

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have prescribed my Prescription No. 777 (known for years as Marshroot) for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffy eyes, clammy feet or moist palms, backache or aches, you ought to get a bottle of Dr. Carey's famous Prescription No. 777 right away.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription No. 777 aided thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at Heath's Drug Store and West Side Pharmacy and all reliable pharmacists the country over.

Coming to Medford
Dr. Mellenthin
SPECIALIST
in Internal Medicine for the past twelve years

DOES NOT OPERATE
Will be at
Holland Hotel
MONDAY, APRIL 30
Office Hours: 10 a. m. to 4 p. m.
ONE DAY ONLY
No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon.

He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.
Address: 336 Boston Block, Minneapolis, Minn.

Y. W. C. A. DRIVE FOR \$3200 TO START APRIL 23

From a small organization of a few interested women, the Y. W. C. A. has grown since its organization in Medford in 1920 to 446, including Girl Reserve members. It has increased its activities as well as its membership, until its activities touch several hundred more. Over 5300 lunches have been served during the year, 48 girls and young women have been housed at various times, 218 high school girls of southern Oregon attended a conference held by the local Student Club of Girl Reserves, and invitations are now being sent to high schools in southern Oregon for a similar conference to be held April 28th in Medford, almost a hundred have been enrolled in evening classes, and many have been enjoying the recreational and social programs.

The finance committee have submitted the following budget for the work of 1923:

Salary, general secretary.....	\$1,500.00
House mother.....	480.00
Office supplies, etc.....	125.00
House, Phone.....	25.00
Light.....	40.00
Heat.....	125.00
Water.....	12.00
Gas.....	25.00
Laundry.....	28.00
Upkeep and repairs.....	500.00
Girls' work and camp.....	100.00
Educational and service.....	30.00
Conference.....	75.00
Interest paying.....	56.30
Campaign and contingent and shrinkage.....	352.55
National and foreign.....	310.65

Total expense.....\$3,784.50

Receipts:	
House.....	\$ 300.00
Lunches.....	180.00
Paid on foreign.....	104.50

Total receipts.....\$ 584.50

Total budget to be raised.....\$3,200.00
\$3,200.00 is a small amount to invest in the girlhood of the community, and contributors to the 1923 budget may be sure that their gifts will be used to assist and develop Medford's girlhood from the three standpoints of the blue triangle: physical, mental and spiritual.

Campaign dates April 23rd to April 26th, with the opening dinner at the Presbyterian church Monday evening. It is the hope of those interested that enough workers may be secured to be able to close the campaign Wednesday evening.

A husky bunch of Y. M. C. A. athletes assembled at the Christian church last night to do honor to the spread got together by the committee. All the churches included in the Y. M. C. A. Athletic league were represented and a program of toasts and speeches was indulged in. Any hint of other than the friendliest feelings between the rival team members was entirely absent. Considerable time was given to the discussion of the opening of the baseball season, all of the five churches signifying their intention of being counted in on the baseball league.

The basket ball pennant was presented to the victorious North Methodist team.

The program was as follows:
"America,"
Grace, Rev. Sims.
"Benefits of the Y. M. C. A. League"
John Caldwell.
"Tennis, Swimming, Track," Asher Neff.
"Here's to the Losers," Sam Jennings.
"Winning the Flag," Howard Glasscock.

Presentation of pennant, Cash Wood Benedict, Rev. Sasnett.
Chairman Kunzman presided as toastmaster.

BELIEVE JAPANESE FIRE INCENDIARY

SACRAMENTO, Cal., April 18.—An apparent attempt last night to burn a Japanese rooming house and continued expressions of belief that the Japanese school fire two blocks away, which cost the lives of ten children at midnight last Sunday, was caused by an incendiary, today prompted Fire Chief Dunphy to begin an investigation.

Chief Dunphy found a large oil soaked waste heap in the lavatory of the building and it was around this material that the fire was burning last night.

