

SCHOOLS, CANNED MUSIC, FARMERS' AID AT FORUM

Bishop Walter T. Sumner of the Episcopal diocese of Oregon was the principal speaker at the Chamber of Commerce forum luncheon at the Hotel Medford this noon.

Bishop Sumner's address dealt with Abraham Lincoln and the lessons that can be learned from a consideration of important incidents in the life of that immortal figure in the nation's history.

In Lincoln's time competition of educated men was not keen as there were few of them, but now, pointed out the speaker, a man must have an education in order to succeed. "In Oregon, we should be proud, and I think most of us are of our two great state institutions, O. A. C. and the University of Oregon," said Bishop Sumner. "In the United States the average of high school graduates attending college is 21 per cent, while in Oregon 78 per cent of the high school graduates attend college. In a state of such educational progress we see the school buildings the pride of every progressive community. Yesterday afternoon I spoke to the local high school body and seldom have I seen such an intelligent group of young people or a better school, but I was surprised to find such an inferior school building in a community as progressive as this."

Bishop Sumner stated that he was an unqualified supporter of the public schools and that he took a great interest in them having been a member of the board of education in the city of Chicago for a period of six years.

The Bishop's address on Lincoln was complete and instructive and was enjoyed heartily by an unusually large audience at the Forum luncheon.

John C. Mann acted as chairman of the meeting and during the five minute period of the meeting, John Duchoir of the Copeco spoke, asking the members of the Chamber of Commerce to use their utmost influence in effecting one-half hour per day "Doc" Ray's phonograph, or in taking up a collection to buy a new record for it. He stated that he had been delegated by the association of office girls in the Copeco building to make the complaint as the one record playing 24 hours per day got on their nerves.

E. J. Hurd presented the following resolution to the forum and it was passed without a dissenting vote:

Whereas, The farmers and orchardists of this valley are unable to secure loans through any of the Farm Loan associations from the Federal Land Bank of Spokane on lands in the irrigation districts of the Rogue River valley.

Whereas, In response to the urgent requests of the Farm Loan associations of the Rogue River valley the Federal Land Bank of Spokane will send their engineer appraiser, Mr. McKittrick, to make examination of the irrigation districts of this valley within the next week or ten days, and

Whereas, Said Land Bank of Spokane has requested that he have the cooperation of the Farm Loan associations in seeing that all available data, transportation, etc., are furnished him, that he may make a complete report on these districts while here, and

Whereas, The Chamber of Commerce of Ashland has been requested to and will assist in the investigation of the Talent Irrigation district, and

Whereas, The Farm associations of Medford and Rogue River would like similar assistance from the Medford Chamber of Commerce,

Therefore, be it resolved, that we ask the directors of the Medford Chamber of Commerce to appoint a committee to assist and provide all available data, transportation, etc., that may be of assistance to Mr. McKittrick in the investigation of Medford and Eagle Point districts.

MASON MOTOR CO. UNLOADS STARS

The Mason Motor company is unloading a carload of Star cars today and, according to Charlie Brown and C. W. Barrett this is but a starter for Star shipments here. A special display of Star models will be arranged for southern Oregon and northern California people Saturday, Feb. 17th, at the show rooms of the Mason Motor company at 20 North Holly street. A cordial invitation will be extended all people in this section to attend this initial showing and complete information on the new little Star car will be available for all those interested.

It is understood that the Mason Motor company will begin a widespread campaign for Star sale beginning Saturday and important newspaper announcements will appear tomorrow, Friday and Saturday. Mr. A. R. Mason, president of the Mason Motor company, arrived here this afternoon to assist in the campaign.

WEDDING BELLS

Mr. and Mrs. George Wentworth Cottrell of Luverne, Minn., announce the marriage of their daughter Edna Margaret to Mr. Ellsworth Ira Schuler on Saturday, February 10th at Oakland, Calif.

Miss Cottrell formerly was an English instructor in the Medford high school. Mr. Schuler is the proprietor of the Colonial garage here and was formerly an instructor in history and public speaking in the high school. Mr. and Mrs. Schuler are expected to return from California this week and will make their home at their new residence at 1218 West Main street.

