"FOOT FITTERS"

Tom, Dick and Harry—Fit All Feet

Just three of them, "Tom," "Dick," and "Harry"—all in the same leather. But they fit all feet all over. Solid leather all the way through! Plenty of ball room, giving absolute freedom to the toes! Snug glove-like fitters around ankles and instep! Higher and narrower arch keeps foot from sliding forward. Narrow and shapely heel seat and counter follow natural curvature of foot, thus holding it in position. Better fitting and neater appearing than any shoe of its price.
