Fulling to break the glass in the window at the post office, George A. Briscoe, superintendent of schools, received a little assistance from Emil Britt, mayor of Jacksonville and son of a pioneer family, and successfully wrecked the glass about 3 o'clock last night. Superintendent Briscoe had backed his machine over the curb into the window and then parked his machine. Britt came along about this time, failed to notice Briscoe's car and backed his Cole "8" into the parked machine with so much violence that the former was again shoved over the curb. A shower of glass resulted. Neither of the two machines was badly damaged by the accident, the only real sufferer being the window in the postoffice. Briscoe was not in his car at the time Britt backed into the machine.—Ashland Tidings. 11*

The Easter cantata, "From Sepulcher to Throne" was repeated at the First Baptist church last evening to a full house, which spoke well for the music as it was heard Easter night by a still larger audience. The next concert by the choir will be given the last Sunday evening of the month. For next Sunday evening Rev. F. R. Leach announced a special farewell service, marking the close of services in the old church building. Mrs. S. L. Bennett, who is a constituent member of the church, will be the historian for the occasion, reciting the early and later events of history in the life of the church. Several will speak and much interest will be found in this passing of the old edifice. Work starts next week on dismantling the building. 11*

ASK MORE NAMES C. OF C. DIRECTORS

At a forum of the Medford Chamber of Commerce held ten days ago the members appointed two committees who suggested the names of 35 members for directors. The action of the forum does not exclude other members from suggesting names for directors and in order that these may be included in the list when the primary ballots are sent out, these suggestions must be in before Wednesday evening of this week. Some delay is being experienced this year in sending out the ballots because some necessary blanks have failed to arrive. The extraordinary increased membership was not anticipated. The total number of members now enrolled is 653.

Employers Attention

This office specializes in furnishing compensation to injured workmen in accordance with the benefits provided in the State Workmen's Compensation Act, as well as additional protection to the employer, at much lower rates in many occupations than offered by the Accident Commission. We have secured this protection for our clients for the past six years in old line casualty companies, with the minimum of bother and detail in connection with claims, payroll audits, annual audits instead of monthly, etc.

All employers now contributing to the State Fund, desiring to withdraw from same, will have to mail formal notice of their intention before April 30th, to become effective June 30th. Unlike ordinary insurance which may be terminated at any time, withdrawal from the State Fund is only possible once each year.

We will gladly call and compare rates and explain our policies.
