County Central Committee Declares U. S. Constitution Upholds Party Regularity—Plot to Scuttle G. O. P. Ship Seen—Carkin Pledges Aid to Cowgill.

At a recent meeting of the executive committee of the Jackson County Republican Central committee, the following resolution was adopted and request made to have the same printed in the Mail Tribune, together with the message and statements attached.

Message From State Chairman Pendleton, Ore., Aug. 28, 1922. Bert Anderson, Chairman, Executive Committee, Medford, Ore.

Republican candidates having endorsement of Independent League should make unequivocal public statement to effect that they did not seek such endorsement, that they are running as republicans and that they are supporting the republican ticket in its entirety and not approve of republicans supporting democrats WHO MAY ALSO HAVE the League endorsement. If they cannot do this they should in honor withdraw from the republican ticket.

WALTER L. TOOZE, JR. Resolution

WHEREAS, on August 17, 1922, there was published in the Medford Mail Tribune, of Medford, Ore., an article stating that there had been organized in Jackson county an Independent Voters League, and thereafter reciting a declaration of alleged principles of the league which endorsed certain candidates of both parties for office, and named an executive committee; and

WHEREAS, the said ticket named includes some regularly nominated republicans, together with E. E. Kelley, a democrat, for circuit judge, and B. F. Lindas for mayor of Medford; and

WHEREAS, an investigation has been made by the county chairman and executive committee of the republican party, and such investigation has disclosed the fact that a number of men whose names were placed on the executive committee of this Independent Voters' League have declared that their names were placed upon said list and given wide publicity in Jackson county without their consent or knowledge, and that they each do repudiate the use of their name therein, and that they do not favor and will not support the plans outlined by said so-called league, or the ticket selected by it; and

WHEREAS, it is clearly evident that the said publication was printed and circulated for the deliberate purpose of creating dissension in the ranks of the republican party, to cast reflection upon some of the republican candidates for office, with a forlorn hope of dividing the republicans; and

WHEREAS, the constitution of the United States and of the state of Oregon, as well as of the several states, provides that government shall be had through and by political party organizations, and such has been the course of operation of government since the adoption of the American Constitution; and

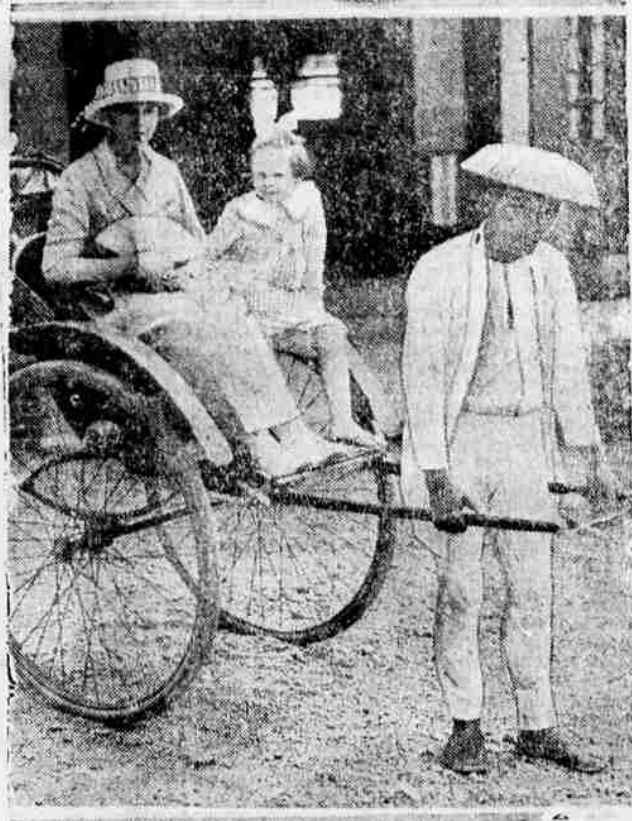

WHEREAS, it is necessary, in order to perpetuate government, that at least two great parties shall operate and function in order that a channel may be given through which citizens may have an opportunity of expressing themselves upon both men and measures; and

WHEREAS, it is a fundamental doctrine that any candidate nominated upon his respective party ticket is in all honor bound to support and cooperate with his associates, and each and every one upon that ticket to the end that harmony shall remain in the party organization, and that complete confidence and good will shall prevail among the candidates on the ticket.

THEREFORE BE IT RESOLVED, that the executive committee of the republican party of Jackson county does condemn said Independent Voters' League.

Revision of Book Common Prayer Important Subject at Portland Meeting—139 Bishops in Attendance From All Over the World.

PORTLAND, Ore., Aug. 30.—Revision of the Book of Common Prayer, including the proposal to delete the bride's promise to "obey" from the marriage ceremony and elimination of the bridegroom's endowment of the bride with his worldly goods, divorced women's status in the church, church unity and other vital religious problems were up for consideration by the 139 bishops of the Episcopal church in the United States at an informal conference of the members of the house of bishops starting today, preliminary to the assembling one week hence of the 47th triennial general convention of the Episcopal church. Most of the members of the house of bishops are already in Portland, having arrived here during the past 24 hours from continental United States as well as from China, Japan, the Philippines, East Africa, Europe, South America, the West Indies and Alaska.

