Fire Chief Elliott calls attention to the city ordinance which stipulates that when the fire whistle blows all autos and other vehicles must turn at once to the side of the street in order to give the fire department the right of way. Violators of this rule are subject to arrest and a fine. Drivers of autos are also warned not to follow after the fire apparatus too closely.

"The reaping of the tourist crop is already under way," says the Grants Pass Courier. "Every day from one to six strangers in the city are arrested and fined their \$5 for turning in the middle of the block. While these autoists should know better and perhaps do know better, Grants Pass would be much better off if the officers were to warn these strangers and if they are again caught, to fine them heavily. A courteous request to comply with the traffic regulations will go much further in creating a good impression of the city than will the assessment of a fine. Grants Pass is spending a large amount of money on advertising. It was hoped and is hoped that results will be obtained. But Grants Pass is getting much advertising of an adverse nature."

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Adv.
