

THREATEN NATION WIDE LABOR WAR

WORKERS
DEMAND A
WALK OUT

Portland Labor Council Joins in Omaha Resolution With Scores of Other Labor Locals—Ask A. F. L. to Call General Strike Involving Over 5,000,000 Workers.

SIoux FALLS, Ia., Aug. 24.—Plans that have been maturing for more than a month for a nation-wide strike that virtually would be a labor war, came to light this morning, according to John Shank, secretary of the trades and labor assembly. Trades and labor assemblies throughout the nation are demanding that the executive council of the American Federation of Labor, call a national strike, Shank said. More than five million men would be involved. The Sioux City trades and labor assembly passed the resolution unanimously and without debate.

John Shank, secretary of the assembly said that similar endorsement of the resolution had been given, according to his reports, by central labor bodies in Denver, Detroit, San Francisco and other large cities.

OMAHA, Neb., Aug. 24.—John M. Gibb, president of the Central Labor Union of Omaha, today made public the text of a resolution recently adopted by that body and sent to other labor organizations for similar action, calling on the executive council of the American Federation of Labor to call a national strike in protest against the "slavery conditions that are being imposed upon us."

The resolution after referring to the strike of the miners, railway employees and New England textile workers, declares that "the president of the United States now informs us through the medium of the public press that it is his purpose to use the full power of the government, both military and judicial, to intimidate and oppress a free people and to bend them to his will, that the American standard of living must be reduced."

The charge was also made that "the doors of the United States treasury have been thrown open for the relief of big business as represented by the railroad owners."

After providing for the forwarding of copies of the resolution to all departments of the American Federation of Labor, railway brotherhoods and all central labor unions for their support, the document concludes with a pledge of "our lives, our liberty and our sacred honor to the establishment, maintenance and defense of a living rate of wages in the United States."

BATHING BEACHES "HELL HOLES" SAYS
VOLIVA, SEPARATE SEXES 500 FEET

ZION, Ill., Aug. 24.—Wilbur Glenn Voliva, overseer of Zion, who terms bathing beaches "hell holes," has issued orders that male and female bathers at the Zion be segregated, it was learned today. A distance of 500 feet must separate the men and women.

Patrolmen are keeping close watch to see that the bathing beach ordinance specifications for bathing suits are not violated.

Unmasked Robbers
Tend to Customers,
Escape With \$5000

SPOKANE, Aug. 24.—Two unmasked robbers who entered the pawn shop of Lue Soss in the business district just after he had opened his safe this morning, bound Soss in a back room, trussed up his clerk, when he appeared for work later, made a careful search of the stock for valuables while they waited on customers, and after half an hour walked out with plunder which Soss says was worth \$5000. It included 100 diamonds, set and unset, and \$150 in cash, he told the police.

HOT WATER TILT
TIES UP U. P. AT
GRAND ISLAND

Engine Squirts Railroad Guard Who Threatens the Engine Crew, Whereupon Entire Union Force Walks Out—Men Beaten Up Spokane.

GRAND ISLAND, Neb., Aug. 24.—Traffic in the local Union Pacific railroad yards was tied up today when switchmen, engineers and firemen walked out following the alleged threat of a local guard to fill an engine "full of lead." The men walked out in a body from the shops to the labor temple, from where they communicated with officials of the company. The latter said they were confident the matter could be settled.

The guard it was stated, believed the engineer sprayed hot water on him as his engine passed and drew a pistol. The engineer, however, denied the accusation and declared it was an accident if it occurred at all.

SPOKANE, Aug. 24.—H. C. Orley, employed at the Hilliard shops of the Great Northern railroad received treatment at the city emergency hospital here early today for cuts and wounds he said he sustained at the hands of a mob of about 20 men, who chased him for five blocks when he alighted from a street car at Hilliard shortly after midnight last night. He said he left the railroad's employ last week after he had been threatened, but was intending to report for work again last night.

Alvin E. Gray, car inspector for the Great Northern railroad today was recovering from two black eyes and sundry bruises yesterday when six strike sympathizers held him up and forced him into a waiting automobile at the point of guns according to his report to local officials. He was blindfolded and tied, and ridden about for two hours, he said.

WASHINGTON, Aug. 24.—The senate yesterday cleared the way for the president to appoint Major General Harbord, deputy chief of staff, to the post of chief of staff upon retirement of General Pershing, who will go upon the inactive duty list because of age limitations in another year. The house bill, which was passed by the senate without change, removes certain legal restrictions relative to the naming of General Harbord as General Pershing's successor.

