A careful check is being made by the city health officer, Mrs. C. E. McLane, on the possibility of an epidemic of smallpox starting in the schools of the city. Although there are a number of cases of the disease in the city, only one pupil of the schools is reported to have it, and it is not expected that it will spread among the children. Vaccination is being advised for all children, but unless conditions grow worse, this suggestion will not be enforced.—Grants Pass Courier.
