

ALEXANDER POWELL TO TELL OF "STRANGE TRAILS" IN OTHER LANDS

"Where Strange Trails Go Down" is the title of the lecture to be given soon by E. Alexander Powell, the noted author, lecturer and "professional outlooker." With some ten miles of celluloid film, he recently toured the Malay States, Java, Borneo, Sulu, Cochinchina, Sumatra—names synonymous with romance. The best of this film will be shown on his coming lecture tour. During the summer of 1922 he visited Turkey, Armenia, Persia, and thence on to Bagdad; from there he ascended the Euphrates through Mesopotamia and Palestine. He has traveled on four continents and through one hundred countries. He has been in half a dozen wars and served with eleven armies. He is well known as a newspaper correspondent and magazine writer. He was with the Ninth German Army during its advance on Paris, and later, when America entered the war, he gave up his work as correspondent to accept a commission as a captain of cavalry in the American army. He was injured at the Marne, and was invalided home after the armistice. During his extensive travels he has obtained not only remarkable motion pictures of the places where he has been, but has also obtained a keen insight into the political and social conditions of the various countries visited, and these conclusions form an interesting part of his lecture appearance.

First number Artists Course—Page Theatre, Friday, October 27. Season Tickets \$3.00. Single admission, lower floor, \$1.00; four rows balcony, 75c; school children balance of balcony, 50c; reserved seats open Wednesday.

HARDING TAKES STAND AGAINST KU KLUX KLAN

WASHINGTON, Oct. 26.—President Harding's statement in the Texas Ku Klux Klan situation should do much in Oregon to increase the majority of Governor O'Leary, according to political observers here.

The president's statement relative to the Texas situation is general in character and applies equally to the situation in Oregon, although naturally the president has taken no direct part in any state in the election of state officials. His declaration, however, clarifies the air and shows the position of the chief executive on the Klan issue.

The president's letter to R. B. Creager, Texas republican chairman, commended the party for aiding independent democrats in a fight "against all groupings of classes and attending dictation which is contrary to American ideals."

"I think it is not amiss," the letter read, "for me to say that I think it an augury of a new era in the politics of your great state that the republican organization so promptly and unanimously turns to co-operation with the independent democratic movement to carry on a campaign dictated by the necessities of the situation which has developed."

"I like to think of the aspiring republicans of Texas being committed to the fullest maintenance of American freedom, determined to oppose all groupings of classes and attending dictation, which is contrary to American ideals."

CHICAGO, Oct. 25.—The American Farm Bureau Federation has announced completion of plans for what was declared to be the largest co-operative sales agency in America for the handling of fruits and vegetables. The new sales agency will be known as the Federated Fruit and Vegetables Growers, Inc.

The new organization has taken over the North American Fruit Exchange, which has been operating for eleven years as a mutualized sales service.

Five stamps each from the first sheet will be given to Theodore Roosevelt, Jr., assistant secretary of the navy and Mrs. Alice Longworth, daughter of the ex-president.

Except the three offices mentioned the stamps will not be placed on sale elsewhere until the supply of five cent stamps is exhausted.

SEATTLE MAYOR TO ABOLISH COUNCIL

SEATTLE, Oct. 25.—Mayor Edwin J. Brown announces that he is committed to a project to abolish the Seattle city council. He made the announcement after the municipal legislature for the fifth time had refused to confirm Carl S. Gassman, manager of the campaign in which the mayor was elected, as superintendent of streets.

The mayor said that he would have Gassman retire from the street department where he has been in charge for several weeks, though receiving no pay from the city and unable to sign any orders.

QUICK ACTION BY MEMBER OF CREW SAVES DIRIGIBLE

NEWPORT NEWS, Va., Oct. 25.—Destruction of the army dirigible C-14, was prevented today in the opinion of officers at Langley Field, by the presence of mind of a member of the crew when a hole was torn in the blimp's gas bag as it was being taken from its hangar. When hydrogen began to hiss from the bag those nearby scurried for safety, except one man, who pulled the rip cord, releasing the gas.

Officers who witnessed the accident declared that if this had not been done the blimp probably would have met a fate similar to that of its sister ship, the C-2, recently destroyed at San Antonio.

The bag of the C-14, according to officers, will have to be rebuilt. The name of the member of the crew who is believed to have saved the dirigible was not made public.

Duke Morrison High Scorer BERKELEY, Cal., Oct. 26.—National football scoring honors for this year to date are being claimed for "Duke" Morrison, a fullback on the University of California team. So far this season Morrison has brought in 69 points, having carried the ball over for ten touchdowns and kicked nine goals.

Brown persisted in his effort, but Mr. Revelle remained firm in his refusal and the mayor left the building.

Don't Treat Kidneys Rough, Warns Dr. Carey, Specialist

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits.

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Backache, for instance, puffiness under and specks floating before the eyes, heavy feet and dry skin, are also danger signals. "Thousands die yearly because they neglect their kidneys," says Dr. Carey "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my famous Prescription No. 777, which, during my active practice, has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name Dr. Carey's Prescription No. 777, a name that every sufferer from kidney trouble should remember.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his great Prescription No. 777 has helped thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and was originally only sold through drug stores to accommodate his patients. Adv.
