

LATEST POLITICAL BLOC FORMED BY AUTOMOBILE MEN

OLYMPIA, Wash., July 22.—The automotive organization is strong enough to let the voters know its needs in the way of legislation, according to Lynn Shaw, assistant general manager of the National Automotive Trade association at the Washington Automotive Trade association convention here today. Mr. Shaw declared that the organization was the greatest selling force in the United States disposing of 1,500,000 automobiles and one billion tires and repair parts last year. He advocated establishment of a "motor bloc" as the method of getting necessary legislation. Governor Louis F. Hart gave a short address in which he brought out that although the amount paid in license by automobile owners exceeded \$2,800,000 last year, all of which goes into roads, that other taxpayers had for years back been building up the highway system of this state and that the motor people were getting back dollar for dollar in roads.

James Allen, supervisor of highways, declared the greatest tourist asset will be completion of the paving of the last 37 miles of the Pacific highway, which he indicated would be done next year.

L. D. McArdle, director of efficiency spoke on the activities of the highway patrol and Fred J. Doherty, director license, told of the work in his department.

ANOTHER STORM HITS OMAHA, DAMAGE BIG

OMAHA, Neb., July 22.—Thousands of dollars damage resulted this morning from a wind, rain and electrical storm that raged in the vicinity of Omaha. Falling trees and limbs blown down by a 44-mile an hour wind, crippled telephone and telegraph service within a radius of fifty miles of Omaha according to telephone and telegraph company officials.

Two large steel smokestacks at the Cudahy packing plant here were twisted into such shape that it probably will be necessary to tear them down.

Latest Arrivals at Auto Camp Grounds

Twenty-seven cars occupied by 91 persons stopped at the city auto camp last night. Those registered are as follows: W. A. Moore of San Jose, on the way back from Portland; Myers brothers of Stockton, Cal., who may locate here; G. A. Buchner of Bellingham, Wn., en route to Medford; P. Skell of Palo Alto, Cal., en route to New York; T. B. Howard of Saxon, Calif., en route back home from the north; M. Smith of Portland who may locate here; T. Myers of Stockton, who may locate here; J. H. Harris of Oakland, Calif., en route home from the north; W. H. Bergman of Billings, Mont., en route to Crater Lake; K. Clark of Indianapolis, Ind., en route to Oakland, Calif.; G. A. Martin of Eagle Point, en route south; T. F. Suttle of Vallejo, Calif., en route to Crater Lake; R. C. Castro of Portland, en route back from the south; N. Baldwin of Blue Lake, Cal., en route north; J. G. Taylor of Centerville, Calif., en route north; J. W. Shutt of Anacortes, Wn., en route south; H. J. Henry of Sacramento, en route to Portland; R. Sargent of Richmond, Cal., en route north; C. Allman of Sacramento, en route to Seattle after having visited Crater Lake; Q. R. Onterton of Seattle, en route north; J. R. Ross of San Diego, going to Coeur d'Alene, Idaho; Fred West of San Francisco, en route north; O. D. Snyder of Helena, en route south; A. Millsap of Great Falls, going to Los Angeles; H. C. Carr of Portland, going to Crater Lake; T. F. Chapin of Pasadena, en route south; and F. L. Meloe of Los Angeles, going to Seattle.

NATIONAL STRIKE ASKED (Continued from page one)

men were forecast today on the basis of a statement by L. F. Loree, president of the Delaware and Hudson railroad and chairman of the eastern presidents' conference that the carriers in this part of the country were planning to form company unions. These, he said, would consist of the new employees and those who remained at work when the strike was called.

Under this plan, whenever future labor difficulties arise, each railroad would negotiate separately with its men through the company tribunal.

State Police on Duty
BOSTON, July 22.—The state police were on duty at several railroad centers in Massachusetts today. Their mobilization was ordered last night by Governor Cox who in a proclamation appealed to public peace officials to strive to preserve the "inalienable right to work."

The proclamation declared "Massachusetts cherishes its good name and is ready now to use every force at its command whether civil or military."

WASHINGTON, July 22.—Chairman Hooper of the railroad labor board arrived here today from Chicago and went into conference with President Harding on the strike situation.

The president's list of engagements for the day had been arranged so as to allow an immediate conference of as great length as the conference might desire.

