FOREIGN SHIPS TO BATTLE RULINGS AGAINST BOOZE

WASHINGTON, Dec. 20.—The decision of Federal Judge Hand at New York, holding that foreign vessels cannot bring intoxicating liquors into the territorial waters of the United States was attacked as contrary to immemorial usage and unwarranted by any present law in a brief for the foreign lines filed in the supreme court today by former Attorney General George W. Wickersham.

Summing up his reasons for asking that the lower court be reversed, Mr. Wickersham declared that although the prohibition amendment and the Volstead enforcement act apply to the United States and all territory subject to its jurisdiction, they do not operate to constitute regulations of international affairs of foreign merchant vessels coming within American waters.

Immemorial usage, the brief asserted, established the right of such vessels to carry beverages as a part of their stores or supplies for the use of passengers and crew and something further than any law now in statute books would be necessary to prohibit continuance of that custom.

Merchandise of liquor on board a ship, lawful in its inception, cannot become unlawful, Mr. Wickersham argued, the moment the ship crossed the three mile limit into American territorial waters. He asserted the presence of these liquors on board while the ship is in American waters and on her progress from the three mile limit to her dock and return was not transportation within the meaning of the prohibition amendment or enforcement act.

CORVALLIS DEFIES ATHLETIC BOARD, TO PLAY TOLEDO

Although Corvallis has decided to play Scott high school of Toledo a football game on New Year's Day in defiance of the state athletic board of control and over Medford's protest a final effort is being made by several Medford football fans to convince Scott officials that Medford is the team that Scott should play when the Buckeyes come to the coast.

Medford was picked by the state board as being "a representative team of the state high school athletic association" and has made a better record through the season than has Corvallis.

If Scott wins from Corvallis Scott will not have a clear claim to the United States championship, as Medford feels that she has a better team than the northern school and will maintain that belief.

Corvallis scored 282 points during the season against opponent's 7, while Medford scored 351 to opponent's 10 and made a remarkable showing against the O. A. C. Rooks.

Little faith that the efforts of local sport fans will amount to anything is held by the majority of fans locally and it is practically conceded that Corvallis has the game although tactics employed by the northern town to secure the contest do not meet local approval, and neither does the attitude of Portland.

The Corvallis Gazette-Times says, in part, regarding the Toledo game: "The only possible fluke would come in the disposition of the state board governing high school athletics refusing to give Corvallis permission to play because of some idea that Medford had some sort of prior claim to the game. However, the local authorities know the facts in the case as to Medford's negotiations, know that Medford did not actually come through with anything but talk, and are confident that, however much the southern metropolis may rave or represent, nothing of a serious nature can be presented for consideration of the body, and they can not see anything other than that Corvallis will be given permission to play."

LONE FIR TREE IS MOTHER MEMORIAL

WALLA WALLA, Wash., Dec. 20.—Attorney W. E. The tree can be seen for miles around and is a valuable landmark, so Mr. Cahill has dedicated it to the public as a memorial to his parents, William R. and Angeline Cahill, both deceased.

Mrs. A. E. Broman, 124 Tripp St., Medford, says: "My kidneys troubled me for a long time and I became run down and suffered from nervous dizzy spells.
