

## SPEED PROGRAM FOR COUNTY FAIR NOW COMPLETED

The board of directors of the Jackson County Fair are finding it difficult to meet even the minimum requirements for buildings and sheds to house the products and stock that will be entered in the fair to be held in Medford, September 13 to 16, and everything points to the biggest event ever pulled off in Oregon or California, excepting the state fairs.

At the meeting last night Scott Woolf and Wig Ashpole, committee on horse racing, appeared and stated that we would have a fine string of "gallopers" for the races and that a number of horses would be here today to work out for the fair. They asked what provisions had been made to stable these "blue blooded runners." The directors had not intended to build barns, owing to the shortage of funds, but found it absolutely necessary and will commence work at once on 200 feet of box stalls, 12 feet wide, on the south side of the grounds to accommodate the horses. They will be quartered temporarily in other structures.

Messrs. Woolf and Ashpole say they already have 20 fast horses engaged including some of the best on the coast, that go from here to the races at the state fair in Salem. They include horses belonging to Baker's of Grants Pass, Parker's of John Day, Ore., Murphy's of Ashland, and Holbrook's of Fort Klamath.

There will be two or three galloping races each day, races for home saddle horses, and a relay race each day between the famous Murphy and Holbrook strings of runners.

The speed program for the fair also includes two motorcycle races, by professionals and amateurs, auto races and motorcycle polo each day.

The fair association is preparing to have this big program of events put on without any delay in order to get the events in each day by 5:30 p. m. if possible. The people are sure going to get their money's worth in amusements.

## GEORGIA WIVES WOULD CONTROL PAPA'S FISHING

ATLANTA, Ga., Aug.—The senate committee on wild lands of the Georgia legislature has before it a bill introduced by Senator Dennis Fleming of Dougherty county to make it necessary for husbands in this state to obtain permission of their wives before going fishing.

Senator Fleming, a fisherman himself and a married man, was merely exercising his keen Irish humor when he introduced the measure, and had no idea of hearing an echo expressed through the curiosity of so famous a person as Hudson Maxim, the inventor and author.

In a letter to S. G. McLenon, secretary of state, Mr. Maxim wrote: "I see by the New York Tribune that a bill has been introduced in the senate of the state of Georgia by Senator Dennis Fleming which contains some provisions so drastic that it has occurred to me that the whole thing must be a joke."

Quoting provisions of the bill as described in the Tribune story, that "any and all married men who shall go fishing without the consent of their wives shall be guilty of a felony, and their sentence shall not be less than five or more than twenty years at hard labor," the inventor wrote: "I shall deem the courtesy very much if you will let me know whether or not such legislation is being proposed in the State of Georgia. As I am writing a book on lawless legislation in the United States, I am gathering any striking bits of legislation which may be useful for my work."

## MOTHER KILLS TWO CHILDREN, SUICIDES

BELLMORE, Ohio, Aug. 24.—Mrs. Emmett Green, 40, killed herself in her home two miles east of here recently after she had killed her two children, Coral, 2 and Stanley, 5, by slashing their throats with a razor. The bodies of the three were found on the kitchen floor when her husband returned to the house at noon.

Despondency over the death of another child early this year is given as the cause of the deed.

**Jewish Pogrom Breaks Out in East Germany**

BERLIN, Aug. 23.—An outbreak of Pogroms in Kattowitz is reported in a special dispatch from Beuthen. Crowds have looted the food shops conducted by Jews and are beating Jews wherever encountered in the streets. The disorders continued until a late hour last night. The pogroms are said to have been inspired by reports that the Jews were responsible for the high price of food.

With Medford trade is Medford made.

## Mary Camicia Praised by Judge for Mothering Her Brothers and Sisters

"We'll tell the world Mary is a good mother," declare the five little Camicias, grouped about their guardian sister. "She's best after our regular mother."

By ELLIS H. MARTIN, International News Service Staff Correspondent.