WAR'S AFTERMATH BRINGS GOOD TIMES TO THE HOLY LAND

JERUSALEM.—No one who knew the Holy Land in the days of the Turkish regime can fail to note the great changes that have taken place through out the country since the close of the war.

The Turkish army stripped Palestine of its animals to such a degree that when the American Red Cross arrived in June of 1918 there were many villages without a single ploughing animal, and neither sheep nor goats were seen on the hillsides. Today it is not uncommon for an automobile to come to a standstill on the principal streets of Jerusalem to allow a flock of hundreds of sheep and goats to pass by, and out in the country the gray hillsides are covered with thousands of these animals. Italy gets a large amount of her glove material from the kids of Palestine.

Whereas much still remains to be done, a great improvement already has been made in the character of the work animals. The army left behind it tens of thousands of horses, mules and donkeys, but even better than this the natives seem to have learned valuable lessons in the care and feeding of stock, so that today the horses of the public carriages in Jerusalem are far sleeker and finer than ever they were before the war.

Farm produce of all kinds brings a much better price than formerly; hence the villagers are prosperous and indulge in luxuries undreamed of in pre-war days. The markets of Jerusalem were never before supplied with such a wealth and variety of delectable articles, and vendors of lemonade and ice-cream do a thriving business. In the dry-goods, clothing and shoe stores the most fastidious can find French and English, and to a lesser degree American goods, for which they did not even look in pre-war days.

It is interesting to note the changes in the villagers. Formerly they nearly all walked to Jerusalem, even from a distance that took them four and five hours. Now public automobiles run out into the country for 10 miles and have largely monopolized transportation. The charge for a ride is 50 cents, formerly the price of a day's work. The roads are now almost deserted by pedestrians, but American motor cars pass frequently. The road and the horn of the educated villager has been scrapped by the modern American self-filling fountain pen.

\$2,500,000 in Gold Arrives in N. Y. for British War Debt

NEW YORK, July 20.—Gold bars valued at approximately \$2,500,000 consigned to J. P. Morgan and company, for the account of the British government, arrived here today on the steamship Homeric. This makes a total of more than \$40,000,000 in gold received from the British treasury in the last three weeks, the proceeds from its sale presumably to be used as part payment of the \$125,000,000 interest due on the British war debt to the United States in October.

PASSENGER AGENT DRIVES A JITNEY

WALLA WALLA, Wash., July 19.—With District Freight and Passenger Agent Miller acting as engineer, fireman and conductor, a Northern Pacific "auto special" left here at 10:35 o'clock this morning for Pasco with three passengers and some baggage. The passengers had purchased tickets before word was received of the annulment of the regular S. A. m. train so Mr. Miller decided to take them over by auto. Clearance papers, running orders, etc., were prepared for the "special" which pulled out promptly on time amid the cheers of the station crew.

Advent Christian Church (Not Seventh Day)

Meet in Legion hall, upstairs in the Medford National Bank Bldg. Bible school at 9:45 a. m. S. L. Babb, supt. Come and study "the word" with us. Preaching at 11 a. m. Subject, "Foraking the Assembly." No evening meetings until further notice. You will be welcome to any or all services. We will endeavor to make you feel at home with us. Irvin Duray, pastor.

Sailor Drowned Silver Lake

BELLINGHAM, Wash., July 22.—J. Phelan, a fireman on the battleship New York was drowned early today while swimming at Silver Lake, about three miles north of here. Phelan was a member of a party of sailors who went to Silver Lake yesterday on a fishing trip. His home is at Jersey City, N. J.

Woman Giant Dies

CHICAGO, July 22.—May Walsh, 7 feet, 6 inches tall and said to be the tallest woman in the world, died today at the Municipal tuberculosis sanitarium.

FIVE-YEAR-OLD ATLANTA GIRL ANTONISHES MUSICIANS WITH ABILITY AT PIANO

Little Elizabeth Morgan of Atlanta, Ga., who is astonishing the southern musical circles. She not only reads selections by the old masters, written in four sharps and four flats, but she transposes and improves her own "pieces" which confirm to all rules of harmony. This little girl astonished her family by playing the "Star Spangled Banner" when she was 18 months old. She learned her music before she knew her A B C's.

EXPECT ARREST OF BILL WHITE TODAY

TOPEKA, Kas., July 22.—(By the Associated Press)—The arrest of William Allen White, Emporia, author and Editor, for displaying a poster sympathizing with the striking railroad shopmen probably will be made today, it was announced by Governor Henry J. Allen, this morning.

