

BETTING TWO TO ONE NO ENGLISH ELECTION IN 1922

LONDON, Oct. 12.—(By the Associated Press)—Odds of nearly two to one against an election before the end of the year are being accepted in the London insurance market, notwithstanding the positive assertions in the press and in political circles that an appeal to the country before Christmas is inevitable. The discrepancy thus manifested is significant of the complete uncertainty surrounding the political situation for the moment.

The morning newspapers again give over their chief columns to discussion, speculations and supposed revelations. Prime Minister Lloyd George's friends continue to insist that he will not resign, while others assert with equal confidence that he has determined to ask the country for a vote of confidence at the polls and that his speech at Manchester on Saturday will be the first gun fired in the great electoral campaign.

There is general concurrence on one point, namely, that the crisis has been brought about by the restiveness of the rank and file of the conservative, who are tired alike of the coalition government and Lloyd George's leadership and eager to get back to party lines. It is stated in several quarters, however, that the conservative leaders in the coalition cabinet continue loyal to the premier and that the situation in that respect is practically identical with the position when Lloyd George previously threatened to resign unless the conservatives "save greater support to his leadership."

It is said this loyalty on the part of his conservative colleagues is having a great influence on the premier's attitude and according to some versions he is relying upon it to secure the country's support and wreck in advance the conservative convention scheduled for the middle of November which if held, might attempt to compel the conservative leaders to resign their posts.

Amidst the many uncertainties one thing is certain—that the next few days will supply the public with more excitement concerning domestic politics than it has enjoyed since the outbreak of the world war.

One of the interesting features when an election is declared, will be the number of women seeking the limelight of parliamentary life. The present women members, Lady Astor and Mrs. Margaret Astringham, are said to desire re-election and nearly a score of others are already announced as candidates, the great majority being for liberal and labor constituencies.

IOWA KEYED UP OVER GAME WITH YALE SATURDAY

IOWA CITY, Ia., Oct. 12.—(By the Associated Press)—Farmers of Iowa today have forgotten about the price of corn, the market value of hogs, and the usual talk about bumper or lean crops—all because 25 of their sons, members of the University of Iowa football squad, 1921 champions of the western conference, are on their way to New Haven, Conn., to play Yale in the bowl Saturday in the biggest football game of Iowa's history.

The rival teams are coached by brothers—Howard Jones, and Brother Tad, famous mentor of the Yale eleven.

Iowa's offensive is a mixture of the old and new in football. The open style probably will be chiefly in evidence against Yale, as Coach Jones has developed a system of shifts that he thinks will be effective. Although he lost seven letter men last year his team has shown offensive strength this season.

SAN FRANCISCO IS SURE OF PENNANT

SAN FRANCISCO, Oct. 11.—Baseball fans of San Francisco are preparing to celebrate the winning of the first Pacific Coast League pennant brought to San Francisco since 1917. Tuesday's defeat of Vernon by Los Angeles put San Francisco two and one-half games ahead of the second place Tigers and local fans are certain that the Seals cannot be overtaken.

HUGGINS RE-ENGAGED AS YANKEE MANAGER

NEW YORK, Oct. 12.—Miller Huggins, whose re-engagement as manager of the New York Yankees for 1923 was announced yesterday, will have a free hand in organizing the team for next year, according to the owners of the baseball club. The selection of Huggins for another year, at the helm of the American league champions set at rest reports that he was to be deposed because of the club's poor showing against the Giants in the world's series, and was accompanied by expressions of confidence in the diminutive pilot by Jacob Ruppert and T. L. Huston, Yankee owners.

Huggins has not been in the best of health and will undergo a minor operation at his home in Cincinnati, after a rest of a few days in Atlantic City.

Yesterday's Results
 Vernon 2, Los Angeles 1.
 Oakland 1, San Francisco 0.
 Salt Lake 3, Seattle 0.
 Sacramento 5, Portland 3.

Cubs Lead by One Game
 CHICAGO, Oct. 12.—With a two to one lead in games over the White Sox the Cubs invaded Comiskey park again today for the fourth game of the city series.

Leverett was Manager Gleason's probable pitching choice, while Manager Killifer expected to send either Aldridge or Cheeves against the Sox. The starting time of today's game was moved up to two o'clock.

Praying Colonels Depart
 DANVILLE, Ky., Oct. 12.—The praying colonels, griddon warriors of Center college today turned their faces to the east, beginning an invasion scheduled to end with the clash with the Harvard eleven October 21. Twenty-six players entrained for the trip.

