NOTICE To Exterminate Ground Squirrels

Every person, firm, co-partnership, company or corporation residing on, owning, leasing, occupying, possessing or having charge of or domain over any land, building, wharf or dock infested with digger ground squirrels in Jackson county, Oregon, is hereby notified to begin at once to effectively exterminate and destroy all such DIGGER GROUND SQUIRRELS.

The following poison for mixing and instructions for use thereof is the method most expedient and effective to be used for the extermination and destruction of such ground squirrels and is hereby recommended, to-wit, alkaloid strychnine used on either barley or wheat, barley preferred, mixed according to the following formula and manner, to-wit: Barley, clean grain.....16 quarts Strychnine (powdered alkaloid).....1 ounce

Bicarbonate of soda (Baking soda).....1 ounce Thin starch paste.....1/2 pint Heavy corn syrup.....1/2 pint Glycerine.....1 tablespoonful Saccharine.....1-10 ounce

This material should be mixed as follows: Mix thoroughly 1 ounce of powdered strychnine (alkaloid) and 1 ounce of common baking soda. Sift this into 1/2 pint of thin hot paste and stir to a smooth creamy mass. The starch paste is made by dissolving 1 heaping tablespoonful of dry gloss starch in a little cold water, which is then added to 1/2 pint of boiling water. Boil and stir constantly until a clear thin paste is formed. Add 1/2 pint heavy corn syrup and 1 tablespoonful of glycerine and stir thoroughly. And 1-10 ounce of saccharine and stir thoroughly. Pour this mixture over 16 quarts of clean barley and mix well so that each grain is coated.

One quart of the poisoned grain mixed as aforesaid is sufficient for forty or fifty baits and this quantity scattered along squirrel trails or on clean hard places on the surface about the holes will not endanger stock. Strychnine in any form other than the powdered strychnine (alkaloid) is not effective in the above formula.

From the date hereof until May 1st is the most effective time to poison and destroy the digger squirrels, as they are just emerging from their hibernation. They are hungry and food is scarce.

The County Court of Jackson county, Oregon, has secured a large amount of strychnine and the other ingredients necessary for the mixture, and a quantity thereof has been mixed and is now on sale to the farmers or persons interested at actual cost and may be had by applying to the undersigned at his office in the Liberty Building, or at the following places:

This notice is published pursuant to the statute in such case made and provided and for two consecutive weeks or three issues, and all persons described therein are required to take notice thereof.

LOCAL MINISTERS WILL AID DRIVE C. OF COMMERCE

Progress of the membership campaign of the chamber of commerce was detailed at a meeting last night in the exhibit building of the chamber of all the team captains and committee members.

Bert Thierolf, chairman of the committee on relations with other organizations, reported that the Knights of Pythias, the American Legion, the Oregon Growers and the Ministerial association were added to the list of endorsers of the membership campaign. Four of the ministers pledged their co-operation and promised to speak on the chamber of commerce from their pulpits Sunday or to allow laymen to speak on the subject.

Committees of women were also appointed by the Episcopal church, Catholic church, Young Women's Christian association and the Women's Christian Temperance Union to assist the membership teams, according to Mrs. Rose G. Schleffelin, chairman of the committee on women's organizations.

George T. Collins of Mason-Ehrman and company was called on to give a few pointers on salesmanship. "The successful salesman of today," stated Mr. Collins, "must believe thoroughly in himself and his proposition, have a systematic method, a ground work of common sense, a desire to work; and above all he must be a gentleman." He cautioned the workers not to argue anything with a prospect—on the other hand, to be prepared to explain everything in connection with the chamber of commerce, its aims, accomplishments and activities.

He laid particular stress on the point that a salesman should not talk too much but should let the prospect do some of the talking as he will often sell himself. Finally, he said, the salesman should be enthusiastic, full of his subject, and watch for the psychological moment to bring forth the well known dotted line.

The rest of the meeting was devoted to the discussion of organization of team workers and an addition to the prospect list.

BEN PLYMALE BUYS K. E. HODGMAN HOME

Mr. and Mrs. K. E. Hodgman have sold their eight room bungalow on North Orange to Mr. and Mrs. Ben Plymale, who take charge March 20th. Mr. and Mrs. Hodgman will leave in a few days for Klamath Falls where he has a contract for road work.

Mr. Hodgman was district engineer of the Pacific highway during most of the construction in Jackson, Josephine and Douglas counties and a high tribute was paid him by the highway commission and Engineer Herbert Nunn, for his splendid work when he resigned a few months ago to take up construction work.

Mr. and Mrs. Hodgman have made hosts of friends during their residence here, who wish them success wherever they go.

They think Medford is the only place to live and expect to return here to reside some day.

CHARLEY BENEFIT DANCE BY W. O. W. A GREAT SUCCESS

One of the best attended dances ever given in Medford was held last night at the Oriental ball room when there was a benefit affair held to raise funds with which to build a home for Merritt Charlie, a pioneer of Rogue River valley. Several years of sickness had exhausted Mr. Charlie's funds and the W. O. W. of which organization he was a pioneer member, conceived the idea of asking the community to contribute for the purpose of building him a home, through a benefit dance, the profits of which will be used for the purchase of material with which to erect a building. Next Sunday the members of Medford Camp W. O. W. will assemble at the site on which the house is to be erected in Southwest Medford, in a body. And the building will be complete and ready for occupancy before night. This feat has been accomplished by Woodmen elsewhere, and the members of Medford Camp are confident they can do as well.

