

GOSPEL TEAMS OF PRESBYTERIANS ON A TOUR OF COUNTY

The gospel teams from the Presbyterian Men's club were greeted by capacity houses yesterday, both at Union school on the Little Applegate where the service was held in the afternoon and at Eagle Point in the evening. At the Union school, the service was in charge of Ernest Jaqua, team leader, a short and interesting talk on the Men's club and its work was given by Charles Ray, secretary of the organization, and gospel messages on the cross and its place in the Christian faith and life, were given by Attorney E. H. Hurd and Rev. E. P. Lawrence. An urgent invitation was extended to the workers by the company for services whenever possible. Arrangements were made for an Easter service next Sunday afternoon. At Eagle Point, the team was in charge of Ed Gore. The attendance exceeded the expectations of the visitors and showed the local interest in such meetings. Dr. B. R. Elliott, told of the plans and lines of work of the Men's club, one of which was this gospel visitation work; while Frank Smith gave a most earnest gospel message and appeal, telling some of the story of his own reclamation thru the power of the gospel of the Son of God. Mr. Smith who is a fine organist, led the music with his little but powerful Bilhorn organ and sang a gospel solo. D. J. Steiner told in his simple and frank manner, the story of a new found life in Jesus, while Ed Gore gave the closing message. The audience was so impressed by the type of service and the message that they extended a most cordial invitation for a return service at any time. The men who had part in the service are so enthusiastic over the privilege and reflex blessings of such meetings, that every man in the club must get into the harness and help carry such messages of helpfulness all through this surrounding country. They are hoping also that the men of the other churches will undertake the same work until the entire country for miles around shall know that the Christian people of Medford are interested in the religious welfare of this beautiful valley.

U. S. ARMY PLANES ON HOMEWARD FLIGHT

PORT AU PRINCE, Haiti, Mar. 26. (By Associated Press). The American army airplanes flying back to the United States from Porto Rico which arrived here from Santo Domingo yesterday began leaving shortly after eight o'clock this morning for their next landing place, Guantanamo, Cuba. The leading plane got off at 8:11 a. m. in a strong following wind.

RECORD BREAKING AUTO TRIP MADE BY TURKEY KING

A record breaking auto trip with almost a record breaking cargo of 600 Mammoth Bronze pure bred turkey eggs, was made by George T. Collins in his Lincoln car yesterday from the Emmens-Collins live stock ranch, Meadowbrook, near Eagle Point. The Medford wholesale grocer, who dotes on speed, had to run so slow with his precious cargo to avoid jarring the eggs that long before Medford was reached his hair had turned white—on the back of his neck—from the unusual experience. Each egg was valued at from between \$1 and \$2, and the 600 were the product of one week's laying at the ranch of 115 hens. The eggs were brought down to the city to be placed in incubators and hatched out, in the custody of J. W. Mitchell, and when of proper traveling age will be taken back to the ranch and turned loose to augment the feathered flock of fine birds there. Turkey raising on a large scale promises to be a noteworthy feature at the blooded live stock ranch. While Mr. Collins was suffering on the trip to Medford, his partner, Dr. Emmens, who is an expert in agriculture, was equally busy spading a fine garden at the ranch and planting a new breed of radishes which is expected to make Luther Burbank ashamed of himself, to be known all over the world as the King Tut Turnips. Doc also plans eventually to establish an extra fine herd of mud hens at the ranch.

CELEBRATE GARDEN WEEK APRIL 2 TO 7

Next week, April 2 to 7, will be Gardening Week in Oregon.

The general Federation of Women's Clubs of America is sponsoring this Gardening Week program.

Opportunity will be given boys and girls to take up the gardening in club work, the organizing being done within the next few days.

Each garden club member is supposed to have a plot 30 ft. by 20 ft. or a corresponding sized plot containing 600 square feet. Exhibit at the fair will include the completed final reports and at least five different kinds of vegetables.

