

### BIG WOODMEN'S PICNIC ASHLAND PARK LABOR DAY

ASHLAND, Aug. 9.—Arrangements are being shaped for holding, on Labor Day in the local parks, one of the biggest Woodman picnics on record. Some have discovered that the railroad men also are to picnic here on that date. So be it. There is plenty of room for one and all. The Woodman outing is now being contemplated as a merger of the Modern Woodmen and Woodmen of the World units in fraternalism in which the camps of both orders throughout Jackson and Josephine counties will participate. There will be a speaker of statewide reputation, games, and other sports, also dancing. On Wednesday evening of this week a committee from Mahogany Camp No. 6565, M. W. A. of Ashland, will meet with Woodmen at Medford to discuss arrangements and perfect details. This committee includes G. W. McNabb, F. L. Nutter and H. R. Barnard. The dinner will be a picnic affair, to which Woodmen and their families are invited. The orders will supply coffee and trimmings on a pro rata basis. The public in general will be admitted to join in games and dancing privileges, and prizes will be offered for those excelling in athletic feats. On Saturday night, Aug. 12, the M. W. A. camp at Talent will adopt a large class, and this event will imply a social gathering on a big scale. As a preliminary to the Labor Day picnic here, it will afford an opportunity to further plans for the rousing celebration in Lithia park on Monday, Sept. 4, in which camps of Ashland, Medford, Central Point, Talent, and Grants Pass, as representing the M. W. A., will take a leading part in conjunction with the W. O. W. on a 50-50 basis.

One of the Hardy brothers, who used to be employed at the local creamery, will succeed to the position of bookkeeper at the Enders department store a place vacated by F. J. Shinn who will soon return to Bremerton, Wash.

While visiting the Grants Pass caves recently, George Kramer, who very carelessly carried a tallow dip instead of the regulation highpowered flashlight, accidentally stubbed his toe on a stalagmite. In stumbling, he hit his dome on a stalactite, and as a result about a ton of shale was released from

### Crater Lake Lodge Overlooking the Lake

overhead moorings and was precipitated with dull and thickening thud, blocking all trains for several hours. The shock was severe, in fact as far away as Eureka they inquired into a slight tremor of earthquake. Until a wrecking crew removed the debris, cave dwellers said that the interior looked like the Cow Creek canyon after a spring freshet.

On Wednesday of this week the Baptist Missionary society merged a business session with a picnic social. "Christian Education" was the topic discussed preliminary to a feast from well-filled baskets.

On Friday evening of this week, preliminary to their leaving for the north to remain indefinitely—their absence to be prolonged for a year at least—Mr. and Mrs. F. J. Shinn will be guests at a gathering at the Presbyterian church, a social leave-taking; informality, testifying to appreciation for these estimable people by co-workers and friends in general. In returning to Washington, Bremerton being the objective, they do not go to a locality as strangers, having resided up north for years previous to coming to Ashland. Since residing here Mr. Shinn has been actively identified with the business life of the community. As a member of the city council he has been an efficient factor in expediting every phase of municipal development along progressive lines, the city's routine business matters always receiving careful and prompt attention. Both Mr. and Mrs. Shinn have been pillars in furthering all phases of church work. They are exponents of mutual

helpfulness, and along social lines their characteristic geniality is a perennial wellspring of pleasure to many friends.

While Carroll Holmes is teaching, Charley Moore is helping as salesman at the Holmes grocery.

Recently Mrs. T. K. Bolton received a visit from a sister residing in Massachusetts, whose stay hereabouts was shortened by a summons to return home on account of illness in her family.

By way of diversion from customary modes of transportation, Blanche McLean and Eunice Grubb, instead of driving a car, made the trip on ponies rated at two horsepower.

It is reported that last Saturday night over 100 tons of hay were destroyed by fire on the Murphy ranches east of town. Following after the extensive fire in that vicinity earlier in the week, this loss is particularly distressing. It was thought that all vestige of the former blaze had disappeared.

Dr. Kinz is receiving a visit from a relative, Charles Miller, of Richmond, Cal., employed by the Standard Oil Co. Both are from Ohio, and are reveling in retelling incidents of former days that occurred in the old Buckeye state.

The old realty and insurance headquarters appears more familiar still by the reappearance of the genial presence of G. F. Billings, returned from a vacation passed at Newport.

The local gas office has another manager, Byron Chuter having removed to San Francisco.

Half the offices and stores in town have new assistants pro tem, regular help having fled to lakes, mountains, and the seashore.

The Yreka fair comes late in September this year, and in nowise will conflict with dates of the big Jackson county show at Medford.

