CONSTANTINOPLE, Nov. 7.—(By the Associated Press.)—According to Turkish national quarters the British forces are retiring from Mosul, on the Tigris, in northern Mesopotamia and the Kemalists are entering the evacuated area.

CONSTANTINOPLE, Nov. 7.—Constantinople is in a fever of apprehension over the Kemalists' demands for the removal of the allied military and naval forces, the extension of the nationalist regime here, imposition of confiscatory customs duties, the condemnation of the allied and the indiscriminate arrest of prominent Constantinople Turks.

The allied commissioners have asked their government for instructions as to a view to the proclamation of martial law. They held an extraordinary council last night at which the nationalist demands for the curbing of their activities in Constantinople, eastern Thrace and areas and counteracting the inroads of the Mudania convention. It is understood the commissioners even asked expulsion of Rafet Pasha from state in the event of continued violations.

Meanwhile, the city which had anticipated the Lausanne conference to clear up the various disputes, became the prey to worse than those prevailing before the armistice was signed. It was remarked, however, that the first time in many weeks a has been complete unanimity among the allied action toward nationalists and the belief was expressed in some quarters that the nationalists would retreat from their stry stand in the face of the ally.

### FIRST PRIZE AWARD ON PEARS ALSO

Apple Sweepstakes Prize at Livestock Show Awarded to Southern Oregon—Best Box of Spitz Raised in Northwest This Year—Clean Sweep Made On Pears.

Jackson county is the prize apple growing district of the northwest. Put that in your pipe and smoke it, Mr. Pessimist. For according to a telephone message from C. C. Cate from Portland received today, Jackson county has been awarded the apple sweepstakes prize for a box of Spitz, and also secured first prize on Spitz. This award was in competition with Hood River, Wenatchee, Yakima and other prize apple growing districts of the Pacific Northwest, exhibiting at the International Livestock Exhibition in Portland.

This victory means \$50 in cash prizes, but that is nothing as compared with the value of an advertisement. Moreover this marvelous victory coming after winning the sweepstakes at the state for two seasons in succession gives Jackson county the undisputed title to the best fruit and agricultural district on the Pacific coast.

The award means the best box of apples produced in the northwest this year, grown in Jackson county, and those who have claimed southern Oregon is only a pear country and can't compete with the northern districts in apples, particularly apples in the Spitz class where color is a material item, will have to go way back and sit down.

Nor was this the only triumph at Portland by Jackson county. In four other classes the blue ribbon was secured for apples, as well as the first prize on six classes of pears. Printed below are the main awards:

- Apples.**  
First, Delicious (one box).  
First, Winesap (one box).  
First and second, Winter Bananas, (one box).
- Pears.**  
First and second on Bose (one box).  
First on Howells (one box).  
First and second on Anjou (one box).  
First and second on Comice (one box).

### VIOLENCE AND GUN PLAY MARK CHICAGO ELECTION WITH KU KLUX AS ISSUE

Religious Strife Marks Close of Political Campaign in Illinois Metropolis—Republican Worker Fired On—Attackers Escape in Motor Car—Feeling Runs High Throughout Country—Big Vote Everywhere Expected—Portland, Oregon Attorney Ill in Bed, Taken to Polls On a Stretcher—Both Sides Claim Victory As Usual—President and Cabinet Members Vote By Mail.

CHICAGO, Nov. 7.—Violence in connection with the election broke out early today in Chicago when J. H. Clancy, a republican precinct worker, in the eighteenth ward was fired on as he was leaving his home. None of the shots took effect and the attackers escaped in a motorcar from which three men fired several shots.

Bitterness has marked the campaign for Cook county offices in which the republican factionalism, religion and even to a small extent, the Ku Klux Klan have been injected as issues. While the entire republican county ticket has been endorsed by Mayor Thompson and Attorney General Edward J. Brundage, bitter political enemies, beneath the surface, factionalism has been reported to have continued its strife.

PORTLAND, Ore., Nov. 7.—Each vote counts, no matter for whom it may be cast or for what measure it may favor or oppose, believes Thomas G. Ryan, Portland attorney, who is recovering from an operation at his home here.

Although confined to his bed Ryan will go to the polls today to cast his vote. Arrangements have been made for a pair of stretcher bearers to carry him to the polls, two blocks away.

President Harding Votes  
WASHINGTON, Nov. 7.—Elections over the country today had their reflex in Washington. In every government department there were many vacant places, several members of the cabinet and many under officials and employes having gone home to vote.

The exodus this year, however, was not as great as usual as an increasing number voted by mail.

Having registered his choices in this manner, President Harding was at his office at the regular hour. He had all the latest forecasts of his party lieutenants and as the day wore on received reports from the actual balloting.

Tonight he was to get the results in his study as rapidly as they could be received at the executive offices over an Associated Press wire and relayed to him over the telephone by Secretary Christian.

### ATTY. GEN'L. CLAIMS PLOT TO OBSTRUCT JUSTICE IN CASE OF MURDERED RECTOR

NEW BRUNSWICK, N. J., Nov. 7.—Investigation of reports of a plot to obstruct justice in the Hall-Mills murder case and to protect the murderer was under way today. Special Deputy Attorney General Wilbur A. Mott, who expects to seek the indictment of a "woman in grey," the latter part of the week on the strength of the story of Mrs. Jane Gibson, an eye-witness, is said to feel that the inquiry has been hampered by the refusal of some of the witnesses to tell all they knew. Others, it is said, have placed obstacles in the way of the investigators and Mr. Mott intends to prosecute them on charges of being accessories after the fact, in the event he finds evidence supporting the report.