The preliminary conferences of the bishops will continue through the week. Most important of the questions which the convention will consider and which the bishops' conferences will therefore give most attention is the matter of the revision of the Book of Common Prayer. This revision has been pending for six years and involves, in addition to the changes in the marriage ceremony, about 200 other proposed changes of greater or less importance.

COMPULLED TO ABANDON TRIP OVER N. POLE

Capt. Amundsen Forced to Abandon Airplane Trip for This Year—Hopes to Hop Off Next Spring—Weather Conditions Bad.

NOME, Alaska, Aug. 29.—(By the Associated Press.) Captain Roald Amundsen, Norwegian explorer, has definitely abandoned for this year his plan for an airplane flight from northern Alaska across the north pole to Spitzbergen or Grants Land, but plans to hop off next spring, it became known today with the arrival here of the coast guard cutter Bear from Point Barrow.

Captain Amundsen told the correspondent of the Associated Press, who joined the Bear at Point Barrow that the start had been delayed by unfavorable ice conditions and that the season was too far advanced to permit chances for success. Ice conditions, he said militated against the chances of a successful landing at either Spitzbergen or Grants Land.

Radio advices from the Maud, Captain Amundsen's exploration ship, indicate the vessel is frozen in the ice near Wrangel Island, off the northeastern Siberian coast, and not off Point Hope, Alaska as was previously reported. This fits in with the plans of the explorer, who expected the ship to start somewhere near Wrangel Island, the long drift with the Arctic ice pack across the north polar basin.

Extensive research will be made by the scientists aboard the Maud with particular emphasis on the study of ocean and air currents and meteorological conditions at the "top of the world." The explorer expects to rejoin the Maud by airplane some time next year after the completion of his trans-polar flight.

Ice conditions in the Arctic off the northern Alaska coast are the worst in recent years. Captain Cochran of the Bear guided his vessel for miles through tremendous ice floes, reaching Point Barrow with the greatest difficulty.

Passengers for the Bear were finally transferred to the ship by dog sled after several attempts had failed.

The trading schooner Herman was caught in the ice near Point Barrow August 22 and narrowly escaped being crushed between the huge floes. A shift of the wind saved the vessel and she made Point Barrow safely.

HARDING IS OPPOSED TO M'NARY BILL

President Said to Regard Reclamation Amendment to Bonus Bill As Making the Measure More Objectionable Than Before—Party Lines Broken On Vote.

WASHINGTON, Aug. 30.—White House callers who discussed the bonus with President Harding today, came away with the impression that the executive regarded addition of the McNary reclamation and Simmons foreign debt amendment adopted in the senate yesterday as making the measure more objectionable than it was in its original form.

In its first vote of the day the senate rejected 44 to 27 the Bursum amendment proposing to pay the soldiers half in cash and half in certificates of indebtedness payable in five years.

Party lines were broken, sixteen republicans, 11 democrats, voting for the Bursum amendment and 31 republicans and 13 democrats opposing it. The Smoot proposal to pay the bonus by means of a sales tax then was taken up.

The Smoot sales tax amendment was rejected without a roll call after a point of order against it as being unconstitutional had been overruled. The point was raised by Senator Reed, democrat, Missouri.

The Smoot substitute proposing insurance payable at death, or after twenty years in place of all other options was rejected 46 to 18.

Fifteen republicans and three democrats supported the amendment, and thirty republicans and 18 democrats voted against it. Senator Smoot estimated the cost of this plan at slightly in excess of four billions of dollars with nearly the total amount due at the end of twenty years.

BEATING TIME ON STRIKE DECISION

CHICAGO, Aug. 30.—(By Associated Press.) Ben W. Hooper, chairman of the railroad labor board, announced this morning at the hearing of the application of the maintenance of way men on more than 100 railroads for an increase in minimum rates of pay opened, that no decision in the case would be rendered until all the members of the labor group of board members have returned. Albert Phillips is with his wife, who is ill in California, and Walter L. McMenimen was away on a vacation. They were expected back about the middle of September.

Before the hearing it was learned that E. F. Grable, president of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers, was slightly ill and might not attend the morning session. J. C. Snook, vice president of the union appeared in Mr. Grable's stead.

FRANCE READY TO TAKE DRASTIC ACTION ON GERMAN REPARATIONS

PARIS, Aug. 30.—(By Associated Press.) The feeling was expressed in reparations circles this afternoon that the French government would withdraw its delegates on the reparations commission preparatory to important action on the German indemnity question. This belief arose, it was said, from the fact that the German delegates here had advanced no new proposals acceptable to France.

PARIS, Aug. 30.—(By Associated Press.) German delegates today presented to the reparations commission their plan of guarantees on which they hope to be granted a moratorium.

Those in the delegation were Karl Bergmann, former undersecretary of the treasury; Herr Schroeder and Dr. Fischer of the finance ministry, and Ambassador Mayer.
