ST. LOUIS BROWNS DETHRONE YANKS

CHICAGO, Aug. 24.—(By the Associated Press)—The New York Yankees held to five hits in two games by Cleveland pitchers, have relinquished the American league lead to the St. Louis Browns. In the second game of the series with Cleveland, Coveloskie held the Yankees to three hits by Witt, Schang and Ward, and won 4 to 1 while the Browns scalped out a 6 to 3 victory over the Red Sox at Boston.

In the National, while New York was idle in Cincinnati because of rain the Cardinals took a 6 to 3 game from the Braves. The pirates continued their winning streak, defeating the Phillies 11 to 3, and Sherrod Smith of Brooklyn shut out the Cubs 6 to 0. Cobb's Tigers suffered their first defeat of the week, falling before the Athletics, 6 to 3, and Washington trounced the White Sox, 11 to 3.

Clarence "Billie" Walker's 36th home run of the season helped Pitches Rommel to turn in his 19th victory of the season. Harry Holman of the Tigers crashed out his twentieth circuit drive of the season, but it wasn't enough for his club.

RAIL STRIKE IS STILL IN AIR AS PARLEY DRAGS ON

NEW YORK, Aug. 24.—At four o'clock the brotherhood chiefs returned to the conference with the executives.

An executive who left the conference said "quite a number" of other roads had joined with the 19 who decided to continue negotiations with the mediators, after the termination of yesterday's general conference.

It was understood that the big five in returning to the conference did not carry a reply from the stopmen to the definite proposal reported to have been reached at this morning's conference, but expected to make one or two more trips back and forth between the hotel and club.

NEW YORK, Aug. 24.—(By the Associated Press)—"It's now up to the stopmen," said a spokesman for the big five brotherhood chiefs this afternoon after they had conferred with a committee representing a group of about twenty roads on a proposition for effecting separate settlements between individual roads and striking stopmen.

This was taken in some quarters as indicating that representatives of the running trades and representatives of the roads totaling about 25 per cent of the mileage of the United States had agreed upon some sort of definite proposal for settlement and that this had been reported to the shop crafts at a meeting with the mediating brotherhood chiefs which followed the session with executives.

A member of the stopmen's eastern strike committee made this comment to newspapermen:

"I'll tell you that there's going to be no settlement with any nineteen railroads. You can put that in your pipe and smoke it."

While an official statement was lacking from the shop craft leaders this comment was regarded as significant in connection with the statement attributed to heads of the railway trades last night that the brotherhood men had not been authorized to suggest any separate settlement plan which would involve abandonment of the all for one and one for all policy.

CLOSE OPEN SEASON NATIVE PHEASANTS IN THE WILLAMETTE

PORTLAND, Ore., Aug. 24.—Immediate closing for an indefinite period of the season for grouse and native pheasants in nine Willamette valley counties was planned today by the state game commission, following receipt of protests, from Willamette valley cities against the wholesale killing of Chinese pheasants and other game birds during the past five days.

The open season on grouse and native pheasants recently was fixed by the game commission for August 20, simultaneously with the opening of the deer season, but it was reported that many hunters had been killing Chinese pheasants along with the native birds.

Issuance of the order was withheld pending its approval by Louis E. Bean, game commissioner, who was said to be at Oakridge on an outing. The order had been approved today by the three other commissioners. The order is to take effect in Multnomah, Clackamas, Marion, Linn, Lane, Benton, Polk, Yamhill and Washington counties.

Through the courtesy of Lowell H. Smith, in charge of the airplanes that are patrolling the Oregon and Washington forests, arrangements have been made to have the government air planes here during the Jackson county fair, September 13 to 16. This will be welcome news as it adds another big feature to the already splendid program arranged for the entertainment of the thousands of people that will be present from all over Oregon and California.

Capt. Smith does not say how many planes he can send here but has promised the maximum number consistent with patrol duties.

Part of the credit for securing these planes is due to Senator Chas. L. McNary who secured permission from the chief of the air service in Washington, D. C., on request of a representative of the fair board.

WORKERS DECLARE RAISE COAL PRICE HIGHWAY ROBBERY

SPRINGFIELD, Ore., Aug. 25.—(By the Associated Press)—Coal mine operators in central Illinois today asserted they had increased the price of coal \$1.25 a ton. The raise was followed by a protest from sub-district officials of the United Mine Workers, who termed the increase "legalized robbery."

"Miners have returned to work under the same wages and conditions," Secretary John Watt of the sub-district said. "There has been small loss to either miners or operators. Because of the great quantity of coal stored and the fact that mines would have lain idle whether or not there had been a strike, the miners cannot with good grace, by their increase in prices to the losses they bear. It is just plain profiteering."

Mines about Springfield advised retail dealers today that the price of coal had been raised from \$3.75 to \$5 a ton. Retailers announced they had only passed the increase on, raising the price of coal delivered, from \$4.75 a ton to \$6.00.

SEATTLE, Aug. 24.—Hope that an agreement under which coal mines of Washington closed down by the nation-wide strike of miners last April, might be re-opened, was expressed by officials of the state district of the United Mine Workers of America and officials of the state district of the United Mine Workers of America and officials of the Washington Coal Operators association when they met in formal conference today to direct plans for a settlement of the strike in the state.

It was understood that the coal agreement reached at Cleveland last week would be the basis of the negotiations undertaken today.

Thirteen mines normally employing about 2500 men were represented at the conference.

Plot to Seize Govt.
ST. JOSEPH, Mich., Aug. 24.—Charles W. Gore, prosecuting attorney of Berrien county announced today that extradition would be sought for William Z. Foster, steel strike leader, arrested in Chicago late yesterday following the raid near Bridgeman and with 17 others charged with criminal syndicalism in a warrant issued by Justice Ray W. Davis.

Federal investigators, whose efforts led to the raid, planned also, it

was indicated, to file formal charges against more than seventy other persons.

The identity of the Bridgeman conference, it was said, was disclosed in papers uncovered after the raid. The list of the radical leaders in the United States, as well as pamphlets advocating the overthrow of this government and the establishment of a soviet form was uncovered in the literature the officers seized, much of which was printed both in English and Russian. Several authorities said they were convinced that two noted women radicals were in the party, along with two representatives of the Russian soviet.

One of the foreign representatives who was identified at the Bridgeman gathering, so far as has been disclosed by the investigators, was Norman E. Tallentire of Great Britain, one of the seventeen who is to go on trial today.

Authorities indicated deportation proceedings would be started against Tallentire and also Alexander Ball, whose home is in Philadelphia, but who is said to be a Russian.

CHICAGO, Aug. 14.—Suggestion by a delegate to the 23rd annual convention of the photo-engravers' union of North America, meeting here, to invite William Z. Foster, head of the trades unions educational society, to address the meeting was turned down by the delegates on the ground that they were not in sympathy with Foster's radical ideas. Foster is under arrest in connection with the secret conference of communists at Bridgeman, Mich., which was raided and seventeen men arrested.

Closer relations with employers by assisting in cost findings, producing improvements for increased efficiency and to carry on research work was approved by the convention. A bureau will be created to carry on experiments and forward this plan of co-operation.

WASHINGTON, Aug. 23.—The arrest of seventeen alleged communists after the secret convention of the communist party at Bridgeman, Mich., yesterday by Michigan state authorities, disclosed a program for the organization of communists groups in the army and navy and for the initiation of militant action on the part of radicals in the United States, according to information from official sources in Washington today.
