GIVE INSTRUCTION IN RADIO TO 1ST COMPANY ASHLAND

ASHLAND, Feb. 2.—Radio instruction is now available to members of First Company, a class in this popular science having been organized, active practical operations to begin Feb. 6. No charge to members of the military unit for instruction, but from outsiders a small fee will be in order. Competitive shooting is progressing, a fine medal being the incentive for proficiency. The company supports a school which instructs in various branches of military science. Garrison caps were issued to the command early in the week at the same time when pay checks were distributed. Basketball practice takes place almost every evening, other physical diversions being boxing and wrestling bouts. Socially, the boys are always in line, and minor feuds incident to routine work are to be supplemented in the near future by a real banquet and smoker.

Pearl Wilshire, former accountant at the Citizens Bank, and who has been in California for some time past, has resigned her position with the bank and will enter the trained nurse field, remaining in the south.

Although we cannot afford, as a community, to get the occult Cose here to address the super-elect, a learned doctor in symbolism wants to visit Ashland, who guarantees conviction that his lecture is as profound as the impressive and fascinating. Such bunk as "The royal serpent, symbol of immortality, of which the shedding of its skin is a concrete illustration to the untrained mind," will be dealt with, a bold hint that the gifted speaker must be one of that company of body-snatchers which have of late been robbing the tomb of old Tutankhamen. The Lantern Slide Bureau heralds the coming of this prodigy in higher education who would edify our people at an open forum gathering.

K-L Pills

For Kidney and Liver Troubles, Constipation, Intestinal Indigestion and Kindred Ailments

Liver trouble leads to various ills. And a sure sign of liver trouble is biliousness. If you have attacks of headache, if you have a coated tongue, if you have a sick appetite, you probably are bilious—which may lead to derangement of the liver and to serious and quite often fatal results. Read this strong endorsement of Dr. A. W. Chase's K-L Pills. Mrs. J. H. Boone, Route No. 3, Bailey, Ga., writes:

"For a number of years I have been troubled with my kidneys, liver and also my heart. I find Dr. A. W. Chase's K-L Pills a wonderful remedy. They certainly are the best I ever used. I would not be without them in my home and take great pleasure in recommending them to my friends."

You can buy Dr. Chase's K-L Pills at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., on each box—your protection against imitation.

Frohbach of the Medford chamber, Traveling Freight and Passenger Agent Sparks of the Southern Pacific, also a further Grants Pass delegation including Rev. F. G. Hart, Dr. Marks, Editor Voorhes, and George Sabin. Norris Duryea, former secretary of the Ashland Commercial club, revisited this locality on the banquet occasion, which was the crowning event in that organization's history, and was the chief speaker of the evening, preaching the orthodox doctrine of "Pride, Pep and Push," his specific text being as follows: "And your sons and daughters shall see visions, and your young men shall see visions, and your old men dream dreams," a literal quotation from holy writ. Some question if we are still dreaming and seeing visions.

The entire community of Rogue River was saddened by the news of the passing away of Mrs. Annie G. Gilmore at Salem, Oregon, wife of Judge O. H. Gilmore of this city, on the morning of January 24, 1923. She was 71 years of age and had been a resident of Rogue River for twelve years. Besides her husband, there survive a son, Robert H. She was a member of the Hope Presbyterian church, always active in church and charitable work, was the president of the women's Civic Improvement Club of this city for seven years and the success of this club was in a great measure due to her exceptional ability in handling the matters that came before the club for consideration. COYOTE HUNT IN SAMS VALLEY IS A GREAT SUCCESS

SAMS VALLEY, Feb. 1.—One of the most interesting coyote chases of the season was enjoyed one day last week when men from over the valley gathered with their guns to enjoy the sport. All of the best hounds of the precinct were in full chase and burning hard two large specimens of these menacing varmints, who fell victims to the steady shots of Lester Wise of Central Point and "Red" Harper of Table Rock, the victors who carried away the trophies of the hunt. The coyotes are more plentiful right now through this precinct than for several years and have done considerable damage recently among the stockmen who are making strenuous efforts to rid the country of the pest.
