NO. 131

IRISH LEADER IS KILLED FROM AMBUSH

M. COLLINS MURDERED NEAR CORK

Irregular Snipers in Hiding Bring Down Leader of Free State Forces—Entire Empire Stunned—Dark Future for Ireland Seen—DeValera Eludes Capture.

Lloyd George Condoles
LONDON, Aug. 23.—(By the Associated Press.)—Prime Minister Lloyd George today sent the following message to William T. Cosgrave, acting chairman of the Irish provisional government:
"I deeply regret to hear of the death of the commander-in-chief of the free state army. In his death the free state has lost a fearless soldier, a leader of great energy and devotion and a man of remarkable personal charm.
"Please convey to the members of your government my profound sympathy with them in their loss of one of Ireland's brilliant sons at a moment when Ireland most needed his special qualities of courage and resolution."

DUBLIN, Aug. 23.—(By the Associated Press.)—The city of Dublin was stunned today by the news

Michael Collins
that Michael Collins, chief of the Irish provisional government and commander in chief of the free state army, was struck down from ambush last night at Bandon, county Cork. Everywhere in the Irish capital

ILLINOIS COAL MINES OPEN UP AFTER BEING IDLE FIVE MONTHS

CHICAGO, Aug. 23.—Illinois coal mines idle 144 days since the strike of union miners began April 1, re-opened today.
When shrieking whistles announced the end of the strike in Illinois yesterday, towns in the coal fields bustled with activity as news of the settlement in Chicago spread. Mules were corralled and hasty preparations were made to begin hoisting coal today.
Men on the first shifts began digging a few hours after news of the truce, until next April, reached the coal fields.
Settlement of the coal strike in Illinois was made on the basis of the

Olcott Congratulated By Government On Ku Klux Prosecution

SALEM, Ore., Aug. 23.—A letter of congratulation upon the manner in which the alleged "night rider" outrages in Jackson county are being handled in this state was received by Governor Olcott today from H. M. Daugherty, attorney general of the United States.
"I think you and your assistants are rendering a signal service to the public generally as well as to your state in endeavoring to stamp out a distinct menace to decent government," Daugherty declares in his letter to the governor.
"Please accept my hearty commendation on the splendid spirit manifested in your fearless proclamation and prosecution."

DRUM FIRE TO GAIN BONUS ON IN U. S. SENATE

Every Principle of Political Honor and Financial Justice Demands Immediate Aid to Ex-Service Man Declares Senator McCumber.

WASHINGTON, Aug. 23.—Enactment of soldiers' bonus legislation at this session of congress is demanded by every precept of financial justice and every principle of political honor, Chairman McCumber of the finance committee declared today in opening senate debate on the amended house bill with its bank loan certificate provision in lieu of the original proposal for a cash bonus.
Asserting that the term "bonus" was a misnomer, Senator McCumber said the purpose was to equalize in a measure the pay of the men called to the colors with that received by those who stayed at home and profited by what he characterized as a "wild, drunken orgy of extravagance that accompanied the war."
The finance committee chairman told the senate the time had come for congress to show that it was not attempting to play politics with the American soldier, that it was acting in good faith when it passed the first bonus just before the elections in 1920.
"The president in his campaign of 1920 declared himself in favor of some kind of a soldiers' compensation bill," he continued, "the republicans both in the house and on the floor of the senate have reiterated their intention to make good these promises. They were made in good faith, and that good faith will be manifested by the vote on this measure."
Business Is Better
Referring to the position taken by President Harding and Secretary Mellon last year when the executive asked the senate to defer action on the bonus bill because of the then financial condition of the treasury, Senator McCumber requested that they now view the legislation "in the light of present day conditions."
"These changed conditions certainly

Referring to the position taken by President Harding and Secretary Mellon last year when the executive asked the senate to defer action on the bonus bill because of the then financial condition of the treasury, Senator McCumber requested that they now view the legislation "in the light of present day conditions."

Youthful Tennis Stars Who Shine Brilliantly This Season

Left, Robert and Howard Kinsey, the California doubles team just after they annexed the Southampton finals. They are considered a strong contender for national honors. Right, Vincent Richards, after he won the Southampton singles. He has been chosen a member of the Davis Cup team.

BIG SEAPLANE WRECKED NONE ON BOARD LOST

NEW YORK, Aug. 23.—The United States cruiser Denver which rescued Walter Hinton and his companions from the wrecked seaplane Sampaio Correla, is on its way to Key West, naval officials said here today.
The seaplane fell while flying from Nassau to Haiti on the way from New York to Rio Janeiro.
NEW YORK, Aug. 23.—Meager details of the wreck of the seaplane Sampaio Correla were contained this morning in a message to the New York World from George T. Hye, one of the passengers. The hull of the boat beneath the plane was smashed when Lieutenant Hinton attempted a landing in the water from a height of 100 feet.
The five members of the crew clung to the half submerged sea boat for half an hour before they were picked up by the U. S. S. Denver. None of the members of the party was hurt, according to Hye's message, with the exception of Lieutenant Hinton who suffered a cut lip.
The landing was attempted in the dark at 8:20 o'clock and Hinton did not realize how close his plane was to the water when he began to descend. The force of the impact crushed the boat and the plane immediately began to sink. Lieutenant Hinton said he hoped to salvage the big sea boat, repair and resume the trip to South America.

