

FAMOUS TRICK SHOT WILL PERFORM AT FAIR G. TOMORROW

Gus Peret of the Peters Cartridge company will give a fancy and trick shooting exhibition at the fair grounds tomorrow afternoon at 2:30. He is a well known trick and expert shot and has established a reputation as a big game hunter, many of his articles on Alaskan hunting having appeared in Outdoor Life magazine.

A large crowd is expected to witness the exhibition as many local sportsmen are interested in trap and target shooting and as such exhibitions are always interesting.

The stunts performed by Gus Peret constitute work with rifles, revolvers and shotguns. Peret will draw pictures of Buffalo Bill, Uncle Sam, Indians, town constables or other characters suggested by the crowd on sheets of blank tin without tracing.

He will throw Blue Rocks in the air, and hit them with five shots from the pump; eject two empty shells from a pump gun and hit them in the air. Lying on his back he will break three eggs tossed in the air, and with a 22 rifle will eject the empty shell and hit it.

With the same rifle, he will hit three washers in the air, also marbles; and will do special aerial work with a 28 caliber revolver; shoot through the holes in washers while the same are in the air.

With the same arm he will split cards in half while sighting through a mirror. Besides all this he will break a swinging and a stationary target simultaneously with 38 S. & W. special cartridges.

FRUIT TOUR OF VALLEY ARRANGED FOR AUGUST 15TH

The valley fruit tour starts at Del Rio orchards below Gold Hill at 9:30 a. m. August 15. Next stop will be at H. Van Hovenberg's in Sams Valley at 10:30. The next visit will be at the Redskin and Modoc orchards. Lunch at Medford and leave county agent's office at 1:30 p. m. to visit Bear Creek orchards, Col. Voorhes, Hampton, Kenley's and Foothill district. If time permits will visit the Barnum orchard and Experiment station.

This will be an ideal time to see the various crops on the trees, and study pruning and spraying methods, as well as soil management and irrigation. Although this is a busy season many orchardists are expected to make this tour and enjoy a good day's outing and at the same time get better acquainted with neighbors and orchard methods of Rogue River valley.

Persons wishing to make this trip who do not have cars should consult the county agent and some means will be provided for transportation.

"The so-called 'orphan road' between Crescent City, Cal., and the Oregon state line near Brookings, is to be adopted and cared for by the California highway department," announced Charles Purcell of the bureau of public roads, who returned to Portland yesterday. "This is the road that inspired resolutions and speeches at the big road meeting at Crescent City in July, when Governor Olcott and the Oregon highway commission was there. When Thomas MacDonald, chief of the bureau of public roads, was in California a few days ago he had the 'orphan road' settled and the California officials promised that they would make it part of their system. When this is done that section will be a part of the Redwood highway and will connect at the Oregon line, near Chetco river, with the Roosevelt highway."—Oregonian.

ure to report for work was revealed in demands that guards be removed from railway property in towns of the Arizona division, particularly Needles.

Conferences between representatives of the big four brotherhood and Santa Fe officials extending to a late hour last night were not fruitful of results.

President William Sproule of the Southern Pacific said today that trains were moving on schedule on that system and that he did not expect the walkout to extend to it.

OGDEN, Utah, Aug. 11.—Three passenger trains, two of the Union Pacific and one of the Oregon Short Line, were tied up here this morning due to a strike of firemen and switchmen in the local railroad yards. No reason for the walkout could be learned.

Switchmen Walk Out.

POCATELLO, Idaho, Aug. 11.—Switchmen and yardmen of the Oregon Short line here, have quit work in protest against the stationing of state constabulary as guards at the Pocatello railroad shops. A meeting of the brotherhoods has been called for tonight to consider the situation.

MADISONVILLE, Ky., Aug. 11.—Freight service on the Louisville and Nashville railroad here is at a standstill with a possibility of early annulment of passenger trains as a result of a walkout of 18 firemen at Earlinton and six firemen at Atkinson Junction early today in protest against armed guards.

S. P. Guards Dismissed.

SAN FRANCISCO, Aug. 11.—The removal of sixty objectionable guards from the Southern Pacific company shops at Roseville and the dismissal of a smaller number at Tracy, Stockton, Sacramento and other points, has averted a "threatening situation" on the company's system. It was announced today by L. L. Sanford, district chairman of the Brotherhood of Locomotive Engineers here.

"We served notice on the company that the menace of untrained and inexperienced guards would have to be met," Sanford said, "and the dismissals at Roseville and other points was a result. The Southern Pacific thru that action eased the situation greatly. The company is also making every effort to withdraw unsafe equipment and put good order in its place. There is no present prospect of early withdrawal of brotherhood members on this system."

OGDEN, Aug. 11.—The trains delayed here today by the strike were Southern Pacific passenger trains numbers 19 and 21, Union Pacific number six and Oregon Short Line number 41, northbound.

An effective window is being arranged by Tom Swen in Deuel's store. The window depicts Crater Lake and is an annual display which causes much comment. This display is a likeness of the one Mr. Swen arranged and planned for the Rose Festival in Portland early in June.
