

# Local and Personal

The sheriff's office has not yet started to enforce the payment of the 1923 state license for dogs, but is making preparations to make a clean sweep in enforcing the state law, which requires every owner of a dog in the county to pay the license fee, which is \$1 for male dogs and \$2 for female dogs.

\$6.50 motor driven horns at the Electric Shop.

Power sprayer for sale cheap, new. Phone Mr. Brodt, 749-R evenings, or write general delivery, Medford, 256.

The tramps are beginning to travel north from California, a month earlier than usual, and hence the city prison has from three to five lodgers nightly and has for a week past. Chief of Police Adams has continued the policy of former Chief Timothy of compelling the tramps to leave the city as soon after their arrival as possible, except that those who arrive at nighttime are given lodging in the jail before being compelled to move on in the morning.

Dance, Eagle Point, Sat. nite. 267.

For Sale—10,000 acres of land consisting of alfalfa, grain and stock ranches, orchards and timberland, some irrigated; also mining property. All property must and will be sold at some price. Oriental ballroom masquerade, Wed. Jan. 24.

Hemstitching at Deuet's. 267

Considerable interest locally is manifested in the trial of Dewey Jones on a highway robbery charge in circuit court at Grants Pass, which began today, and concerning which the Grants Pass Courier of last Saturday says: "Oregon Jones made a confession recently to his part in the robbery here during the past half year but entered a plea of not guilty when given a chance to plead. Dewey Jones has maintained his plea of innocence throughout, holding that he was not a party to the crimes. Several victims of the highway robbery of last summer are here to take part in the trial as witnesses."

Hot tamales and chili con carne at De Voe's.

All kinds of rough and dressed lumber. Wallace Woods, phone 108, 711 E. Main.

Mr. and Mrs. G. L. Bahrmann are expected to arrive in Medford today after a week's motor and train trip to Portland. They left their car at Eugene on their trip north because of the floods and returned yesterday to Eugene by train.

Darrell Minkler, former Medford resident, now a resident of Portland, is in the city visiting friends.

George Gates returned this morning from Portland where he had been on a brief business visit.

A California Oregon Power company car struck the pole that supports the light on the northwest corner of the Union Oil company's service station grounds, this morning and demolished the globe and the top of the pole. The accident occurred as the result of a large truck getting in the way of the Copco car making it necessary for that car to dodge.

Glenn Patrick, Sr., will speak to the Masonic order in Roseburg tonight on the organization of a chapter of the Order of De Molay in that city.

Paul B. McKee and family returned this morning from San Francisco and eastern cities where they had been visiting for the past month.

After having been a patient suffering with the flu at the Medford Community hospital for the past two weeks, Miss Bessie Noble has returned to her home at Grants Pass.

## ORCHARDISTS BACK COUNTY AG'T CATE, CO. COURT YIELDS

Fruit men of the valley, headed by George Mansfield and Dave Wood journeyed to the county court Saturday morning, and engaged in an all morning discussion and debate over the appointment of an assistant to County Agent C. C. Cate. The fruitmen won their point.

The county court was favorable to the appointment and the appropriation for that purpose, but wanted to name the assistant, a prerequisite that the fruitmen insisted, rested with the county agent and the Oregon Agricultural college. It is said the county court favored A. R. Chase, a former school supervisor of this county, and for the past three years engaged in agricultural extension work in several places.

The fruitmen had no particular selection, but maintained it rested solely with the county agent and O. A. C.

The horticultural brigade consisted of about 25 orchardists, and the session is reported to have been "lively" in spots.

## JIGGS SPECIAL AT LOCAL LUNCH ROOM

The appearance of the words "Jiggs Special" on the menu cards at Dan's Lunch this noon aroused the curiosity of all patrons as well as folks who perused the menu card pasted on the front window.

"What is this Jiggs Special thing you've got on your program?" asked the patrons. "Corn beef and cabbage," ironically replied Dan. And thereby hangs a tale.

It seems that the "Bringing Up Father" company, which features Maggie and Jiggs and plays at the Page tonight, arrived in the city from the north yesterday morning and spent the day here, during which several members, including the press agent, dined at Dan's place and struck up an acquaintance.

