

MEDFORD WOMEN TO HOLD RECEPTION FOR GOV. PIERCE

The women of Medford and the Rogue River valley, in fact from all southern Oregon, will have the opportunity to meet Walter M. Pierce, the new governor of Oregon, next Saturday afternoon when a reception will be tendered him at the Hotel Holland from 3 to 5 p. m. All the women are invited, and the reception is to be an exclusive women's affair.

So far as can be learned this will be the first time in the history of the state that the women of Oregon have given a reception for a governor of this commonwealth. It is confidently expected that there will be a big outpouring of the gentler sex to personally meet Mr. Pierce and exchange kind wishes with him.

The men folks will have their opportunity to meet Governor Pierce during the remainder of Saturday, and especially in the evening when he will be the chief guest of honor at the banquet of the Jackson County Game Protective association at the Hotel Medford, which big affair is the primary cause of bringing him here from Salem at this time.

WOMAN SICK TWO YEARS

Caused by Troubles Women Often Have—Relieved by Lydia E. Pinkham's Vegetable Compound

Medina, New York.—"I had a great deal of trouble such as women often have, and this affected my nerves. For over two years I suffered this way, then I read in the Buffalo Times about Lydia E. Pinkham's Vegetable Compound and have taken it with very good results. I am very much better and feel justified in praising the Vegetable Compound to my friends and neighbors who suffer from anything of the kind."—Mrs. Wm. H. Adkins, 311 Erin Road, Medina, N. Y.

Feels Like Girl Sixteen
Rochester, N. Y.—"After my twin girls were born I was all run-down. My neighbors thought I was going to die. I saw your advertisement in the paper and bought Lydia E. Pinkham's Vegetable Compound. The first bottle helped me and I kept on taking it. I only weighed ninety pounds when I began taking it, and I have gained in weight and feel like a girl of sixteen. I never can say enough for Lydia E. Pinkham's Vegetable Compound."—Mrs. NELLIE DOREY, 16 Sicuse Park, Rochester, N. Y.

RUMORS OF BIG TIMBER ACTIVITY B. FALLS DISTRICT

The annual spring prognostications and hopes for rail and timber development in the Butte-Falls district are afloat, and sound more pleasing than in previous years, and, besides, according to reports have the redeeming quality of being liable to happen. It augurs well, and has filled the homesteaders with a long deferred optimism.

According to the story, the Rogue River Timber company, contemplates the construction of a branch line, from the Butte Falls road, to tap their timber, at a point about seven miles above Butte Falls, the road to follow, where feasible, an old survey made at the time the Pacific and Eastern railroad was constructed. In confirmation of this report, it is pointed out that William T. Grieve, guardian of the company timber, recently purchased a number of belt axes, commonly used by surveyors, and some strangers have recently been seen in the timber, with a man by the name of Adams.

The proposed railroad would tap a rich section of timber, including "Section 16," admitted to be the site of the best growth of sugar pine on the Pacific coast. There is also several millions feet of fir and cedar, in what is known as the "basin," that could be logged at the minimum cost.

It is also reported that negotiations have started, or are about to be started, looking towards the securing of the Bullis mill site in north Medford.

Furthermore, it is reported that the Long-Bell Timber company of St. Louis, who recently started extensive timber cutting operations in southeastern Washington, are getting ready to operate in this section, where they have extensive holdings. The operations of the above named company were sufficient, to inspire Portland, to recently place before the legislature, the necessity of a \$4,000,000 bridge across the Columbia river, near the mouth of the Willamette, to provide a trade artery, for the increased population, etc., etc.

The Rogue River Timber company owns 55,000 acres of timber land in the Butte Falls section.

The county assessor this year is assessing all timber holdings at about \$40 per acre, which trebles the tax of last year, which totalled about \$32. The Butte Falls contingent claims this change impresses on timber concerns, it is cheaper to develop and saw and produce, than to pay high rates on undeveloped resources.

COAST SUGAR STARTS ON UP GRADE AGAIN

SAN FRANCISCO, Jan. 30.—Increase of ten points per hundred pounds in the price of refined sugar to \$7.00, effective today, was announced today by the California-Hawaiian and the Western Refineries. A corresponding increase in the price of refined beet sugar to \$6.80 was announced by the Spreckles Sugar company.