MOVIES TO SHOW PICTURES OF NEW MEDFORD ARMORY

Many people in Medford will be glad of the opportunity to see what Medford's new armory will look like. Pictures have been secured and slides on this structure will be among the finest armories in the state of Oregon, made for the theatres in Medford, where the people will have an opportunity to get a view of the building practically as it will be when completed.

With the obtaining of these pictures a recruiting campaign has been started to close up the enlistment in separate company A at full peace time strength. The company now has over seventy members, and ninety members is the goal set for the present time. By finishing the recruiting now it will give the command about five months to put themselves in shape for the annual encampment, which this year will be the most important camp yet held by the Oregon National Guard.

It will be an encampment of the entire forty-first division of which Medford company is a part, and will be a most interesting and instructive camp for every man. Medford has every year yet, with the exception of the last encampment, taken the largest company, or tied for the largest company at the encampment, and this year it is expected that the city will send ninety men.

The young men now not only receive pay for service, but those in high school receive credits toward graduation for drills and membership in the National Guard.

OBITUARY

KRUTZLER—Wilhelmina Krutzler, wife of Paul Krutzler, passed away at her home on Ross Lane, shortly before noon today, at the age of 49 years five months and 27 days. She was born in Salina county, Nebraska, Aug. 17, 1873, and in 1889 was married to Paul Krutzler, to which union were born six children, three of whom are living.

In 1892 they came to Medford, and have been residents of Jackson county since that time, and for the last six years have lived on Ross Lane.

Deceased leaves besides her husband

Backache Is Discouraging

But Not So Bad if You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Medford people recommend Doan's Kidney Pills.

Mrs. C. F. Reichstein, 104 E. 2nd St., Medford, says: "Doan's Kidney Pills are a splendid remedy. I was subject to backaches and kidney trouble and my work tired me easily as I had no energy. Headaches annoyed me and my kidneys acted irregularly, but Doan's Kidney Pills from Strang's Drug Store removed these troubles and strengthened me in good shape."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reichstein had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

band, two daughters and one son. Paul M. Krutzler of Roseburg, Ore., Mary Dyreborg, Sacramento, Cal., Mrs. S. V. Haynes, Medford. Also three sisters, Mrs. Henry Pohlman of California, Lizzie Doerner, Melrose, Ore., and Mary Chesney of Portland.

Remains are at the Conger Funeral Parlors and arrangements will be announced later.

ENTIRE LAND IN STORM GRIP

(Continued from Page One)

was four below at 8 p. m. last night. It was above zero this morning. Two inches of snow, which was continuing, had brought the fall of snow to about 17 inches. Prospects, if the weather observer said, were for more snow.

Transcontinental trains east and west bound were running three hours and a half slow and local railway

traffic was badly hampered. Chicago, Milwaukee and St. Paul westbound train No. 15, due here at 9 a. m. was annulled.

BELLINGHAM, Wash., Feb. 14.—Snow, which fell to a depth of six inches or more last night, was drifted in places to the depth of two feet or more by a northeast wind and practically all lumber camps and sawmills in Bellingham and other towns in Whatcom and Skagit counties suspended operation today. Snow was still falling at 11 a. m.

Some of the schools in the city and county were closed. Street car service in many parts of the city was so irregular that hundreds of persons walker to work.

CHICAGO, Feb. 14.—The cold wave, ushered into the central plains states yesterday by heavy snowfall and high winds and forcing

the thermometers down several degrees an hour, is expected to continue through the remainder of the week, finally spreading through all sections east of the Mississippi excepting Florida and reaching maximum coldness Thursday. The line of zero temperature reached Illinois early today and is spreading east and south.

Readings of 22 below were reported at Bismarck, N. D., and Sheridan, Wyo. Helena, Mont., reported 20 below; Huron and Pierre, S. D., 14 below; St. Paul 20 below; Charles City, Iowa, 10 below; Escanaba, Mich., 8 below.

Swift Current, Sask., reported 36 below and Calgary, Alta., 32 below. Two deaths were reported in Chicago as a result of the cold wave.

Roads through the Dakotas, Iowa and parts of Nebraska were almost impassable today because of heavy drifts of snow, caused by yesterday's heavy blizzard and the high winds.