Medford Camp No. 90 W. O. W. wishes to thank all those who in any way contributed to make the benefit dance given for Merritt Charlie, a success. In particular, they wish to thank H. G. Launsbach and the other musicians who made up the orchestra, for the contribution of their services; the American Legion and the Merritt Bros. for the donation of the Oriental ball room, and the Mail Tribune for its cooperation, the Independent Printing company for supplying the tickets and cards and all those individuals who contributed financially.

Dr. Huff spoke again last night at the First Methodist church on "Dangers Which Encompass the Soul." It was a strong appeal for consecrated Christian living, to which there was a hearty response. When the pastor asked all who would covenant with him to renew their consecration, to come forward, the majority of those present moved toward the front of the church and knelt in solemn dedication of their lives to God.

The Medford hospital had great attractions for Monsieur Stork on Monday night, for he made two landings there inside of fifteen minutes. The first trip he left the chubby little "pink lady" for the Mattison young people, and at the second landing left a sturdy little man to comfort the heart of Mrs. Wyatt so recently bereaved of her husband.

A ten pound baby girl was born to Mr. and Mrs. E. G. Miller on North Pacific highway, March 14.

Mrs. M. S. Soliss who has spent the last two months in Santa Ana, Long Beach, Los Angeles and other southern California cities, returned to Medford this morning on the Shasta train.

J. H. Fuller, secretary of the Ashland chamber of commerce was here yesterday on business at the forestry office.

Farmers' Directories at Bargain Prices While They Last

We have several copies of the Farmers Directory left that we are going to sell, while they last at \$1. for the paper binding, and \$1.50 for the hard cover binding. The former sold for \$5 and \$8 by the company that issued them.

The book contains a list of 4331 farmers of Jackson and 1445 of Blakely county farmers, together with their post office address, property they own, its location, assessed valuation and what they specialize in.

It's a valuable book for the farmers as it enables them to have all the facts about their neighbors as well as data about the counties. List of county offices, synopsis of the laws on important topics and other information.

It's also a valuable book for the merchant and professional man as it contains a list of the farmers, their addresses, etc.

Better come tomorrow and get one before they are all gone.

Says Both Lenine and Trotzky Doomed to Die

LONDON, Mar. 15.—Russia's leaders, Lenine and Trotzky, are doomed to die, according to Charles S. Crane, former American minister to China. The premier is in a dying condition and Trotzky is afflicted with an incurable disease, he said.

Colds Are Contagious
Coughs and Colds are contagious and require prompt treatment as they spread or develop into Flu and Grippe. Take no chances when you can get Foley's Honey and Tar for a few cents and quickly check coughs and colds. The constantly increasing demand for Foley's Honey and Tar, for three generations, has made it the largest selling cough medicine in the world. Contains no opiates—ingredients are printed on the wrapper. Refuse substitutes. Insist upon Foley's. Sold everywhere. Adv.

MANY FINES ARE COLLECTED, COPCO FORUM LUNCHEON

At a rollicking meeting of the Copco Forum this noon at the Hotel Medford at which the full personnel of the power company were present with their wives, husbands and cousins, \$4.12 was collected from the men who sat next their wives, and \$1.16 was added by those who did not sit next their wives. There were also fines for those who made speeches and for those who did not make speeches. As the paper goes to press, the work of counting the money is still in progress.

The purpose of the meeting was to rouse enthusiasm for the membership campaign of the Chamber of Commerce. C. E. Blee, the first speaker, made one of the rousing speeches for which he has lately been gaining a reputation. He was followed by the guest of honor, M. J. Duryea, of the State Chamber of Commerce, who lauded the spirit and splendid work of the Copco organization. In his opinion, the Forum represented the ideal of unselfishness which the citizens of every community should strive for. He asked all the members of the organization to get behind the membership campaign of the chamber and do still more to put Medford to the front.

Mrs. S. M. Scott sang four songs assisted by Mr. Scott at the piano, which brought round after round of applause. Harry L. Walther presided at the affair with C. A. Swigart acting, appropriately enough, as joint chairman. J. J. Buchter was the Copco cop and collected the money. Mr. Buchter is under surveillance.

WILL GIVE TALKS AT HIGH SCHOOL ON C. OF C. DRIVE

Talks on the chamber of commerce will be given at the high school tomorrow and Monday morning at 10:30. M. J. Duryea of the state chamber of commerce will be the speaker Monday on the subject of "Privileges and Responsibilities."

Monday night Frank Buchter and Fay Braug will engage in debate at the high school on the question: "Resolved, that the chamber of commerce is an essential organization in any community." The public is invited to attend all three meetings.

The Crater club with their ladies will be on hand March 19 at the "Civic dinner" at the Medford hotel, which is to mark the zero hour for the big chamber of commerce membership push. The local booster organization has been asked to instill some of their private brand of pep into the proceedings and Big Eruption Hot Boyle has delegated to his best fun maker the task of brewing an especially hot mixture of enthusiasm for the occasion.

The Craters went on record at their last meeting as being unanimously in favor of a live chamber of commerce for Medford and the organization has always been ready to help the chamber in any way possible, realizing the benefit to the city which a well supported chamber means.

A committee which includes Vernon Vawter, J. J. Buchter, George Gates, H. S. Holse, C. P. Talent and W. B. Warner, is selling tickets for the dinner at one dollar per plate and those who intend to be present should secure tickets from the committeemen or at the chamber of commerce as soon as possible, as the dining room will be taxed to accommodate all who wish to attend.
