

Local and Personal

Incidental to the legal fishing season opening Sunday for trout, Patrick Duffley, district game warden, warns every fisherman out that day to be provided with a fishing license if he desires to avoid arrest and a fine. Up to this morning comparatively few fishing licenses had been taken out locally, which indicates that there will be a rush for them until late Saturday night.

A heavy to killing frost was the prediction for tonight, along with fair weather for Saturday, that came here this morning from San Francisco, although by this evening conditions may change so that a different prediction may be given out by Floyd Young the frost expert. The light to heavy frost predicted from San Francisco for last night and this morning only amounted to a minimum temperature of 31.1, although Mr. Young, who prides himself on previous snail's eye-brow predictions missed this time by an elephant's ear by predicting last evening a 30 degree temperature. There was light smudging this morning.

The city auto camp is now open for the season and eight cars of tourists stopped there last night. Despite the fact that the rest house and other improvements are just being installed and will not be ready for some time yet, a charge is being made of fifty cents per day for each car. The grounds are in good condition and present an inviting appearance. William Davis, who had been in charge of the camp for two years past as caretaker, is again serving in that capacity, although his permanent appointment has not yet been announced.

Quick Quaker Oats

The Quickest-Cooking Oats in the World

Quaker Oats now come in two styles—regular and Quick. Both have that super-flavor—the flavor that won the world. Both are flaked from queen grains only—just the rich, plump, flaky oats.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small thin flakes cook quickly.

Quick Quaker cooks in 3 to 5 minutes. It is the quickest-cooking oats in the world.

In those two ways Quaker Oats excel. Say which you want, regular or Quick. But, if you love flavor, insist on the Quaker brand.

Rev. D. E. Millard's last official act before leaving Oregon was to perform a wedding ceremony for two Medford young people. The couple accompanied Mr. and Mrs. Millard to the top of the Siskiyou on their trip to southern California and there on the summit before dropping over into California. Mr. Millard tied the knot and sent the young couple on their way back toward Portland on a honeymoon trip. The young couple that worked out this scheme and completely surprised their many friends are none other than Cecil Culbertson of Lake Creek and Miss Helen Pierce of Medford. Mr. Culbertson owns a ranch near Lake Creek and after their honeymoon will make their home on the ranch. Miss Helen Pierce is well known in Medford, having lived here many years and is popular in the Young People's society of the Christian church of Medford. Their many friends will join in wishing them every success in life and that their mountain top experience will last for many years to come.

Unable to reach an agreement after 28 hours deliberation, the jury in the trial of J. W. Siemens and John Siemens, Jr., charged with misapplication of funds of the defunct State and Savings bank, reported at 1:45 o'clock this afternoon that they were hopelessly deadlocked and were dismissed by the court. The court did not ask how the jury was divided, but it was reliably reported that nine of the jurors were for conviction and three for acquittal.—Klamath Falls Herald.