Another dance at Jackson Springs, Wednesday evening, Aug. 9. The Talent Community club is devising ways and means to purchase a piano, hence has staged this popular diversion.

### CITY ASKS AID FOR TYPHOON VICTIMS

HONG KONG, Aug. 9.—(By the Associated Press)—Chinese overseas are being appealed to by the Chinese Chamber of Commerce here to aid their stricken countrymen at Swatow, the port 250 miles north of here which was practically destroyed by a typhoon and tidal wave a week ago with the loss of 28,000 lives.

The general chamber of commerce of Hong Kong is inviting subscriptions for the Swatow sufferers. The Chinese Tung Wah hospital committee has appropriated \$10,000. The British-American Tobacco company gave \$1,000 to the relief fund. The government of the British section of Hong Kong shipped another ton of rice last night.

### DIAMOND LAKE IS POPULAR THIS YEAR

The recreation department of the forest service in Portland announces completion of plans for immediate development of the Diamond Lake region. Diamond lake is now reached via the Crater Lake highway, a branch road leaving the highway above the Union Creek forest camp grounds and winding up the main plateau, on which Diamond lake lies. This road, some 25 miles in length, was completed last fall. Owing to its considerable use by motorists, plans have already been perfected to widen this road and better the grade in some places. Another road is being built from Diamond lake, directly south to the Crater Lake National park boundary, connecting with the park road which leads to Crater lake rim.

Although some 1500 campers visited the shores of Diamond lake last summer it is contemplated with the proposed development already partially completed that the number of visitors who desire to enjoy the bathing and fishing facilities and fine outdoor life at Diamond lake will run into the thousands. The shores of Diamond lake itself will be immediately opened via the shore line road, some three and a half miles long, extending along the east shore of the lake and leading from Short creek to Two Bear creek. This road crosses five small streams which furnish ample water supply for the many favorite camping spots.

The whole east shore of the lake, for a distance of three and a half miles, has been set aside as a public forest camp. Here the camper finds available the two necessities of camping in the mountains—wood and water. In addition to these necessities are the attractions of the wonderful scenic views, comfortable bathing beaches and fine fishing opportunities.

Added attractions close by Diamond lake are two easily climbed mountain peaks, Mt. Thielsen on the east of the lake and Old Bailey on the west. At the top of Old Bailey is one of the important lookout points in the forest service fire prevention organization and is connected by telephone with the outside world. This mountain lake is this year more accessible than ever to the outdoor loving public.

### CHILDLESS HOMES MADE HAPPY

#### Presence of Little Ones a Great Blessing

##### Four Interesting Letters

Cortland, N. Y.—"I took Lydia E. Pinkham's Vegetable Compound because I was weak and wanted to become strong and have a child. My husband read about it in the 'Cortland Standard' and thought it might help me. It certainly did for I now have a lovely boy fifteen months old who weighs forty pounds. I recommend Lydia E. Pinkham's Vegetable Compound to my friends and you can certainly use my testimonial in your little books and in the newspapers, as it might help to make some other childless home happy by the presence of little ones as it has done mine."—Mrs. CLAUDE P. CAMPFIELD, 10 Salisbury St., Cortland, N. Y.

##### Married Three Years

Brooklyn, N. Y.—"I am certainly very thankful to you for your Vegetable Compound. I was married three years and did not have a child. My husband had often heard of Lydia E. Pinkham's Vegetable Compound and he made me take it and I became the mother of the healthiest little boy I know. When my friends tell me their bad feelings the first thing I say is, 'Take the Vegetable Compound.' I am willing for you to use these facts as a testimonial."—Mrs. ANTOINETTE MARANO, 113 Nostrand Ave., Brooklyn, N. Y.

St. Louis, Mo.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me seven years ago. I was run down and had a weakness such as women often have. I took Lydia E. Pinkham's Vegetable Compound and after being married sixteen years became the mother of a sweet little girl. I now have four lovely children—three fine boys and the little girl six years old. I had longed for children all the while and wept many a day and envied every woman with a child. I was 36 years old when my first baby was born. I recommend Lydia E. Pinkham's Vegetable Compound to any woman who is ailing with female weakness."—Mrs. J. NAUMANN, 1517 Benton St., St. Louis, Mo.

Was Weak and Run Down  
St. Louis, Mo.—"My mother took Lydia E. Pinkham's Vegetable Compound when I was a girl, and when I was troubled with cramps I took it, and later when I married I again took it to make me strong as the doctor said I was weak and run down and could not have children. I took it and got along fine and now I have three girls. So you know why I keep the Compound in the house. I am a well woman and do my work and sewing, too."—Mrs. JULIE HARTMAN, 2501 W. Dodder St., St. Louis, Mo.