ARRANGE FOR HARBORD
TO SUCCEED PERSHING

properly clothed, every female shall wear a suit which, with black stockings, shall be a complete cover, excepting that the arms may be bare to the elbows," reads one paragraph of the ordinance. The women's suits, also, must have a skirt extending at least six inches below the knees.

LEADER U. S.
BOLSHEVIKI
IS ARRESTED

W. Z. Foster, Head of Trade Union League, Nabbed By U. S. Secret Service in Chicago—Details of Gigantic Plot to Gain U. S. Control Are Bared.

ST. JOSEPH, Mich., Aug. 24.—(By the Associated Press.)—Charged with criminal syndicalism under the state law passed by the 1919 state legislature, 17 alleged communists arrested in the Bridgeman raid, demanded an examination when brought before Justice Ray W. Davis here today. The date of examination has not been set and they are held in the St. Joseph jail under \$10,000 bail each. The bonds were not furnished.

LANSING, Mich., Aug. 24.—(By the Associated Press.)—A document purporting to be the constitution of the communist party was taken in the raid upon alleged members of that party at Bridgeman, according to Colonel Jay C. Vandercreek, state commissioner of public safety. The document, according to Colonel Vandercreek's advice endorsed the doctrine of "revolution and armed insurrection," and the establishment of soviets.

NEW YORK, Aug. 24.—The American Civil Liberties union announced today that it would bring suit against Adjutant General Hamrock of Colorado for damages as a result of the ordering out of that state of William Z. Foster, labor leader, on August 6. The amount of damages that will be asked was not announced.

CHICAGO, Aug. 24.—Michigan's state syndicalism law was the first weapon state and federal authorities planned to use today in breaking up what they termed one of the greatest radical and anarchistic conspiracies of recent years.

As seventeen men captured in a raid on their secret rendezvous in the woods of Berrien county, Michigan, faced syndicalist charges at St. Joseph today, W. Z. Foster, head of the trade union educational league, leader of the steel strike of 1915, and one of the foremost radicals of America, who was arrested here, awaited extradition to Michigan.

Meanwhile state and federal agents continued their search for fifty others said to have escaped when the secret meeting in the hills was broken up. Among those for whom the authorities were looking was Rose Pastor Stokes of New York, wealthy communist leader.

Foster denies attendance. Foster, awaiting extradition to Michigan, denied he had been at the meeting in Berrien county. Records seized in a raid on Foster's headquarters and the Michigan rendezvous contained the names of many radicals throughout the country and will prove valuable in the round-up, the authorities said.

Foster was arrested by James Rooney of the Bureau of Investigation of the department of justice and A. M. Devourney, operative for the private agency headed by William J. Burns, chief of the federal secret service.

For several days before the gathering in the woods, strangers dropped off trains at St. Joseph and Benton Harbor, singly and in twos and threes. They turned up later, according to federal agents at a forest resort near the village of Bridgeman.

A Familiar Scene. Burning pine knots furnished the light for the assembly in a lonely glade at the bottom of a heavily timbered valley. Operatives for the federal department who watched the gathering notified their chiefs. In the meantime word that they were watched apparently reached the delegates to the radical meeting, for many of them disappeared. Then the word came to make the arrests after communications by federal and local authorities, sheriffs deputies and government operatives drew in their drag net.

Chief among those who were arrested was C. E. Ruthenberg, once a candidate for mayor of Cleveland. Trailing some of those who escaped, detectives asserted the belief that Mrs. Stokes was among the fugitives. Efforts to locate her as the state of Michigan invoked its criminal syndicalism law for the first time, were redoubled today.

Following Foster's arrest, detectives

Ambassador Herrick Returns for Rest

Myron T. Herrick, ambassador to France, returning to America, calls on Secretary of State Hughes at the state department, before going to his farm in Michigan for a summer's rest.

TRUCK DRIVER'S
BACK IS BROKEN
BY TURN OVER

T. J. Card, a county employee, driver of one of the county gravel trucks doing work near Beagle, on the Evans creek road, was severely injured yesterday afternoon about 4 o'clock, when the truck completely overturned and he suffered a broken back.

