

COLONEL MUNDY TO TAKE CHARGE TRIGONIA WELL

Col. J. F. Mundy, of Medford, may be down but like the Salvation Army man he is never out. The colonel, known to practically everyone in Southern Oregon could write his check for a quarter of a million once upon a time. Now he can't. But he is determined to come back and come back strong, and while nearly everyone locally has become discouraged over the oil prospects in Jackson county, the colonel hasn't. He is positive there is oil here and in paying quantities, and by a contract recently closed, he is taking over the Trigonía well to prove it.

The contract is an odd one. Probably such a contract has never been drawn up in Southern Oregon before. Colonel Mundy and three experienced Pennsylvania oil men, W. McWilliams, Harold and Virgil McWilliams, have already started to continue the drilling of the Trigonía well. Neither the colonel, nor the McWilliams will get a cent for their work unless they strike oil in paying quantities. But if they strike oil, they get \$250,000 worth of Trigonía stock. That is the contract.

So Colonel Mundy wants a few spuds, some bacon and bread to feed himself and men during the process of getting this oil. He doesn't ask for money. He would just as soon have a cord of wood as a ten dollar bill, for there must be fuel to work the drill.

In the opinion of the colonel's friends, the people of Medford will be glad to give the colonel a lift in such an undertaking. Not only would the discovery of oil be a benefit to everyone in Southern Oregon, but everyone assisting the colonel will be on the ground floor if oil is secured. And the colonel intends to secure it.

IRISH NATIONALS ARE VICTORIOUS

DUBLIN, Aug. 3.—(By the Associated Press.)—Further progress for the Irish national army in its drive against the irregulars of the south is reported in a message from Thurles today which says the town of Cashel has been captured by the nationalists. The fall of Tipperary enabled the free state forces to advance on Cashel, thus proving the way to further advance on Clonmel, the irregulars' stronghold where Eamon De Valera is making his headquarters.

Overnight reports were that the insurgents were in general falling back toward the south and southwest.

In Dublin isolated fights are continuing.

K. K. K. DEFEATED IN OKLAHOMA

(Continued from page one)

lated returns began coming in early today. With 3420 out of 3848 precincts in the state reporting, he had a lead of 7879 over Breckenridge Long, former third assistant secretary of state in the Wilson cabinet. The vote for these precincts stood: Reed 184,566; Long 176,787.

CHARLESTON, W. Va., Aug. 3.—With 364 precincts missing this morning, Senator Sutherland maintained his lead over H. C. Ogden, the Wheeling publisher for the republican nomination for United States senator.

Returns from 1729 of the 2053 precincts in West Virginia gave Sutherland 48,161; Ogden 43,623.

H. M. Neely increased his lead over Mrs. Izett Jewell Brown for the democratic senatorial nomination. The vote was Neely 47,453; Mrs. Brown 31,254.

THREE KILLED IN GUN FIGHT, S. F., THIS MORNING

SAN FRANCISCO, Aug. 3.—A nation-wide hunt for Walter Castor, suspected of the murder of Mrs. Anna Wilkens in an automobile holdup, ended today when Castor, trapped in his mother's home here by a police detail, shot and killed Detective Tim Bailey, his sister-in-law, Mrs. Robert Castor, and himself, and perhaps fatally wounded Detective Ernest Gable.

Dinan saw Castor in a rear bedroom reaching for a pistol. The officer drew his own pistol and Castor rushed from the room and fired. Detective Bailey, a veteran on the force received the bullet in the heart and attempted to stagger out the front door. He fell on the threshold dead.

Attempts to Escape.

Castor then rushed to the rear of the house in a supposed attempt to escape. He was met by Gable and the other two officers there and shot Gable in the eye. Then he rushed back to where Dinan and Mrs. Castor were standing over the body of the dead officer and with a curse opened fire on the woman, according to Dinan's statement. Then he shot and killed himself.

Gable was rushed to an emergency hospital, where his injuries were pronounced serious.

Husband Suspected.

Castor was being sought in connection with the shooting and killing of Mrs. Anna Wilkens, wife of Henry Wilkens, a garage owner on the night of May 26. Wilkens is in custody on a charge of murder in connection with the shooting.

Mrs. Wilkens, mother of two small children, was shot and killed while returning from a picnic with her family in their car. Later Walter Castor and his brother Arthur were arrested as suspects, but were liberated when Wilkens failed to identify them. Certain activities of Wilkens in regard to the shooting were regarded as suspicious by the police and he was arrested on a murder charge. A like charge was sworn out against Walter Castor. Wilkens was bound over to the superior court for trial, while a county-wide hunt was instituted for Castor.

R. R. STRIKE BEATS TIME

(Continued from page one)

Carl Spradley was killed during an exchange of shots at VanBuren, Ark., between guards in the Missouri Pacific shops and men said to be strikers. The dead man's brother, Will Spradley was wounded but will recover, physicians say.

