There was an exceptionally good public market this morning for this time of year, a feature of which was the selling of the first spring produce consisting of spinach and young carrots, beets and onions. Every booth was taken and in some booths the sellers had to double up with their offerings. There was a deluge of chickens, 200 of which were sold, and country sausage, which was also in great demand by the many buyers.

However, the south-bound trains will be two hours or more late for some time in reaching Medford because of the soft condition of the track beds in the Willamette valley necessitating slow and careful running.

BIG, WELL-BEHAVED FLAPPED CHORUS

BEST IMITATIONS OF JIGGS PICKED, NOW ON DISPLAY

If the kiddies of Jackson county had their way, Jiggs would be president of the United States, governor of Oregon, or something like that. There is no doubt that George McManus' famous cartoon character has a genuine sweep of popularity over the Rogue river valley. Every boy and girl is talking Jiggs, thinking Jiggs, dreaming Jiggs, and reading about Jiggs daily in the Mail Tribune.

The cause of this sudden enthusiasm was the Jiggs cartoon contest, launched recently by the Mail Tribune and Medford Sun. It seemed that every kid in every nook and corner of Jackson county hunted up a pencil and a sheet of paper and entered a picture. The artistic efforts of McManus, Satterfield, Darling, Knerr and all the rest of the cartoonist's fraternity were backed off the map by the many drawings that were submitted. Judges who were chosen outside of the office force, worked late in the night, trying to select the best imitation. They had to consider age, originality, detail, expression and many other points and nobody could envy their job. After careful deliberation they announced the following winners:

First prize—Addison D. Helms, Jr., age 14, Hawthorne school, Ashland. Second prize—Jessie Schleichert, age 12, Lincoln school, Medford.

ROGUE RIVER FIVE BEATS ASHLAND

The Ashland basketball team was defeated last night by a score of 23-17 by the Rogue River five which has recently completed a very successful northern tour.

It is understood that the Rogue River high school has a total enrollment of 27 students, 13 boys and 14 girls but despite this size handicap the small school has turned out a good hoop combination which defeated five out of seven schools played this season in the northern part of the state. Coach Hughes of the Ashland aggregation says that he is well satisfied with the showing his men made last night despite their defeat and that as the season progresses he is sure of improvement. Last night was the first game that the five high school men have played together this season. The Cottage Grove high school five

will meet the Ashland high school team in two basketball contests next Monday and Tuesday nights.

Attention Rebekah Sister Mildred McMahan of the Rebekah assembly will pay Olive Monday, January 15. Officers and members are requested to be there at 7:50. A social evening will follow. By order of the Noble Grand. Carrie Rickert. 250*
