BUSH AND NEHF PICKED TO OPEN WORLD SERIES

Both New York Teams Reported in Fine Trim for 1922 Classic—Managers Issue Usual Statements—Fair Weather Predicted.

NEW YORK, Oct. 3.—(By the Associated Press)—The New York Giants and Yankees, standard bearers of the National and American leagues were tuned to concert pitch today in final workouts in preparation for the opening tomorrow of their second successive struggle for premier baseball honors.

With a shorter series, attendance records were not expected to exceed last year's high mark—269,977 paid admissions for eight games—but indications pointed to a capacity demand. Club officials today announced a sell-out in reserved seats for the first six games, with thousands of unfiled applications. This is exclusive however, of 22,000 reserved seats in the bleachers and upper tiers of the grandstand which will go on sale each day at ten a. m.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco, in any form, your druggist will refund your money without question. Adv.

Neither manager had committed himself to a prediction of victory. "I look for a higher grade of baseball this year than we had a year ago," John McGraw declared. "This may be contrary to general opinion, but it's my theory. A year ago both teams were a bit leered up and took some time for the tension to lessen. This year both have gone through another pennant winning campaign, and this added to the experience they got in the series of 1921, should result in an absence of 'nerves.' Both should play at their best."

Miller Huggins was perhaps a little more outspoken. "We have a great lot of pitchers," he said. "We have a terrific hitter in Ruth—a game, hard-hitting, fighting ball club—a far better team than the one the Giants beat last year. All the men are physically fit, mentally primed. We have just come out of the toughest fight ever waged for a pennant. On paper we look stronger than the Giants, but the series is not won on paper."

Huggins has five pitching stars—Hoyt, Mays, Bush, Shawkey and Jones—to oppose Scott, Nehf, McCallan, Burns and Ryan of the Giants. Bush and Shawkey stand head and shoulders above the rest in season performances. McGraw's staff faltering badly in the latter part of the campaign, apparently had rounded into more consistent form.

Bush, whom Huggins has picked to open the series, has been handicapped for a while by a stone bruise on his left foot, but the Yankee manager asserted during the workout yesterday that his star twirler has practically recovered. Southpaw Art Nehf is expected to draw McGraw's opening assignment.

EXPECT A BIG CROWD TO HEAR MAJOR WM. MORGAN AT FORUM

Major William T. Morgan will address the members' forum of the Medford Chamber of Commerce tomorrow noon at the Medford hotel. The major is a very able and magnetic speaker and his addresses are said to have a lasting and beneficial impression on the minds of his hearers.

A member of the Kiwanis club in one of our neighboring states said that "a member of a chamber of commerce having the opportunity of hearing Major William T. Morgan and falling to take advantage of it, is missing a great deal."

The major does not allude in any way to the International Correspondence Schools, although he lectures under the supervision of that institution.

Accommodations in the annex dining room will not be adequate for all who desire to attend the forum tomorrow so that the overflow will be served in the main dining hall and notified of the time when the major will begin his talk.

WORK ON ANNEX CRATER L. LODGE WILL CONTINUE

The work on the new addition to the Crater Lake lodge is progressing nicely and Frank P. Salter, the contractor, says they hope to complete the stone work, ready for the carpenters this week or next and will then close the work for the year. Mr. Salter had part of the lumber on the ground to start the carpenter work early next spring and will not have to wait until July to take the material up.

Few people realize what a job it is to get material up to the lake. The granite used came from the Watchman and the lumber and plumbing supplies are hauled from Medford, 85 miles or from Chiloquin, 62 miles, while the sand is hauled from Union creek, 23 miles.

The new addition will be four stories and basement, will have 80 rooms of which 26 will have bath, toilet and lavatories, 23 lavatories and toilet and the balance lavatories only. All will have hot and cold water and there will be public tub and shower baths. There will be 52 of the rooms in the new addition fronting on the lake.

It is also in the five-year building plan of the Crater Lake company to eventually put in a hydro-electric plant to heat all rooms.

The plan also provides for rebuilding the old building after the new addition is completed, which will be for 1924 travel.

The government has constructed this year, through Mr. Sparrow's supervision, Mr. Salter doing the work, a nice comfort station west of the lodge that will be ready for the public next year, also three combination cook and bunk houses, one each at Anna Springs, the camp at Wine Glass and the Devil's Backbone for the comfort of the laborers.

The 61 tent houses used for guests this year have been taken down and stored. There are also 11 tent houses being used by the construction crew of Mr. Salter.

VETERAN OF WAR TO BE LEGION'S GUEST

The Medford Post of the American Legion will have for its guest tonight Lieutenant Parsons, recently of the Australian forces. Lieutenant Parsons saw service on five fronts, in Egypt, Turkey, France, Belgium and Russia, during the six years he spent in the army. Tonight he will address the post, giving some comparisons of the conditions as he found them on the various fronts. Later he will again be in Medford as a guest of the post and will then give an illustrated lecture to which the public will be invited.