BASEBALL SCORES

PHILADELPHIA, Aug. 23.—Clarence (Tillie) Walker of the Philadelphia Americans, hit his thirtieth home run of the season today in the third inning of the game with Detroit. Ehmke was pitching.

At New York	R. H. E.

At Pittsburg	R. H. E.
Philadelphia	3 11 2
Pittsburg	11 17 6
Batteries: Hubbell, Singleton and Henline; Cooper and Schmidt, Mattox.	
New York-Cincinnati postponed.	

LABOR LEADER CALLS HARDING A WALL FLOWER

POUGHKEEPSIE, N. Y., Aug. 23.—Charging that President Harding had broken faith with the striking shopmen in his efforts to settle the railroad troubles, Timothy Healy, international president of the stationery firemen, today called him "that great big Wall flower in the White House," in a speech before the convention of New York State Federation of Labor. He referred to Chief Justice Taft as a man "who couldn't get a job as constable or dog catcher in an election anywhere in the United States."
The president, said Mr. Healy, after making his first peace proposition asking the carriers to take back the strikers with seniority unimpaired, promised a committee of union men that he "would use the big stick" to make the railroads accept. Instead, the labor leader said, "the other fellow used the big stick on the president, who, when his proposal was turned down by the carriers, offered a second suggestion that the men be taken back and the matter of seniority left to the labor board to settle."
"Last Friday," Mr. Healy continued, "the president in a speech to congress, threw up his hands and said he was unable to settle the strike."
"Teddy Roosevelt wouldn't have done that; Wilson wouldn't have broken faith with labor in that way."
Chief Justice Taft was criticized by Mr. Healy in referring to the action of the supreme court in declaring unconstitutional the federal child labor law and to Mr. Taft's opinion in the Coronado Coal company case.

ELECTION JURY CLOSES HEARING

PORTLAND, Ore., Aug. 23.—Examination of witnesses in connection with the investigation into irregularities discovered in precinct 201 during the Hall-Olcott recount proceedings was completed by the Multnomah county grand jury today.
It was announced that a few incidental matters must be disposed of before a report can be returned. Just when the report may be expected or whether a report will be made, was not certain. This is not a case in which it is necessary to return an indictment or a true bill, as no definite charges in connection with the alleged fraud in the counting of the ballots have been made against anyone.

TREATY SIGNED ON BOARD U. S. CRUISER IN GULF OF FONSECA

CORINTO, Nicaragua, Aug. 22.—(By the Associated Press.)—An unusual event occurred on board the United States cruiser "Tacoma" last Sunday night, three miles off shore in the neutral waters of the Gulf of Fonseca, when the presidents of the republics of Nicaragua, Honduras and Salvador, with the members of their cabinets and in the presence of the American ministers to these republics, signed a treaty in which the three republics renew and extend the general treaty of peace and friendship made in Washington in 1907, the validity of which had until now been open to wide divergence.
Added significance was given to the event by the presence of the American ministers, which with the ceremony aboard an American warship, was considered a manifestation of the great interest and friendship of the United States toward the republics.
The treaty is to remain in force, insofar as it effects relations between the republics until it is revised.

KLAN DEFENSE TO CLOSE TONIGHT

LOS ANGELES, Aug. 23.—The defense in the trial of 35 alleged members of the Ku Klux Klan on felony charges growing out of the Ingewood raid, April 22, hoped to close its case by tonight, according to a statement from counsel early today.
E. L. Bryson, druggist of Huntington Park, eight miles from Ingewood, who testified concerning his participation in the raid, declaring he was a deputy constable and was seeking evidence that the Elduayens, whose home and winery were raided, were bootleggers, was expected to be the last klansman witness for the defense.
Coleman Dupont Endorsed.
DOVER, Del., Aug. 23.—Without a dissenting voice the republican state convention yesterday afternoon nominated T. Coleman Dupont of Wilmington for United States senator and Dr. C. R. Clayton of Georgetown for congressman.
The platform adopted endorses the Harding administration, asks fair living wages for workers and gives women equal representation and rights in the legal organization of the party.

U. S. War Department Exonerates Officer Killed By Husband

WASHINGTON, Aug. 23.—Secretary Weeks made public today the findings of a special army board holding that Lieutenant Colonel Paul W. Beck, army air service, shot by former Judge Joan Day in the latter's Oklahoma City residence last April, met his death "in line of duty." The secretary announced that a copy of the board's report would be furnished the attorney general of Oklahoma.

FORUM DESIRES ACTION ON CITY PLANNING COM.

