DUO-ART CONCERT
IS A GREAT TREAT
TO MUSIC LOVERS

By George Andrews.

The concert given at the Presbyterian church last evening by the Duo-Art reproducing piano, with Alice Savina Andrews as vocal artist was a distinct success and a very agreeable surprise to many. The concert was given under the auspices of Weeks and Orr representing Sherman Clay Music company. This is the first time we have had the privilege of listening to this style of entertainment, and it certainly is a great step in advance in reproduced music. You can almost say that nothing is missing but the personality of the performer, and at times that is felt to a degree as the reproduction is so perfect.

Alice Savina Andrews, mezzo-contralto, was the vocal artist and to say that she is an artist is putting it very mildly. Medford has never listened to a more satisfactory singer—so well balanced in every particular. Her voice, a lovely full quality, produced with consummate ease, combined with musicianship of a high degree go to make her one of the rare exceptions in concert singing. She won her way to the hearts of all the audience.

SULPHUR CLEARS
A PIMPLY SKIN

Apply Sulphur as Told When
Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying a little Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles' Menthol-Sulphur and use it like cold cream.