At Jackson, Mich., several were slightly injured when more than a thousand strikers and sympathizers, including many women and children, attacked non-union workers leaving the shops of the Michigan Central railroad.

Eighty strike sympathizers attacked more than 60 workers in the Chicago Great Western shops at Des Moines, Iowa. One man was severely injured and a dozen of the workers were missing when police stopped the fighting.

Three special guards of the Southern Pacific at East Bakerfield, Cal., were fired on.

At Lincoln, Neb., more than a hundred men, women and boys, said to be strikers and sympathizers, attacked the home of a Burlington route car foreman with bricks and stones. A demonstration before the home of another worker was broken up. Four non-union employees of the Missouri, Kansas and Texas, were beaten at Upton, Texas, by fifteen men said to be strikers.

A strike sympathizer at Springfield, Ill., was sentenced to thirty days in jail for violating a federal injunction by tearing one of the printed injunction notices from a telegraph pole.

The Chicago, Milwaukee and St. Paul was granted a temporary restraining order forbidding interference with workers in Helena, Mont.

JULY TESTS SHOW COWS OF VALLEY ON A VACATION FOR MONTH OF JULY

One hundred and ninety cows were tested in Jackson county in July, of which 33 are found in the 40 pound list. This is the season of bovine vacations accounting for the low average and the smaller number of animals on test. The average per cow is 552 pounds of milk and 26.35 of fat. E. B. Poyer again heads the list with a herd average of 50.15 of fat and 1031 of milk. An average of 855 of milk and 39.37 of fat was made by the 16 Jerseys owned by R. E. Robison of Talent.

The twenty high cows are:

ENGLAND'S DEBT WILL BE PAID UNITED STATES

LONDON, Aug. 3.—(By the Associated Press.)—That Great Britain has no intention of suggesting any alteration of her financial obligations to the United States was re-emphasized in the house today by Sir Robert Horne, chancellor of the exchequer, in reviewing the British position on German reparations.

"I wish to make it clear beyond all question of misapprehension," declared Sir Robert, "that we recognize to the full our obligations to pay our debts to the United States and we do not mean in any shape or form to evade that obligation."

The foundation of the Earl of Balfour's note was the payment of the debt to the United States, declared the chancellor.

"But while this is so we are not blind in this country to the colossal burdens imposed on the nations of the world at the present time in the indebtedness of one nation to another," he said, "and we hold very strongly the view that there is no graver impediment to the recovery of the world from the ravages of war than existence of that debt."

Sir Robert pointed out that the British debt was greater than that of any other nation, amounting to 7,566,000,000 pounds sterling, compared with 5,147,000,000 for the United States and 6,340,000,000 for France. The British debt was 181 pounds sterling per head of the population, the French 162 and the American 47, he showed, and in these circumstances it was impossible to make the British taxpayers alone shoulder the payment of the war debts.

"If only the nations which fought side by side in the war had been willing to regard their subscriptions to the war as contributions to the common success," he continued, "we might have been able to rid the world of many causes of irritation and plant in the heart of humanity a new and inspiring hope."

WASHINGTON, Aug. 3.—Great Britain's note to her debtor nations suggesting cancellation of the whole interrelated indebtedness will cause no change in the policy of the United States towards its foreign loans, it was stated officially today at the treasury.

Secretary Mellon was represented as taking the position that the American debt commission must continue negotiations for funding the obligations owed this country without regard to the disposition evidenced by Great Britain to wipe out international war time indebtedness.

Moreover, Mr. Mellon was understood to feel that inasmuch as Great Britain has officially acknowledged her debts to the United States and indicated a willingness to liquidate them, and had announced the sending of a financial mission in September to discuss arrangements for payment there should be no hitch in the proceedings. Also, according to the treasury view, British statesmen in parliament have repeatedly described the American debt as an obligation to be met.

While to a certain extent the British note was regarded by the treasury as making more difficult an already complicated international financial situation, it was not considered as affecting the position of the United States toward foreign debts or nations.

As the note was not addressed to the United States, Mr. Mellon was said to hold the view that no official cognizance of its transmission would be taken by this country.

SIX ARE INDICTED

(Continued from Page One)

riding outrages, and this is taken to include the well known "Don't Smudge," and "I know All" letters, that were received by local people last spring. It is also reported that a little known episode that was supposed to have been engineered to furnish campaign material, during the late recall election, will be investigated, inasmuch as one of the laws of Oregon was walked all over, in its consummation.

Absolutely nothing is known regarding the work of the present grand

Jury, and all stories of indictments, are baseless and without foundation of fact.

Terrill Thanks Supporters

Sheriff Terrill, victor in the recall election, has received a dozen or so of letters from points throughout the northwest, congratulating him on his winning.