SAN FRANCISCO.—Mary is famed in song as being a "grand old name" and a great "pal," but Mary Josephine Camicia has proved Mary to be a "grand little mother."

Twelve-year-old Peter Camicia told Judge Thomas F. Graham all about it in superior court the other day when Mary came forward as the youngest guardian in the history of San Francisco to give an accounting of her year's stewardship of a little brood of five Camicias.

"I'll tell the world Mary's a good mother," Peter told the judge. "She's best after my regular mother."

And from little Alma, six, to John seventeen, came emphatic corroboration.

Mary Camicia's father died in 1914; her mother four years later, leaving an

investment which insured an income of \$51 a month. Mary volunteered to take charge of the family. The court, a bit doubtful because of her own youth, decided to give her a trial since no older person was interested.

**Found True "Mother"**

That Mary has not overrated her "mothering" ability was demonstrated to the satisfaction of all who heard the latest report. The four boys, ranging in ages from 17 to 9, are at work heading for grown up entry into the vocations she has chosen for them.

She hopes eventually to graduate a carpenter, a machinist, a lawyer and a jeweler from her school of hard work. The midget of the family, Alma, aged six, will decide before long whether she will become a teacher or a nurse. Just now she is giving her most serious efforts to the family ironing.

"It isn't so hard when all are willing to help about the house," explained

Alaska that occupied several months. At Ketchikan, Alaska Mr. Beggin said the United States customs men told him that the smugglers take on their drug cargo at Prince Rupert, B. C., where it comes from the Orient and carry it into the islands, eventually to be placed on vessels bound for Seattle and Ketchikan.

### Tacoma Mail Carrier Charged With Robbing

TACOMA, Aug. 23.—Charged with rifling the mails, Carl Bergstrom, 25, city distributor of mail at the post-office, is in the city jail pending a hearing before United States Commissioner Thomas W. Hammond today. He is said to have confessed.

He was arrested last night at the postoffice after three letters containing money are said to have been found in his locker.

### HONOLULU EMBEZZLEMENT GOES TO GRAND JURY

HONOLULU, Aug. 23.—(By the Associated Press)—The case of John Child, secretary of the firm of Alexander and Baldwin, who is accused of embezzling more than a half million dollars of the company's money, will be presented to the grand jury today according to an announcement by William H. Heen, city and county attorney.

## WAS A BROKEN-DOWN WOMAN

Then I Began Taking Lydia E. Pinkham's Medicines

Donaldsonville, La.—"I write with pleasure to praise your medicine—Lydia E. Pinkham's Vegetable Compound—which has done so much to restore my health. I was a broken-down woman until my husband brought me a bottle of your Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine. I had been having pains every month and at intervals between, was weak and seemed to be smothering at times, but in a week I felt like another woman. I also used Lydia E. Pinkham's Sanative Wash. It did me a lot of good too. I cannot praise your medicines too much and will be more than glad to recommend them to any woman who is suffering from female troubles. You may print my testimonial, as it is true."—Mrs. T. A. LANDRY, 612 Miss. St., Donaldsonville, La.

Note Mrs. Landry's words—"as it is true." Every letter recommending Lydia E. Pinkham's Vegetable Compound is genuine. It is a statement telling the merits of these medicines just as the women in your own neighborhood tell each other about them. For fifty years Lydia E. Pinkham's Vegetable Compound has held on merit.

"Little Mother" Mary. "We live on a system and have a schedule which gives every one of us a share in the work of the household. He who washes the dishes doesn't have to wipe them, and the brother who cuts the wood doesn't hang out the clothes."

"Life is easier now that the boys are making something each week. Their combined efforts bring nearly \$50 a week to the family purse. When emergencies require more I get piece work from an upholstery shop."

Mary declared that she is not thinking of marriage, though she has had several proposals. She does not mean to complete filling her "hope chest" until her mother's orphans no longer need her.

### Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has, therefore, instructed druggists everywhere to dispense Allen's with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.