The truck was rounding a curve with a load of gravel and the front wheels encountered soft dirt and gravel at the edge of the road. It is supposed that Card found difficulty in steering the vehicle in the soft dirt. At the same time the edge of the road gave way and allowed one side of the truck to take a position considerably lower than the other side. The truck overturned completely, landing right side up.

When the truck had righted itself, Card sat in the seat, paralyzed as a result of having had his back broken during the gyrations of the vehicle. It is supposed that he was thrown against the steering wheel and that the force of the fall broke his back.

The injured man, whose residence is at 411 S. Newtown, Medford, was taken to the Sacred Heart hospital, where it is said that he may recover, although his condition is considered as grave. Card is married and is the father of three children.

The family moved to Medford about three years ago from their home in South Dakota.

CUT COAL WAGES
COLORADO MINES

DENVER, Aug. 24.—Wages of Colorado coal miners will not be restored on the basis of last April in accordance with the adjustment effected in the central competitive field, J. F. Welborn, president of the Colorado Fuel and Iron company, the largest coal producer in this state, indicated in a statement made public here today. The cut of thirty per cent April 1, 1922, was approved by the state industrial commission and will stand, said Welborn.

McNary Busy As Usual. WASHINGTON, Aug. 23.—Investigation of the present kinds and costs of crop insurance with a view to recommendations for legislation, is proposed in a resolution introduced today by Senator McNary, republican, Oregon.

The Daily
Bank Robbery

DES MOINES, Iowa, Aug. 24.—Four unmasked robbers held up the Cottage Grove State bank at Cottage Grove avenue, near 26th street, here today and escaped with cash estimated at \$5,000.

CART TURNS OVER
PACIFIC HIGHWAY
5 ARE INJURED

Mr. and Mrs. Floyd Rippey and daughter, Billie Clyde Gardner and Otis Ackerman—all of Medford were all more or less seriously injured last night about 12:15, when a new Buick touring car recently purchased by Gardner, chief clerk at the Hotel Medford, turned over on the Pacific Highway a short distance north of Jackson Hot Spring.

The party had been to the Wednesday night dance at the Hot Spring and were on the way home. Gardner, according to witnesses, was driving the car and tried to pass another car on the road. Just as he was about to pass this car, which was also going north, a car appeared on the highway, headed south. Gardner decided he could not accomplish the passage and in order to fall in behind the car, and allow the south-bound car room to pass, he applied his brakes suddenly.

The car skidded, the rear wheel on the left side went into a small ditch in the left side of the road, the wheel collapsed, the car swung completely around and overturned. It turned only half a revolution and was resting in a bottom-side-up position when other motorists on the road at the time, began helping the imprisoned passengers.

The car was lifted far enough to allow them to escape. Mrs. Rippey was unconscious, suffering three broken ribs, cuts about the head and undetermined internal injuries. Both Mrs. Rippey and her daughter, who were suffering two fractured ribs, were taken to the Granite City hospital in Ashland. Gardner suffered a bad cut on the chin and was severely squeezed by the steering wheel. Floyd Rippey received a cut on the head and Otis Ackerman sustained several minor bruises.

The car sustained a broken rear wheel, demolished top and windshield, broken steering wheel spokes and damaged seat cushions in addition to a bump on the rear of the tonneau where something held the car from touching the ground or possibly crushing the occupants more severely.

It is expected that all of the participants in the accident will recover, although the full extent of the injuries sustained by Mrs. Rippey had not been determined at press time.

MOORE NOMINATED
BY IDAHO G. O. P.

WALLACE, Idaho, Aug. 24.—Republicans of Idaho adjourned their two-day convention here last evening after having nominated Charles C. Moore of St. Anthony for governor, Burton L. French, Moscow, for congressman from the second district, together with a complete state ticket. French and Smith are the present Idaho congressmen.

Demand for Volstead
To Resign Howled
Down in Congress

WASHINGTON, Aug. 24.—Resignation of Representative Volstead, republican, Minnesota, as chairman and as a member of the house judiciary committee because of help alleged to have been given him in the last election by the Anti-Saloon league, was requested in a resolution read in the house today by Representative Tinkham, republican, Massachusetts.

After reading of the resolution had been concluded, Representative Mann, republican, Illinois, moved that it be laid on the table and the motion was adopted with a loud chorus of ayes.

After the resolution had been laid on the table, which move amounted to killing it, there was a demand, led by Representative Dyer, republican, Missouri, to strike it from the record, and this was ordered, 141 to 3.