They confided to the innocent Dan that all the company members fairly doted on corn beef and cabbage and that if he would serve that food among today's dishes, and put it on the menu where the company could see it, as "Jiggs Special," every mother's son and daughter of them would eat the toothsome and famed diet until they nearly reached the fondering stage.

Dan saw visions of a financial clean-up on corn beef and cabbage today and hence prepared an unusually large quantity. The Jiggs and Maggie actors and actresses who visited the place this noon calmly ordered tea, bone steaks and the trimmings after perusing the menu and seeing that the publicity scheme had worked.

## UNION OIL COMPANY BOOSTS CRATER LAKE

Despite the fact that the feature has not yet been inaugurated in Medford at the local service stations of the Union Oil company the Chamber of Commerce of this city has sent the following letter to C. W. Ralph, at Los Angeles, manager of stations of the Union Oil Company of California:

"The attention of the board of directors of the Medford Chamber of Commerce has been called to the fact your company is using bill boards featuring Crater Lake as backgrounds for your service stations in various sections, and this body wishes to express to you their appreciation of your efforts towards advertising this world wonder."

In his letter of acknowledgment to the chamber for its approval of this bill board stunt, Mr. Ralph replies partly as follows:

"We are displaying the Crater Lake picture on about 500 signs displayed throughout the Pacific coast states and we have received no end of favorable comments regarding the same."

## VANITY SHOP SALE IS NOW UNDER WAY

Many Medford and Southern Oregon women attended the opening of the Vanity Shop's big clean-up sale today and availed themselves of many of the attractive bargains in blouses, purses, millinery, vanity cases, under-wear, sweaters, hosiery and other items that are being offered. Miss Lounsbury, proprietor of the Vanity Shop, has made these radical cuts in the prices of her regular stock in order that she might make room for new spring shipments.

This exclusive ladies store has enjoyed a very successful year and is now preparing for a big spring and summer business. Their clean-up sale will last but one week, ending Saturday night, January 20th.

R. A. M. Crater Lake Chapter No. 22, Regular convocation Tuesday, Jan. 16th, 8 p. m. Visitors welcome. A. F. North, Secy. 252

## NAME STREETS OF PARIS AFTER U. S. HEROES OF WAR

PARIS, Jan.—The participation of the American Expeditionary Force in the European war will be duly commemorated in the nomenclature of the streets of Paris.

The municipal council soon will re-consider the task of renaming some 200 of the city's thoroughfares and, according to French custom, the leading figures of the war will be freely honored.

Thus far only General Gallieni, the aviator of Paris, Guyonmer, the "Ace of Aces" in aviation, and Colonel Bonnet, who distinguished himself at Sissonne, have been the honored. General Pershing was on the list that was under consideration when the work was suspended on account of objections to the abolition of old names because of sentimental or historical reasons. Pershing, Clemenceau, Foch and other leaders are on the new list, however.

There still remains a score of streets in Paris with German and Austrian names that may never be changed. Included are the rues Beethoven, Gluck, Mayerbeer, Richard Wagner, Mozart, and Palatine, the rue de Vienne and Place Buda-Pest. Streets that recall great German musicians and poets probably will be left unchanged.

It has been decided to rechristen all streets that were named after the owners of the property through which they were originally cut. In addition there will be a hundred and fifty new streets opened in consequence of the demolition of the city fortifications, which will furnish ample opportunity to honor the greatest heroes of the war.

Paris streets and squares with American names at present are Avenue President Wilson, rue Lincoln, Franklin, Louisiana and Washington, and the Place des Etats Unis.

## KLAN TRIALS TO BE HELD FIRST

The grand jury for the February term of court will convene Monday, February 19, and the petit jury will meet the following Monday, February 26.

The Jackson county night riding cases, for which six men were indicted on counts of riot, assault and extortion are scheduled to be heard at this term, unless further legal action is taken by the defense. District Attorney Rawles Moore said this noon, that Assistant Attorney General Liljeqvist would have charge of the cases, and that "as far as he knew at present, they will come first on the docket." Liljeqvist recently conferred with the local prosecutor on the cases.