MEDFORD GIRL'S ENGAGEMENT IS SOCIETY EVENT

WILLAMETTE UNIVERSITY, Salem, Ore., Jan.—(Special)—The engagement of Dorothy Palmer of Medford to Edwin Thomas of the same city was announced last Wednesday by a group of girl friends gathered at an informal party. Both are sophomores in the school of liberal arts. Miss Palmer is a member of Beta Chi, local sorority, and of the Philodorian Literary society. Mr. Thomas is a member of Sigma Tau, local fraternity and of the Philodorian Literary society.

One of the pretty affairs was the high tea given Wednesday afternoon in the Rose room of the Spa, at which the engagement of Miss Dorothy Palmer and Edwin Thomas was announced.

The tables were set in the form of Greek cross, with a great basket of carnations in the center. Bows of pastel mulline were tied on the basket and lines of mulline extended the lengths of the arms of the cross.

Butterfly cards marked the places and told the secret of the engagement. The bright colored butterflies ornamented the napkins and favors. Pink was the color note of the luncheon. Virginia Cross brought in the corsage for the honor guest, which was presented to her.

The guests included Miss Ruth Smith, Miss Wilma Stenz, Miss Mary Elizabeth Hunt, Miss Anne Lavender, Miss Margaret Daniel, Miss Esther Paroungian, Miss Winifred St. Clair, Miss Mabel Davies, Miss Elaine Oberg, Miss Dorothy Owens, Miss Caroline Stever, Miss Janelle Venavort, Miss Alma Weels, Miss Carol Keeney, Miss Lola Miller, Miss Mary Jane Albert, Miss Fay Spaulding, Miss Ruth Ross, Miss Lucia Card, Miss Eloise Reed, Miss Jean Crockey, Miss Verna McKeeney, Miss Laura Best, Miss Pauline Rickle, Miss Phyllis Palmer, Mrs. Ralph Thomas, Miss Florence Young, Miss Frances Hodge, Mrs. W. C. Young, Miss Helen Dustin of Portland and Virginia Cross.

THE PILGRIM SPIRIT TO BE TOPIC AT FORUM

"The Pilgrim Spirit" will be the subject of an address of M. J. Duryea at the forum of the Medford Chamber of Commerce tomorrow noon.

Those members of the chamber who have heard M. J. Duryea before know that he is a forceful speaker and that his suggestions have a practical application. He is the manager of the organization and service department of the Oregon State Chamber of Commerce and he has been successful in building strong commercial organizations in the state. A brief review of the work accomplished will be given.

The forum will be held at the Medford Hotel.

KILLING 20 GERMANS DENIED

(Continued from Page One)

the complete stoppage of coal shipments into the interior of Germany, which have been thus far permitted by the French.

Customs officers who have been stationed at Dueseldorf and Essen for several days have received orders to proceed to the frontier of the occupied territory at points where the railroads entered Germany. They have also been ordered to locks and canals on the River Lippe and Rhine.

The arrests and expulsion of German officials have not yet been completed, but already number thirteen for this city alone. Among the deported officers are Dr. Switzer who resigned Dr. Schultus as president of the state finance department and director of the Dueseldorf postoffice.

Citizens Are Expelled.

More expulsions are scheduled for Essen, while the cities of Dortmund, Bochum, Gelsenkirchen, Duisburg, Hamburg and Ruhrort will be penalized in the same manner in proportion to their size.

"These functionaries decided to obey Berlin's orders rather than ours," an occupation official said. "We are simply giving them the opportunity to obey Berlin in the territory ruled by Berlin."

The telegraph strike is not quite as effective as the railway strike. English is tolerated or suppressed according to the moods and sympathies of the telephone girls. Germans may talk in their native tongue as usual. Postal service with the outside world was at a standstill.

The miners continue to turn out about two-thirds of the normal production of coal, but the stoppage of the railroad traffic and the shortage of empty cars is causing congestion at the pit heads, and it is thought that the mines must close in a few days unless some remedy is found.

BERLIN, Jan. 30.—(By the Associated Press)—Germans beyond the Ruhr today had the assurance of Fritz Thyssen that the men in all but isolated zones do not intend to yield to France-Belgian pressure, instead they constitute a "compact unit in their determination to resist the French encroachments."

This statement, made public at a time when all attempts to communicate with Essen were failing, declared that the Ruhr was united in supporting the government's policy. Herr Thyssen questioned whether the French could effect a customs ring that would serve their purpose, said that strangers could hardly hope to operate the mines or railways successfully.

Government spokesmen feel that the measures of the French are bringing on an acute situation especially as regards the mines, which are hampered by the car shortage.

