

# DOG RUN OVER BY AUTOMOBILE, BITES RESCUERS

Thoughtless brutality on the part of the driver of a motor car was indirectly responsible for injuries received by Ruth Bowne, daughter of Mr. and Mrs. Walter Bowne, early last evening. The Bowne child who was playing with other children near the home of her parents west of Medford, narrowly escaped being run over by a Chevrolet car containing two young men and a girl, as driven at a high rate of speed it dashed over the highway on the West Valley road leading to Jacksonville.

Not so fortunate was a pet dog belonging to the child which unable to avoid the car was hurled beneath the wheels and left writhing with a broken leg while the occupants of the Chevrolet apparently unconcerned laughed loudly and sped on.

The sight of the dog's suffering proving too much for the little girl she attempted to carry it to her mother in the house nearby only to be severely bitten as the frenzied animal dragged itself into the grass.

Mr. Bowne also attempted to relieve the dog's suffering and in turn was bitten.

Dr. Stearns, called by telephone, administered to the child, whose injuries are not expected to prove serious.

The identity of the owner of the car was not known although several witnesses of the accident were loud in their condemnation of the heartless indifference shown.

It is expected the dog will recover.