ROYAL NEIGHBORS TO HOLD A BIG MEETING

Mrs. Ida Hamblen, state supervising deputy for Royal Neighbors of America, has arrived in Medford and the Royal Neighbors will have an all-day session at Althea Hall Wednesday, October 4. Camps from surrounding towns have been invited to attend, and Mrs. Hamblen expects to have a very interesting meeting. All visiting Royal Neighbors are urged to attend this meeting. The neighbors will serve a covered dish lunch at noon.

Mr. Jazz, Himself at Fair Pavilion Tonight

Cole McElroy, "Mr. Jazz Himself," with his jazz boys, arrived here last night and will appear in a vaudeville entertainment and dance at the fair pavilion tonight, starting at 8:30 o'clock. Mr. McElroy has managed professional orchestras for years and states that his present organization is superior to any he has ever had before. Every member of the orchestra is an artist. The new fox trot by Art Hickman and Ben Black, entitled, "Take me on a Buick Honey-moon," will be featured by them tonight and a free copy of the number will be given to the first 200 people to enter the hall. The Salem Statesman had the following to say concerning the engagement of the orchestra just completed at Salem:

"Cole McElroy with his jazz band orchestra has been in Salem during the past week having the dance pavilion at the fair grounds. The band has played to capacity crowds all week and it was noticeable that many attending the first few nights were again seen on the floors enjoying themselves immensely, the superb music dispensed being one of the reasons for their return."

MERCHANTS VOTE TO BACK APPLE SHOW THIS FALL

Louis Ulrich was elected president of the Retail Merchants Bureau last evening at the annual meeting of that organization. Harvey Field became vice president and H. O. Frohbach was re-elected secretary and treasurer. A vote of thanks was extended to the retiring president, Elmer E. Wilson and the secretary for the services rendered during the past year.

The bureau went on record as favoring another apple show this fall and a committee was appointed to solicit merchandise and cash for premiums to be offered the growers.

Another effort will be made to get shopping done early for the holidays and a big Christmas opening will be held about December first.

The merchants voted to comply with the request of the local post of the American Legion to keep Saturday hours on Friday, November 11th and close their places of business at 11 o'clock in the morning on Armistice day. They approved advertising in the legion's program which is to have a circulation of six thousand.

With the change of administration it was authorized to appoint a membership committee which will solicit business men to become active members of the bureau.

The report of the president showed a number of successful events during the past year and a considerable saving made to all merchants and professional men because of the adoption of the advertising and donation regulations.

Guy Bates Post

An event of more than passing interest to admirers of the films is the first presentation at the Page theater tomorrow matinee of Guy Bates Post, the distinguished star in "The Masquerader."

"The Masquerader" is made from the story and play of the same title, the play with Post as its star having circled half way around the globe. He was seen here in the legitimate at the Page theater, playing one of the most successful engagements of three seasons ago.

Richard Walton Tully who produced the play made the picture, for which he supplied the adaptation as well. James Young was the director, he and Tully working together, assisted by Wilfred Buckland, art director, and Georges Benoit, expert in double exposure photography.

In the cast supporting Post are Ruth Sinclair, Edward M. Kirkball, Barbara Tennant, Lawson Butt, Marcia Manon, Herbert Standing and Kenneth Gibson.

Anita Stewart and Buster Keaton close a very successful engagement at the Page tonight, where they have been entertaining patrons for the past three days.

At the Rialto
Really great screen productions, like the classics of literature, are not every day occurrences in these modern times. Good motion pictures are of course quite common nowadays, but masterpieces are comparatively few and far between, and the Rialto theater will present one beginning tomorrow matinee.

The production is called "The Song of Life." It is all-star and teems with human interest, a great dramatic story of romance and tragedy, behind which is a powerful mother-love theme.

There are tears and there are smiles in this great moving photo-drama of just plain everyday folk. Interpreting the principal roles are such stellar players as Gaston Glass, Grace Darmond, Georgia Woodthorpe, Richard Hendrick.

The keen, tingling breath of the snow-reaches of the North country permeates "The Son of the Wolf." Norman Dawn's thrillingly dramatic filmization of Jack London's twin stories of "The Son of the Wolf" and "The Wife of a King," which ends its engagement at the Rialto theatre today.

Baking Powder—that's the big thing in successful baking

It determines failure or success in baking, more than any other ingredient.

If you do not always have satisfactory bakings, change to Calumet for just one trial. It is pure; containing only such ingredients as have been officially approved by U. S. Food Authorities.

Within the Calumet factories—the largest and most sanitary on earth—hundreds of skilled workers clad in white are busily engaged in producing the baking powder that is used by millions. Human hands never touch it. Its sale is 2 1/2 times as much as that of any other brand. Pure in the making—pure in the baking.

Fill with RED CROWN and nothing else

Motorists who follow this rule in their gasoline buying find that they not only save money—because "Red Crown" yields more per gallon mileage—but improve the power and stamina of the motor.

"Red Crown" enables your car to develop the maximum of power that its makers built into it. It vaporizes rapidly and uniformly in the carburetor, and is consumed completely in the cylinders. Uniform wherever and whenever you buy it—hence you don't have to bother with carburetor adjustments.

Fill at the Red Crown sign—at Service Stations, garages, and other dealers.