CLAIM DRY AGENT WHO WAS KILLED DRANK HOOCH
 DALLAS, Ore., Oct. 11.—Testimony to the effect that Glenn H. Price, one of two prohibition agents for whose alleged murder Philip Warren, an Indian of Grande Ronde, drank liquor was offered by the defense today.

It was testified that Price had said, "Here I am drunk, I have been drunk for a week."

E. W. Holden, deputy sheriff of Tillamook county, had passed a bottle around at a garage following the shooting, was the substance of testimony given by Ingonus Bonouch, also of New Grande Ronde.

Cut This Out—It is Worth Money
 Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. Sold everywhere. Adv.

The Carpentier-Siki Fight

The knockout of Carpentier by Battling Siki, Cingalese fighter, in the 6th round. The Frenchman was a badly beaten fighter at the end of the fight.

GREEK RESIDENTS THRACE, FLEEING

ATHENS, Oct. 12.—(By Associated Press). The Greek government, supported by private organizations, including American, is achieving results in solving the problem presented by the presence of thousands of refugees from Asia Minor.

The arrival here of Dr. Fridtjof Nansen will add to the strength of the support given by the League of Nations but foreign assistance will be required if thousands of women and children are to be saved. Clothing, especially undergarments, is badly needed.

Newspaper dispatches report that the Greek residents of eastern Thrace already are fleeing, fearing the arrival of the Turks, from whom they declare the allied soldiers can not protect them. The government is requisitioning theaters and rooms in private houses as refugee shelters.

The nation was prepared for the signing of the armistice at Mudania and the report of its consummation caused no excitement here.

ARMOUR REFUSES TO GIVE DETAILS GRAIN GAMBLING

CHICAGO, Oct. 12.—J. Ogden Armour, packer, and George E. Marcy, president of the Armour Grain company, principal witnesses yesterday before the federal trade commission in its inquiry of trading in grain futures, were in conference with attorneys today to determine to what extent they will reveal details of their grain transactions when they appear before the commission again tomorrow.

Declining yesterday to disclose the intimate details of their speculations, Mr. Armour and Mr. Marcy agreed to tell the commission tomorrow that they would furnish the dates and figures of their trades requested by the federal inquiry board.

Mr. Armour characterized himself as a "casual trader" in the grain market. He denied that Armour and company, the packing house, was interested in any grain deals in which he participated, asserting that the packing firm does not trade in grain futures.

He said some of his grain transactions were handled by the Armour Grain company and some by other brokers whose names he declined to reveal. Both Mr. Armour and Mr. Marcy defended the board of trade as a necessary medium through which the farmer finds a sure and constant market for his grain.

"The farmer has a place to sell his grain every day in the year," Mr. Armour said. "He may not at times get the price he is entitled to but I think it has stabilized conditions. Generally speaking, he is better off. I would say, than without a speculative future market, because no man in the grain business would buy wheat until he had sold it and you know that some times you have to carry wheat a long time before you can sell it."

CAR SHORTAGE IS BADLY CRIPPLING APPLE MARKETS

CHICAGO, Oct. 12.—The car shortage has begun to have serious effects, according to indications shown in the weekly fruit and vegetable review of the federal bureau of agricultural economics, issued today. Last week total shipments of fruits and vegetables decreased nearly 1000 cars from the preceding week, and although the peak of the car lot movement is usually not reached before the middle of October the last week of September remains the record period for the current season.

The total movement of 14 fruits and vegetables for the week ending October 7, was 25,413 cars or 400 less than for the corresponding week last year. Potato shipments were lighter, with a fairly steady tone maintained and little price change except a 15 cents advance in Chicago, although in general leading shipping sections, sales were made at a lower range. Shipments were about 1400 cars below the total of the previous week. Minnesota led with 1155 cars shipped.

Grapes weakened under the heaviest shipments of the season and sweet potato values declined. New York and Chicago each received 1900 cars of grapes for the week. The values for potatoes also declined some at New York, Michigan and Colorado points. The official apple report showing a decrease of 15,000,000 barrels in the estimated crop is expected to stabilize the market which was dull and uncertain in Michigan and New York. Early sales of best grade Baldwins in the Rochester, N. Y., section ruled from \$3.25 to \$3.50, against \$6.50 a barrel a year ago. Michigan prices were 25 cents higher this year than in Rochester. Not until now has the car shortage been felt in the northwestern apple growing states, the report said.