Parents are requested to either give or deny the privilege to the boys and girls so that they will know whether to take up the project when the time comes.

It is hoped that women's club members will cooperate in helping to furnish local leaders for such garden and poultry clubs as may be formed in town.

Sports

CHAMPIONSHIP OF Y. M. C. A. LEAGUE TO BE DECIDED TONIGHT

When the North Methodists and Baptists meet tonight in what may be the final game of the Y. M. C. A. season, the athletic fate of four teams will hang in the balance. A win for the Wesleyans will give them the flag. A victory for the Baptists will give four teams a chance for the pennant in the three-game elimination tournament which will thereupon become necessary.

It is safe to say that the Baptists will have the united support of three corps of rooters from as many churches, each hoping to see their team have more opportunity for the championship.

The first game of the evening will be between the Presbyterians and the South M. E's. If the doughty warriors of the former persuasion can take this, it will save them from a victorious season and will incidentally eliminate the South brethren from their chances for the pennant.

The ticket sale competition among the girls of the various churches will be concluded tonight also and the disposition of a box of candy decided.

The first game will be started at 7:30 promptly, the second between the North M. E's and Baptists immediately following.

Tickets for the two games 15c and 10c as usual.

CHICAGO, Mar. 26.—Willie Hoppe, the renowned 18.2 ball line billiard champion of the world, starting today will play a 3000 point exhibition series here with Charles C. Peterson, his trainer. He will play 300 points each afternoon and evening. Hoppe said he was ready to defend his title against any logical challenger.

INDIANAPOLIS—Peter the Great, famous racing sire of the stable of Stoughton A. Fletcher, died. He was 28 years old and sired 549 standard track performers, twice the number sired by any other racing stallion.

SAN DIEGO—Rebuke, owned by Commander J. K. L. Ross, Canadian sportsman, won the Coffroth handicap at Tijuana. Ross was enriched by \$20,475, the richest all-aged stake of the American turf.

CHICAGO—When Ed (Strangler) Lewis, world's champion heavyweight wrestler, demanded a guarantee of \$10,000 win, lose or draw, before he would consent to meet Renato Gardini of Boston, Mrs. Gardini wired her father, a Boston banker, for the money and obtained it. Lewis and Gardini will meet here April 3.

PEORIA, Ill., Mar. 26.—Tommy Gibbons of St. Paul and Andy Schmdar of Omaha have completed training here for their ten round bout here tonight under the auspices of the Peoria baseball fans association.

CLEVELAND, Mar. 26.—The Cleveland Indians meet the Philadelphia team today in the first of three games scheduled for this week.

MASON MOTOR CO. MAKES BIG RECORD

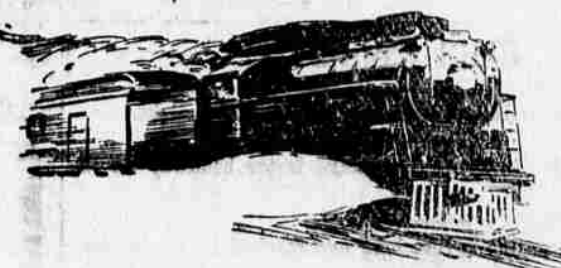

Thirteen carloads of Star and Durant cars since February 15th! That is the record of local shipments made by the Mason Motor company and they are still going strong. Four Star cars were sold yesterday and two this morning, according to C. W. Barrett, and a wire was sent the factory today to rush four more car loads. The Mason Motor company's organization seems to be an efficient one and their campaign an effective one. Several live wire people are selling Stars and Durants in southern Oregon. The list of Mason Motor company representatives includes: Charlie Brown, C. W. Barrett, A. R. Mason, Earl Moore, Earnest McKee, the Hotel Garage of Ashland, Olin Knox of Jacksonville, E. R. Gleason of Central Point, Fred Heckman and J. W. Gierist of Gold Hill and Frank Elliott of Rivera Park.