Mayor Gates Requested to Appoint Members of City Planning Commission By Forum Resolution—N. D. Non-Partisanship Explained

A resolution, recommending that the board of directors of the Chamber of Commerce urge immediate action by the Mayor of Medford in the selection of a city planning commission and that the mayor and the council give the matter their attention at once was proposed this noon by Col. Payne at the forum luncheon at the Hotel Medford.
An ordinance creating a city planning commission has already been adopted by the council it was explained, but the commission has not been selected and the ordinance has been given no attention.
The resolution proposed by Col. Payne was seconded by H. L. Walter and was passed unanimously by the forum.
Claude C. Turner of Dickinson, N. D., was the speaker of the day. Mr. Turner was formerly a member of the North Dakota legislature and talked on the politics of that state, dwelling particularly on the effect of the activity of the Non-Partisan League.
In introducing Mr. Turner, who is Rev. D. E. Millard's brother-in-law, Chairman Millard said that he was identified with "the good old stand-pat republican element during his terms in the legislature." At this remark a burst of applause came from the audience.
Why League Started
Mr. Turner explained that the birth of the Non-Partisan League was a result of the dissatisfaction of the North Dakota farmers with grain prices which they received and were regulated by the Minneapolis Chamber of Commerce. The farmers proposed the construction of a terminal grain elevator by the state so that they might hold their grain for a higher price. Eighty-three per cent of the voters of the state voted for the elevator in 1915. The 1915 session of the legislature killed the passage of the provision for the elevator as many of the members of that body thought that only one elevator would have practically no effect upon the price of grain and would be a waste of the state funds.

RED RAIDS BARE PLOT SEIZE R.R.'S

Federal Officials Raid Meetings in Michigan—Round Up 19 I. W. W.'s—Portland, Oregon Red Among Them—Claim Evidence of Plot to Seize Govt. Property

CHICAGO, Aug. 23.—Six additional arrests have been made by federal agents in the wake of the raid yesterday on a meeting held near Bridgeman, Mich. It was learned today. Fifteen men are held in jail at St. Joseph, Mich.

Federal operatives, said to be working under instructions from the bureau of investigation of the department of justice at Washington, are attempting to round up communists and other radicals who participated in what was intended to have been a secret session near Bridgeman. Sixty or more were reported to have escaped through the woods.

Boris Reinstein and Arnold Lokowsky, suspected of being supporters of the Russian soviets, if not actually representatives of the Russian communists were said to be sought in Chicago.
It is known that the federal investigators are attempting to establish a connection between the meeting at Bridgeman and meetings of the trade union educational league of which W. Z. Foster, leader of the 1919 steel strike is the head, and the workers' party of America, scheduled to be held August 27 and 28 in Chicago.
Foster's office was raided Sunday night by State's Attorney Crowe in what was declared to be a search for any evidence of illegal action in connection with the railway shopmen's strike. No evidence against Foster or the organization was found, however. It was said no evidence was found that Foster attended the Bridgeman meeting.

Portland I. W. W. Nabbed.
BRIDGEMAN, Mich., Aug. 23.—Max Loerner of Seattle and C. Nordling of Portland were under arrest today with thirteen other alleged radicals, following a raid on a meeting in a wood near here.
Federal and county officials participated in the raid following the reports that a large number of men were attending the meeting.
The raiders seized a large quantity of literature which they said indicated a purpose of utilizing the coal and rail strikes as a means of obtaining control of government property.
All of those arrested will be charged with conspiracy, the officers stated.

BENTON HARBOR, Mich., Aug. 23.—State and federal officers planned a conference today to decide what action would be taken in the case of fifteen men, alleged to be communists, arrested yesterday in a raid on a meeting held in the woods at Bridgeman. There was some probability that charges would be filed under the Michigan criminal syndicalism act, enacted in 1919, according to the prosecutor's office.
Although state police and federal agents co-operated in the raid, nearly sixty men at the Bridgeman meeting escaped.

Planes Collide, 4 Killed
PISA, Italy, Aug. 23.—(By Associated Press.)—Two military airplanes collided in mid-air near here today at 1000 feet. The two pilots and two observers were crushed to death under the wreckage.

HOWARD ELLIOTT, N. P. CHIEF, FEARFUL; CALLS STRIKE SITUATION SERIOUS

NEW YORK, Aug. 23.—(By the Associated Press.)—Railway executives convened here today to consider proposals for settlement of the shopmen's strike submitted last week by the running trades, acting as mediators, adjourned at 12:50 o'clock until 2:30 after a discussion lasting more than two hours.
"The situation looks mighty serious," Howard Elliott, of the Northern Pacific said to a colleague on leaving the meeting.
Although no official statement was forthcoming, it was reported that certain counter proposals had been under discussion. This was taken to indicate that should the executives not accept the suggestions made by the brotherhood chiefs, the door to peace still would be left open.
Heads of the western lines entered the conference full of optimism—as they have entered each of the two previous conferences when President Harding, through his peace proposals, adopted the rule of mediator.
Frankly and unreservedly these western chiefs want the strike settled, and express a willingness to make any practical concession which will relieve their roads of a growing shortage of usable rolling stock, with a bumper crop depending upon them.