K. K. K. DEFENSE
RESTS, MOTION
DISMISS FAILS

Court Refuses Motion to Dismiss Indictments Against Ku Klux Klaners in Los Angeles — Bootlegging Is Charge By Defense.

LOS ANGELES, Aug. 24.—The defense rested its case today in the trial of 36 purported members of the Ku Klux Klan indicted for felonies growing out of a raid on the home of the Elduayan brothers at Inglewood last April.

State rebuttal followed briefly and argument began.

The final witness for the defense was a chemist, who testified that he examined some wine taken from the Elduayan home and found wood alcohol in it. The cause of the raid as explained by defendants on the stand was their belief that the Elduayens were engaged in the making and sale of illicit liquors.

The defense moved for dismissal of several defendants, including W. S. Coburn, former grand goffin, but the motion was denied and arguments were begun at once. Attorneys said this indicated the case would be continued next week.

LOS ANGELES, Aug. 24.—Only one piece of evidence remained to be introduced before the defense would complete its case in the trial of 35 alleged members of the Ku Klux Klan on felony charges growing out of the raid at Inglewood, April 22, it was stated early today.

This, counsel for the defendants said, was a chemical analysis of liquors said to have been obtained by the raiders at the home and bonded minery of Fidel and Matias Elduayan, objects of the raid and proprietors of an alleged "blind pig," according to the defense.

Steel Price Advanced. PITTSBURGH, Aug. 24.—The National Tube company here today announced an advance on the price of steel pipe to meet an increase posted by independent a week ago. Standard pipe, black, was increased \$6.00 a ton, while standard pipe, galvanized went up \$4 a ton. Other goods were advanced in proportion.

BIRMINGHAM, Ala., Aug. 24.—(By I. N. S.)—Fido may have been a totally worthless mutt once, but he's a valuable dog now.

BODY ERIN'S
HERO LIES IN
STATE DUBLIN

Draped in Tri-Color of Ireland, Body of Michael Collins Is Placed in City Hall—Crack of Snipers' Rifles Alone Break Silence of Mourning City.

CORK, Aug. 24.—(By the Associated Press.)—Tom Hales, who led and accepted the responsibility for the ambush which killed Michael Collins, repudiated it today, threw down his arms and offered to join the national forces.

DUBLIN, Aug. 24.—(By Associated Press.) Draped in the beloved tri-color of Ireland, the coffin containing the body of Michael Collins, slain chief of Ireland's new free state government, was landed here today from the steamer Classic and borne through the streets amid an impressive tribute from the assembled multitude. General Collins' body was met at the dock by large throngs of mourners, including Richard Mulcahey, chief of staff, and other prominent representatives of the army. The body was taken on a gun carriage, preceded by a band of pipers to St. Vincent's hospital.

Prayers were said as the procession passed in silence, broken only by the distant crack of snipers' rifles in various parts of the grief stricken city. The cortege was flanked by a line of Dublin guards marching in slow time with the muzzles of their revolvers protruding from the holsters. A detachment of civic guards in blue uniforms followed. Immediately behind came an armored car bristling with rifles at right angles, comprising an incongruous ending to the mournful procession. Several men who were wounded in the fighting near Bandon, county Cork, Tuesday night, when Collins lost his life, accompanied their beloved leader's body on the sea voyage to Dublin.

It was arranged to remove the body from St. Vincent's hospital to the city hall later in the day in order to give the thousands of sorrowing Irishmen and women an opportunity of seeing for the last time the features of their national hero lying in state. Tomorrow the remains will be taken to the pro-cathedral where a high requiem mass will be held, preceding the funeral at the Glasnevin cemetery on Monday.

Crowds Greet Death Ship. From midnight last night crowds had been gathering at the north quay to witness the arrival of the Classic. Scenes typical of the nation's sorrow marked the progress of the coffin from the steamer through the long avenue of troops with reversed arms to the waiting gun carriage.

Regular officers draped the plain oak casket in the free state colors and placed it on the wooden platform built on the 18-pounder gun carriage. The dead general's charger was led riderless alongside.

People Break Down. The members of the provisional government and deputies of the Dail Eireann, together with the members of the headquarters staff immediately followed. Then came the throngs of bareheaded men and women, many of them making no effort to restrain their tears. Among the little band of fighting men who made the last stand with Collins and who followed his body through the Dublin streets with lowered head and tear-blinded eyes was a boyish figure wearing a ragged civilian