The sheriff Wednesday afternoon issued the following statement:

To the Voters of Jackson County:

I wish to thank you for your expression of confidence in my conduct of the sheriff's office.

Your answer to the dirty and ridiculous charges preferred against me has given me renewed courage and I shall try to pay you in strict attention to duty, as in the past.

Respectfully,
C. E. TERRILL,
Sheriff Jackson County.

MAY NOMINATE DEAD MAN

(Continued from Page One)

The gubernatorial race is a four-cornered affair between former Governor Benton McMillan, Austin Peay, General Harvey H. Hannah and L. E. Gwinn.

In the congressional races, Cordell Hull, chairman of the democratic national committee was defeated in the 1919 republican landslide in Tennessee and is not opposed in the fourth district. Representative F. B. Garrett, minority leader in the house is opposed by W. W. Craig of Ripley. Representatives Davis, Byrnes and Fisher are unopposed for renomination.

Would Name Padgett.

Representative Lemuel P. Padgett, who died in Washington yesterday, was a candidate for renomination and his friends declare that, though he is dead, they will make every effort to renominate him.

There are contests for the democratic nomination in the eleventh, eighth and ninth districts and for the republican nomination in the first, second and third districts. The democrats expect to make a fight to regain the third, fourth and eighth districts, which they lost to the republicans two years ago.

Governor Alf Taylor, incumbent, is unopposed for the republican nomination for governor. Republican candidates for the senatorial nomination are former Senator Newell Sanders of Chattanooga; Thomas F. Peck, present commissioner of agriculture; Henry B. Anderson and John W. Farley, the latter two of Memphis.

A chair has been patented with a back that can be adjusted to several angles or converted into a typewriter table, while the seat contains a shoe polishing outfit.

QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on seven bottles now and am so happy that I am all over these bad feelings."—Mrs. B. LANSER, 1839 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age

Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

PATIENT GIVEN WRONG DOSE TO SWALLOW, DIES

SEATTLE, Aug. 3.—The mistaking of barium sulphide for barium sulphate, investigators for Coroner W. H. Corson said today, caused the death yesterday of Rev. Cameron S. Morrison, formerly of Olympia, rector of the Protestant Episcopal church of the Epiphany, of this city.

M. P. Dix, pharmacist from whom Mr. Morrison purchased a package of drug, declares the mistake was not his.

Dr. C. P. Bryant Monday instructed Mr. Morrison to buy and take barium sulphate in preparation for an X-ray examination. Tuesday Mr. Morrison went into Dix's drug store. After the purchase he expressed his satisfaction that he had obtained what he wanted in the first place he entered. He swallowed the drug that evening and began at once to suffer pains and dizziness. He was under Dr. Bryant's care until death.

"Mr. Morrison asked for barium sulphide and that is what he got," said Dix. "I had no barium sulphate in the store, and would have told him so at once."

Mr. Morrison was 42 years old.

"We use barium sulphate daily in X-ray work," said Mr. Bryant. "It is as common today in its application and its sale as bicarbonate of soda. When I discovered the label on the bottle I was amazed. In fact I knew nothing about sulphide of barium, nor did my associates, Doctors Watts and Alton. We looked up the latest works on toxicology and could find no reference to barium sulphide, although barium sulphate was a subject exhaustively treated."

Italian Strike Ends.

ROME, Aug. 3.—(By the Associated Press.)—The ministry of the interior announced this afternoon that the general strike which was proclaimed throughout Italy three days ago in protest against fascist reprisals against communists was declared ended at noon today.

Jackson County Fair, Medford, September 13 to 16.

Two kinds of friction

It has been proved that as much as 20% of the power delivered to the driving wheels may be lost through friction, due to the use of an incorrect oil.

This friction may be of two kinds—the friction of metal on metal, due to the failure of the oil to preserve a lubricating film between the bearing surfaces, or the friction of oil on oil—the internal, molecular friction of the lubricant.

Too heavy an oil, or an oil lacking in "oiliness"—the quality that makes it cling to the bearings while at the same time offering a minimum of internal or fluid friction—constitutes a direct drain on the available horsepower of your motor.

The right body at all operating temperatures

Made from carefully selected crudes and scientifically refined by our patented high-vacuum process, Zerolene has great "oiliness." It clings to bearing surfaces, while offering in itself a minimum of frictional resistance to the engine power.

Zerolene maintains the right lubricating body under all conditions. As the engine gets hot, bearing clearances decrease. Analysis of Zerolene shows that the variations in its body, at the various engine temperatures, follow in close relation the decrease in bearing clearances.

Because of their "oiliness," stability and purity, Zerolene oils give perfect lubrication and help to develop the maximum power, speed and gasoline mileage of the car.