The announcement followed a personal report to Governor Allen by Judge J. A. McDermott of the industrial court on his pilgrimage to Emporia late yesterday and of his failure to persuade Mr. White to remove the poster from his newspaper office window.

The test to determine whether the display of the poster is a violation of the Kansas industrial court act will follow Mr. White's arrest, but meanwhile the governor stated "the strike cards will have to come down from every window in Kansas."

Leroy Hull, Governor Allen's stenographer, left on the noon train for Emporia to deliver to County Attorney Boynton the information for a warrant for Mr. White's arrest. The information was drawn in the attorney general's office. When Hull left, it had not been signed, the intention being to have the county attorney sign it. In case he declines Hull will sign it.

CALL OUT TROOPS IN TEXAS PRIMARY

AUSTIN, Texas, July 22.—Texas rangers under command of Captain W. L. Wright were ordered on duty at Corpus Christi today to maintain order at the polls during the democratic primary. Charles M. Crawford, assistant adjutant general, in making this announcement, did not disclose the reason for the order.

RUSSIAN OFFICERS TO FIGHT FOR CHANG TSO

VALDIVOSTOK, July 5.—(Correspondence of the Associated Press).—General Chang Tso-Lin's agents are in Vladivostok and trying to recruit Russian officers and soldiers to fight against Wu Pei Fu. The recruiting campaign is meeting with some measure of success as in these hard times there are a number of officers and soldiers ready to fight for anybody who will pay them.

The pay offered is said to be good. It is practically the only opportunity for wages that the city is offering. Real commerce is dead. How the population, reduced to the verge of beggary, will live through the winter is a problem that will be difficult to solve.

Garment Workers Strike

NEW YORK, July 22.—The International Garment Workers' union has ordered its 50,000 members to suspend work for a week beginning next Tuesday. Nearly 3000 plants will be affected by the order, which was issued to compel small contractors to recognize the union.

Nebraska Race Still Close

Omaha, Neb., July 22.—(By the Associated Press).—With only three precincts missing from the state's 1913, the vote in the race between Charles Randall of Randolph and Adam McMullen of Beatrice, for nomination for republican governor at 3:45 p. m. today stood: Randall 49,041; McMullen 48,378.

POLICE MAY FORCE TURKISH WOMEN TO DRESS ALIKE

CONSTANTINOPLE.—Some optimistic and determined Turks are attempting to persuade the women of the land to adopt a standard form of dress. Optimistic, because Turkish women seem no more inclined to wear a uniform than would their sisters of London, Paris and New York, and determined because the Committee de la Mode is thinking of calling upon the police for help in carrying out its plans.

"Where are the women who would consent to have imposed upon them an antique and strange costume found today only in museums?" is one of the questions hurled at the reformers. "Where is the woman who would recommend such a costume to another? Can a Turkish woman of old world Stamboul dress like a modern harem of aristocratic Pera? Nationalist fanaticism is an excellent thing, but only 'within limits'."

The committee, in answer to these and sundry other attacks, has announced darkly it is working on a scheme to put over its project, the application of which will be placed in the hands of the municipal police.

Cashier of Chicago Bank Falls Off S. P. Train at Dunsmuir

OAKLAND, Cal., July 22.—Walter Tatje, cashier of the National City bank of Chicago, is lying seriously injured in an Oakland hospital today as a result of having accidentally fallen from a Southern Pacific train at Dunsmuir in northern California last night. He suffered a possible fracture of the skull.

LUMBER PRODUCT 'N' BREAKING RECORD

TACOMA, July 22.—Lumber production in the northwest for the first six months of 1922 has, with one exception, broken all records. This was made known today in the semi-annual report of the West Coast Lumbermen's association, compiled following the mid-year mill inventories.

For the first six months of the current year production in the northwest was just one per cent below the record established during the first six months of 1920. It was 68 per cent above the production for the same period last year. New business during 1922 has exceeded 1920 figures by 29 per cent and the 1921 sales by 56 per cent. Shipments are nine per cent above those of 1920 and 53 per cent above those of last year.

NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly everyone around me knew of your medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as I would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAS. BAKER, 21 Spencer Ave., Hornell, N. Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?