CLAIM LAD WAS IN BED AT TIME RECTOR'S MURDER

NEW BRUNSWICK, N. J., Oct. 12.—(By Associated Press). Thomas F. Hagerty, counsel for Clifford Hayes, the 19 year old boy held on a charge of murdering the Rev. Edward Wheeler Hall and Mrs. Eleanor R. Mills, announced today he had proof that Hayes was at home in bed at the hour when Raymond Schneider who is held as a material witness, charges he committed the crime. The lawyer declared he was absolutely convinced of Hayes' innocence.

The authorities turned part of their attention today to checking up new stories told by Pearl Bahner. She sought in her latest story today to turn suspicion on her father, who, she asserted, had more than once, threatened to cut her throat. Mrs. Mills' throat was cut and the story told by Schneider of an attack by Hayes fails to explain this fact.

The girl said that after she had walked with her father as far as Ruceluch park on the night of September 14, and had had an encounter with Schneider, Hayes and Leon Kauffman, her father took her home and told her to go to bed. This she said, was around 10 o'clock. Looking out of the window she declared she saw her father walking about and muttering to himself.

Bahner, who was arrested last night on a statutory charge preferred by his daughter after she had been locked up as an incorrigible, was uncommunicative in his cell today.

CAR SHORTAGE IS CHIEF OBSTACLE U. S. PROSPERITY

NEW YORK, Oct. 12.—Shortage of railroad transportation is so great and serious that it is not only limiting but will for a long time continue to limit production and commerce of all kinds, Samuel C. Dunn, editor of the Railway Age, asserted at the annual convention of the Associated Business Papers here today.

Almost every other condition is favorable to an increase of production and commerce and a revival of prosperity, he declared.

The present situation was aggravated but not created by the coal and railway shopmen's strike, Mr. Dunn said. The condition was due mainly, he said, to a great industrial revival and commercial activity and to a long decline in the expansion of railroads.

"The reduction in the expansion of the railroads has been due to the policy of government regulations which for 15 years has reduced and restricted the net return earned by them," he said. "Under a ruling of the Interstate commerce commission they are now entitled to earn an average of 5% per cent. Thus far in 1922 they have earned 4 1/2 per cent. They can never raise enough capital to develop their facilities and handle the country's business until they can earn a larger net return."

This is the Stove Polish YOU Should Use
 It's different from others because more care is taken in the making and the materials used are of higher grade.
Black Silk Stove Polish
 Makes a brilliant, silky polish that does not rub off or dust off, and the shininess lasts four times as long as ordinary stove polish. Used on chrome, brass and steel. Sold by hardware and grocery dealers.
 All we ask in trial, use it on your stove, your kitchen sink or best tin ware. If you don't find it the best stove polish you ever used, your dealer is warranted to refund your money. Trust on Black Silk Stove Polish. Made in liquid or paste form.
 Black Silk Stove Polish works Sterling, Illinois.
 The Black Silk Stove Polish is made from natural materials, is non-toxic, and is safe for use on all surfaces. It has no equal for its shine and durability.

A Revolutionizing Invention

The Superfex Burner that cooks with the speed and satisfaction of gas the year 'round

Cuts Your Fuel Bill

- What You Get in This New Range**
1. Cooking speed of the giant gas burner in the Giant SUPERFEX Burner. Cooking speed of the standard gas burner in standard-size SUPERFEX Burner.
 2. Clean, odorless cooking heat.
 3. Absolute reliability, greater convenience.
 4. Handsome, sturdy, long lived stove with roomy porcelain enameled cooking top and even stronger base shelf for utensils.
 5. New Perfection quality—standard throughout.

Look for the beautiful Gray Enamel Finish on all Superfex Burners

Why worry about coal shortage or the high price of fuel? Use a handy Perfect Oil Heater—chases chill from any room. Produces ten hours of clean, odorless heat on a gallon of kerosene oil.

NOW you can cook at a fuel cost lower than gas at 85 cents per thousand—and far cheaper than with electricity. At the same time you still have all the cooking speed and satisfaction of a gas stove.

The New Perfection Oil Range with SUPERFEX Burners gives you an entirely new and greater measure of service and year 'round usefulness. Its amazing speed and economy have been tried and proved by actual kitchen tests. It has already won wide popularity for use in city, suburban and farm homes.

If you want lower cooking costs investigate this revolutionizing invention—the SUPERFEX Burner.

A demonstration will convince you that this is the stove you have always wanted. See it at the New Perfection dealer's now.
