O. A. C. EXTENSION DIRECTOR TALKS AT NOON FORUM

Mr. Maris, Director of Extension Service, talked before the Chamber of Commerce Forum at its noonday luncheon today upon the following points: The cooperative movement has attained such magnitude in the nation that it appears that this will be characterized in history as the "Period of the Rise of the Cooperative Movement in American Agriculture." The condition of agriculture in this country since the war has been sufficiently grave to justify some fundamental economic changes. We have passed through several distinct stages in our agricultural development without having yet made any appreciable progress in solving our increasing complex marketing problem. We cannot right the situation by economic production alone. Improvements come under cooperative system that for lack of incentive do not come under private systems. I refer to the orderly marketing, the development of new markets, the grading and standardization of products. If we are to retain the American standard of living and retain the purchasing power of the farmer, we must pay the farmer at a price of production more in keeping with the cost of production. From the standpoint of public national policy the business men can well afford to encourage cooperative marketing.

BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor.

Mrs. H. A. Smith, 103 E. Jackson St., Medford, says: "I know the value of Doan's Kidney Pills and am glad to recommend them. My kidneys were weak and disordered and I had severe backaches. The pains through my kidneys made it hard for me to do any stooping or lifting, but Doan's Kidney Pills from the Medford Pharmacy soon removed the backache and other signs of kidney disorder."

TELLS OF DEPORTATION

(Continued from Page One)

B. M. McKoin, former mayor of Mer Rouge.

This was the first mention of Burnett's name by witnesses at the state's investigation of masked and hooded band depredations and the slaying of Richards and Daniel.

Mrs. T. F. Richards, wife of one of the slain men, heavily veiled, testified at the afternoon session.

"When was the last time you saw your husband?"

"At our home in Mer Rouge the morning he left for Bastrop for the celebration on August 24."

"What do you know about the kidnapping of your husband?"

"Nothing except what neighbors said. On August 18 he told me of being taken out by the Klan. We were then in Bastrop, where we intended to take our home. My husband was going to work in a garage. We brought the baby with us. I went shopping and left the baby with her father. When I returned baby told me 'the Ku Kluxa have got papa.' The baby is four years old."

"How did she know about the Ku Kluxa?"

"She had heard me talking and reading about them at home. We left for our home in Mer Rouge, but the baby kept talking about the Ku Kluxa. Oh, mamma, they came with them black masks on and got Daddy, the baby would keep on saying, 'I became so worked up I returned to Bastrop and hunted for my husband. I was later joined by my husband, who said he had been taken out in the woods and held for two hours.'"

"Did your husband tell you about being kidnapped on August 18?"

"Yes. He said they came and got him out of the garage, blindfolded him, tied his hands. They took him out on the Venore. They asked him about the shooting at Dr. McKoin. He told them he knew nothing about it. They told him they were going to hang him."

"He told me they walked him about the woods. He said he thought they were looking for a place to hang him. He told me they then said they were satisfied with what he had said. He then said they unmasked. They asked him if he recognized any of them. He said he told them he recognized Captain Skipworth, but none of the others."

LONDON, Jan. 10.—(By the Associated Press.)—A Reuter dispatch from Cologne this afternoon says: "The attitude of the Germans in the British area is venomously anti-French.
