### SNOW AT CRATER LAKE SEASON TO CLOSE SATURDAY

The Crater Lake season, which officially closes Sunday, October 1, will come to an end tomorrow with the closing of the lodge, and the coming of all its crew of employees to the city on the stages tomorrow afternoon, except a caretaker to have charge of the building during the winter season. The patronage has been light at the lake for the past week or more.

The news was received in the city today that six inches of snow had fallen at the lake yesterday, and four inches of snow on Thursday. However, the snow does not last very long at the lake at this time of year, but leaves things rather sloppy, which is all the more disagreeable because of the fear that more snow is liable to fall at that high altitude at any time.

While the lodge will be left in the hands of a caretaker it is understood the contractor's crew at work on building the new wing of the lodge, and Superintendent Alex Sparrow and his force will remain at Crater Lake until the deep snow drives them out, or as long as they can keep their men at work.

The Crater Lake company office in this city will be closed Sunday, and Roy Hill who has been in charge of it all this season expects to leave for Portland next Monday to work on clearing up company matters, at that end and for an indefinite stay.

### PERSONALS

The following item from the Marshfield News indicates that the report that K. O. Bob Brown was knocked out in seven seconds at Crescent City last Saturday was an exaggeration: "Bert Tribbey won his fight at Crescent City against Knockout Brown in two or three seconds, but the fight ended so quickly that the time was not kept. Brown essayed to attack Tribbey as they shook hands in the ring, as they were squaring away, but Tribbey hooked him a couple that put him down for the count. Wilson was awarded the decision over Battling Frick of Medford at the conclusion of four rounds. In the third round, Wilson almost put Frick out for the count.

"Back Pay" at Rialto  
A girl's heart—torn by love and her fondness for luxury and wealth—is vividly analyzed in "Back Pay," a picture which is now showing at the Rialto theatre. It tells of a country girl with a "crepe de chine" soul who loses and finds herself in the big city. Seena Owen, Matt Moore and J. Barney Sherry have the leading roles.

"One Clear Call" Scores Hit  
"One Clear Call," the wonderful human-interest drama which has thrilled hundreds at the Page this week, continues to "go over strong". It has scored a stupendous success because of the high quality of the acting, the deep heart appeal and the many genuine thrills. A simple but strong dramatic story furnishes the theme, and it has been made into the First National photoplay sensation of the year.

### OFFICIALS GIVE SIKI VICTORY OVER GEORGES

PARIS, Sept. 29.—(By the Associated Press)—The French boxing commission last night in settling the controversy over the outcome of the bout between Battling Siki and Georges Carpentier simply approved the judges' decision awarding the fight to Siki because Carpentier was "hors de combat."

The earnest plea of Francois Descaups, manager of Carpentier, for the addition of the phrase "through injury" was denied, to avoid placing the defeat on record as being due simply to Siki putting away his man in the customary manner.

Descaups voiced a reconsidered view, saying he had no protest to make and admitting that "Carpentier was beaten, and thoroughly beaten, by Siki." He said it was absolutely untrue that Carpentier did not try to win in the first and second rounds. He added that Georges broke his left thumb in the first round and the right thumb in the second round, on Siki's head. Others reminded the manager that both he and Carpentier had previously asserted that Georges did not do his best.

Bernstein, as the referee, attempted to have his signature withdrawn from the fight decision, saying he did not know what he had signed, but the federation ruled he would have to stand by it.