Day by Day in Every Way Farming Getting Better and Better

WASHINGTON, Jan. 30.—Agriculture from a financial standpoint is getting better although the farmers' dollar opened the new year with a purchasing power equal to 68 cents before the war.

For last year the average index number of the purchasing power of farm products in terms of other commodities that farmers buy was 69, an increase of two points over 1921, but a decrease of 17 points from the 1920 average, according to department of agriculture index figures just completed.

Wire Report on Foreign Money

LONDON, Jan. 30.—The tension in the Ruhr during the past few days has caused increased uneasiness in the foreign exchange market, where continental currencies are daily depreciating. This morning the mark was quoted at 195,000 to the pound sterling. The French franc sold at 76.05 and the Italian lira at 98 1/2. The dollar rate was comparatively steady, hovering around \$4.63 1/2.

BERLIN, Jan. 30.—Germany's floating debt during the ten days ending January 2 increased by two hundred and ten billion marks to one trillion eight hundred and twenty-one billion marks.

DO A BIG JOB AT BEND LUMBER MILL

BEND, Ore., Jan. 30.—Moving a steel and brick burner over one hundred feet high and thirty-three feet in diameter a distance of three quarters of a mile is the task being started by the Brooks Scanlong Lumber company here. The burner is to be used at the new sawmill plant now under construction.

The burner is to be moved piecemeal. When re-erected the burner will be forty feet in diameter and 120 feet high, the change involving the use of a considerable quantity of new brick and steel.

MAY AVOID U. S. DEFICIT

(Continued from page one)

"What now confronts us," the president's message continued, "is the overcoming of this estimated deficit of \$22,000,000 and if possible, the closing of the fiscal year with a balance on the right side of the ledger."

"I must look to you, therefore, for continuing efforts to control your expenditures during the remainder of this fiscal year, for in this way you can aid materially. I know that I can rely upon you."

"If you have made sacrifices of certain cherished plans in connection with your work in order that expenditures might be reduced; if you have become discouraged and wearied at this continuing insistence upon economy; if you have labored, without apparent recognition of your services, we should remember that what we are doing is not for ourselves, not for our immediate chief, not for the president of the United States, but for the people, the stockholders of the great business are dependent upon us for the welfare and the proper conduct of this great business."

"Honest work, well and faithfully done, brings its own recompense in the consciousness of duty performed."

Daily Report on the Crime Wave

ERIE, Pa., Jan. 30.—Sophie Szymanowski, a servant in the parish house of St. Casimir's Polish Catholic church, was shot and killed as she approached the building in company with Mary Wojewock, the housekeeper, last midnight, and Rev. Father John Dambinski is being held in the police station awaiting the result of an investigation.

Father Dambinski told the police the girl had been killed by accident.

WASHINGTON, Jan. 30.—Losses to the government through mail bandits in major mail robberies have been materially reduced by the post-office department. They have aggregated only \$24,553 for the last nine months, compared with \$1,129,366 for the year ending March 31. Two years ago \$5,346,407 was stolen from the mails of which \$3,286,017 was recovered, leaving a net loss of \$2,060,390.

GREECE CALLS OUT TROOPS

(Continued from page one.)

date from 1914.

The islands of Imbros and Tenedos pass from Greek to Turkish sovereignty but have autonomous rights. Turkey recognizes the British annexation of Cyprus.

The Maritza river is fixed as a frontier between Turkey and Greece in Europe. Turkey obtains Adrianople, but Greece gets the railroad station at Karagatsch.

LONDON, Jan. 30.—(By the Associated Press)—Interest in the Near East situation revived by the delicate state of affairs at Lausanne, was intensified here today by a Times Dispatch from Constantinople reporting the departure of Mustafa Kemal Pasha from Smyrna for Angora amid such demonstrations as usually take place before the outbreak of war.

The Turkish nationalist leader is reported to have visited the grave of his mother where he swore that he would rather join her in death than "allow the sovereignty which the Turkish people reconquered at the price of blood, to be lost."

Why the Nation Demands Calumet

—because it has more than the ordinary leavening strength; it raises millions of bakings every day to a light perfectly baked perfection that cannot be equaled.

—because it contains white-of-egg—the vital element that gives the housewives protection against using a baking powder that has lost its original leavening strength. It assures light, tender, tasteful things every time you bake.

—because it is economical—pure, sure and wholesome.

That's why the sale of Calumet is over 150% greater than that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.