The county court is finishing today the list of petit jurors for the year from which veniremen will be drawn, in all circuit court trials by jury.

## TOO MANY COAL MINES CAUSE OF COAL FUSS

WASHINGTON, Jan. 15.—Instability in the bituminous coal-mining industry is the fundamental cause of which has menaced the American public repeatedly in recent years, the United States coal commission held today in a preliminary report of its fact finding investigation laid before congress.

Labor troubles, transportation difficulties and over-development of the industry in mine and man power to a point where it is much larger than necessary to supply public demand for its product—if operations were continuous—were all three assigned as among primary causes for the condition. The exact bearing which these have upon the existing situation, the commission said, it intended to study in its further inquiry.

Regarding the possibility of another general coal strike after April 1, the report said the commission "has reason to believe that an agreement will be reached in the near future that will avert any widespread cessation of mine operations in union fields on April 1."

## IRISH MINISTER EXPLAINS POLICY

DUBLIN, Jan.—Writing regarding peace, Weyin, O'Higgins, Minister for Home Affairs in the Irish Free State says:

"The actual position is that a body of the people of the country, though numerically insignificant, refuse to accept the majority will as a deciding factor in our political affairs, and declare there can be no peace on the basis of the treaty signed by five plenipotentiaries endorsed by the Dail and accepted by the people. This minority is straining every nerve to restore British power in Ireland and to rob Irish people of the fruits of their struggle and sacrifices of the last six years. We members of the Government elected to the Dail Eireann to carry out the treaty would be false to our trust if we acquiesced in any way to such a program."

CONSTANTINOPLE, Dec.—The allowance of the new Caliph, Abdul Medjid Effendi, has been fixed at the rate of \$12,000 a month. Allowances will be paid also to other members of the imperial family, but not to those who are related only by marriage.

## CRACK REVOLVER SHOT IS LEADER MEXICAN BOLOS

MEXICO CITY, Jan.—At 28 years of age Jorge Prieto Laurens finds himself one of the most influential men in politics in Mexico—acknowledged leader of the dominant Corporatista party, twice a member of the chamber of deputies, and a few weeks ago elected to the city council of Mexico City with all indications pointing to his selection as its next mayor. A brilliant orator with a wonderful gift for popular appeal, which aids him in reaching the lower classes with the rather radical doctrines he advocates. Laurens, although cordially hated by some and violently attacked in several sections of the press, is easily one of the most prominent figures in public life here today.

Laurens was born in Canitos, state of San Luis Potosi. He studied law, was admitted to the bar when scarcely 21 years old, and at 25 he began serving his first term in the lower house of the federal congress. At the time of his election he was only a few days beyond the minimum age limit set by the constitution for congressmen. He early allied himself with the liberal branch of the lower house from the Partido Liberal Constitucionalista and has since dominated all legislation in that branch. He was re-elected to the chamber last September.

Laurens is known among his friends as the "golden-tongued boy from San Luis," and his numerous speeches in the chamber are appealing oratorical efforts. He is also a fighter, and is not averse to showing a ready pistol if a political adversary becomes too vehement in his denunciations from the tribunal. He has been challenged to duels, has accepted a few, but never has been hurt.

## SABOTAGE CASE ON S. P. CALLED

EL PASO, Jan. 15.—Re-hearing of the "quicksilver case" began in Federal Judge W. R. Smith's court here today. Nine defendants are charged with violation of the anti-trust act in restraint of commerce on the Southern Pacific railroad at San Antonio last year during the railroad strike.

James L. Donk was arrested in El Paso in September by agents of the department of justice after locomotives in which he had been working, it is alleged, were found to have quicksilver in their boilers. The

## U. S. WHEAT EXPORTS TAKE A BIG JUMP

WASHINGTON, Jan. 15.—Heavy increases in export of wheat and corn from the United States for the week ending January 13 as compared with the first week of the year are shown in the weekly report issued today by the department of commerce. Wheat exports were 3,553,000 bushels as compared with 1,578,000 the previous week and it is alleged, were found to have quicksilver in their boilers. The
