crop gathered last year. Potato pro-duction indicated is the largest since

the bumper crop of 1917.

Predictions of the apple crop in the

Michigan 1,542,000; Virginia 1,522,000; Oregon 1,451,000. The total commer cial crop is estimated at 31,313,000 bar-rels, compared with 21,204,000 barrels in 1921.

An approach to half a billion bushels of potatoes is the forecast of the com-ing crop, the actual estimated total be-lng 428,607,000 bushels, as against

346.823,000 bushels in 1921. The output of the five leading states in 1922 is calculated as follows: Minnesota 42,905,000 bushels; Michigan 35,516,000 bushels; New York 34,-714,000; Wisconsin 34,538,000; Maine 25,575,000.

GAS TRUST

Standard Oil Divides Country Into 11 Marketing Districts. and What Court Tried to Abolish Flourishes - Interlocking Companies Blamed for Situation-

WASHINGTON, July 13 .- Assertg that "monopolistic situation" with respect to gasoline prevailed over the entire country due to the fact that interlocking stock owner-ships in the several Standard OII companies, "have perpetuated the very monopolistic control which the ourts sought to terminate," the fedral trade commission recommended n a report to congress today the enactment of legislation prohibiting common stock ownership in corporalons which have been members of a combination disolved under the Shernan law.

Dealing specifically in the report with conditions in the gasoline trade in Montana and adjacent states, where the commission declared the crude petroleum producer and the gasoline consumer were "both at the mercy of the Standard through a moropolistic system created in 1910," the commission comes to the conclusion that "concerns in other sections of the country are not radically different

"Today the entire country." the report asserted, is divided into eleven Standard gasoline marketing territories in which a standard markcting company is the dominating factor and in which there is no real competition between Standard units. This monopolistic situation is possible under the terms of the Standard Oil dissolution deree by which the different Standard ompanies are for legal purposes supposed to be strangers to each other, but there is generally known to be an interlocking stock ownership in he different concerns which has continued the very monopolistic control which the courts sought to termin-