Both Stars and Durants are proving very popular in this section. Prominent among their buyers are women and upon glancing over the names of recent local purchasers one may see the following lady motorists who have selected one of these cars: Miss Jacobs of Central Point, Mrs. A. K. McKee, Miss Hazel Theron, Miss Kate Stine, Mrs. M. T. Edwards, Miss William Puhl and Mrs. B. Darneille.

The representatives of the Mason Motor company promise an announcement in the near future which will be of interest to all motorists. This company is rapidly expanding to accommodate the local field and there is every indication that shipments will arrive here from the factory regularly without delaying orders.

Ulen Hills was a week-end visitor in Medford having come in from Gold Hill, where he is now employed in the Gold Hill Bank.

Man's Conquest of Time

The progress of mankind, from the earliest recorded ages, has been marked, by a ceaseless struggle against the limitations of time and space.

Civilization is mutual interchange of thought and the product of thought. This interchange demands transportation, hence the development of civilization has paralleled the improvements in transportation.

A useful lifetime should not be measured in hours lived, but in deeds done. Doubling man's productive capacity offers the same net result as doubling his period of usefulness or doubling the number of producers.

More than any other single factor of civilization, the automobile has multiplied the producing power of man, by decimating time and distance, and by providing a broad and flexible means for the transportation of men and their products.

The amazing growth of the automobile industry could not have been, had not the automobile more than justified itself as an economizer of manpower, a stimulator of production and a creator of wealth.

for Economical Transportation

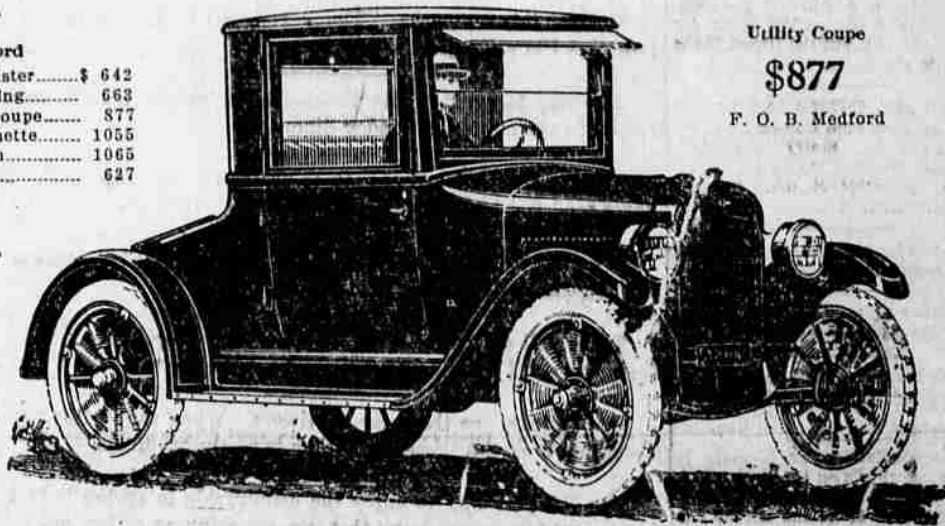

epitomizes the progress of the industry to date along the line of maximum economy consistent with modern requirements as to engineering efficiency and satisfactory quality. The wonderful increase in our sales proves that Chevrolet is leading in the evolution of individual transportation which measures and records the progress of civilization.

After Every Meal

WRIGLEY'S

"A bite to eat—a bit of sweet"

After a substantial meal, the children naturally want to top off with a bit of sweet.

Give them WRIGLEY'S, the great American Sweetmeat.

It combines the enjoyment of sweet with many BENEFITS. It cleanses the teeth, removing food particles that lodge in the crevices. It neutralizes the acids of the mouth, soothes the throat, and lastly—

WRIGLEY'S helps the stomach by supplying saliva to aid in digestive work.

Made clean, kept clean, sealed tight in a wax-wrapped package.

The Flavor Lasts
