The Ashland and Grants Pass high schools also had similar afternoons off today to witness local baseball games in those cities.

DOUGLAS FAIRBANKS in "ROBIN HOOD"

—and here's a funny story by
James Montgomery Flagg

He Says—

"I don't owe Doug Fairbanks a cent nor do I want anything he has, but I would like to compliment him in print on his 'Robin Hood.' Do you mind?"

"I was nuts on 'The Three Musketeers,' but when I sat in on 'Robin Hood' nothing but superlatives expressed my appreciation. I had a hunch at the opening shot that Romance would pour over it—and it did. The picture is a gorgeous delight from start to end—the burly ruffian King Richard gnawing on the hind leg of a sheep, or whatever it was, while he watched the tourney—the wonderfully satisfying villainy of Prince John—the winsome frailness of the Lady Marian—the fairland beauty of the ladies in waiting as they threw themselves at Hunstingdon—just as they do today at carls and such—the brilliant magnificence of the scenes at the jousting—the wonderful castle—the gigantic curtain, a mile or so long, that Robin Hood slid down to escape John's retainers—the mystic forest with its beautiful giant trees—the sunlight and the velvet shadows where the robber band hid—the pitiful tragedy of the court jester done with the impressiveness of superb art—the thousand satisfying noodies of direction—and last, but not least, the inimitable Doug as the gayest and most chivalrous and humorous and astonishing Robin Hood imaginable!"

"It is one of the few really great pictures I have seen on the screen, and I hope everybody who loves fairy tales, adventure, romance and beauty will see it, no matter what their age or sex be, or whether they believe in the Republican Party or Canardcocktails, or Postum, or blanket legislation for women, or Santa Claus, or bran on their oatmeal, or anything, because they will be thrilled in spite of themselves."
