The warm weather wave continues and the maximum temperature of yesterday, 81.5 degrees, was the warmest of the year so far, but this morning's minimum stood at the freezing point. Then the sun came out and the temperature began to rise again. Fair weather is the prediction for tomorrow. The warm weather is fast bringing on the fruit buds, but it is hard on most lawns which have not yet been irrigated because of the lack of rain for so long a period. A year ago there was a rainfall of 4 of an inch.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Full extent of the injuries of Ed Barron, who was hurt yesterday by a fall from his horse, have not yet been ascertained, owing to the painful condition of his body. Barron was riding to get ahead of a cow, and rode his horse between a tree and a fence. Swinging to one side to miss a limb, he then hurled his body to the other to escape the tree. Here his saddle broke, throwing him into the tree, the horn of the saddle breaking the full force of the impact, which otherwise would have killed him. Barron's nose, side of his head and arm and shoulder were painfully scraped, while it is feared that internal injuries may have been received in addition to the broken collar bone and dislocated shoulder. Owing to the condition of his body, the collar bone has not yet been set.—Ashland Tidings.

I have been on various spas in Europe, as well as in this country and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken May's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble."