Stops Cough and Wheezy Breathing
"Had a cough and wheezing in my throat," writes Caroline Dillard, Petersburg, Va. "Foley's Honey and Tar gave me quick relief and stopped my cough." Coughs resulting from Flu, Grippe, Whooping Cough, Asthma and Bronchitis, quickly relieved with Foley's Honey and Tar. Three generations of satisfied users have made Foley's Honey and Tar the largest selling cough medicine in the world. Refuse substitutes. Insist upon Foley's. Sold everywhere. Adv.

TIME FOR ARSENATE OF LEAD SPRAYING

Due to the fact that canker worms and sawfly larvae have spread to various parts of the county, it is deemed advisable at this time to make a general application of Arsenate of Lead in order to control these pests.

Ordinarily it is not necessary to make an arsenate application at this time for the control of codling moth. Canker worms do not come as rapidly and completely as apples, but it is believed thorough application of arsenate of lead on pears in most parts of the valley will be profitable at this time. This spraying should start when the petals are about 95 per cent off. Varieties like D'Anjou, Clairgeau, Bartlett's and Howells will be ready first and a little later Winter Nellis, Comice and Bosc will be ready.

Standard strength for Arsenate of lead is 2 lbs. of paste to 50 gal. water or 1 lb. of powder. It is believed that spreaders can be used to advantage in this application and for pears it is recommended that casein spreader be used.

In sections where pear scab has been noticed lime-sulfur at the rate of 1 gal. to 35 gal. of water should be added to the calyx spray. It is also advisable to use this lime-sulfur combination on Bosc and Winter Nellis pears as this will increase the russeting, which usually is an asset to the Bosc and Nellis.

Apple Spraying.

Every apple grower should have his spray outfit ready and be able to cover his entire block of apples within one week after the petals fall. Spraying of apples should start when about 90 per cent of the petals have fallen. The same strength of Arsenate of lead should be used as on pears and a spreader is more useful for the calyx of the apple than for the pears. From results in the past it is believed that an oil spreader is more effective than the casein. An oil spreader can be used to advantage on apples but it is not recommended for pears as pears are very easily spotted. Use an oil spreader at the rate of 1 gal. to 100 gal. of solution. In apple orchards where aphids are showing up it may be well to use nicotine in combination with the oil and Arsenate. Three fourths of a pint of nicotine to every 100 gal. In some sections it may be necessary to add lime-sulfur to the above combination for the control of apple scab. Lime-sulfur can be added to the rate of 1 gal. to 25 gal. of water.

April 18.

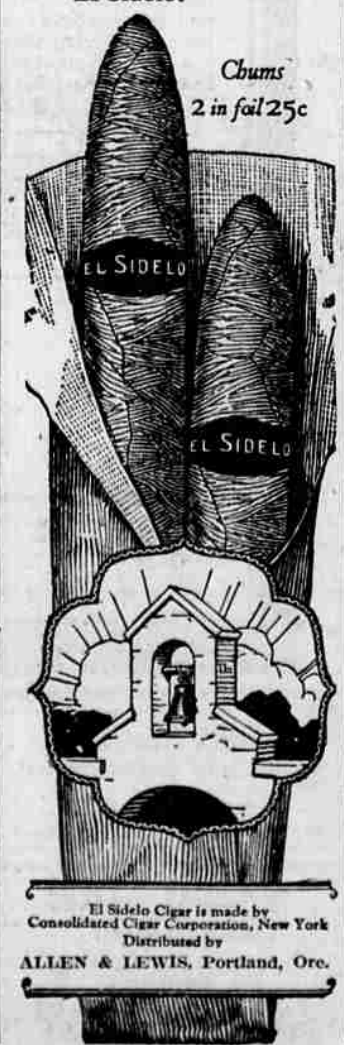

Reception Friday Pastor and Family Christian Church

Tomorrow evening at 8 p. m., a reception for D. J. Howe, the new Christian church pastor and his family, will be held at the church and every member of the church in the county, as well as all friends who desire, are requested to be present.

A short program will be rendered and light refreshments will be served. Mr. Howe is beginning his first year and now is the time to extend a cordial welcome to both Mr. Howe and his family. The pastors of all the churches in Medford as well as the county and their families are asked to be present.
