ELISE FERGUSON AT PAGE THEATRE TONIGHT

Elise Ferguson, in pictures, is a frequent visitor to this city. Elise Ferguson, in person, is a novelty and therefore her engagement at the Page theatre tonight shows more than the usual interest in theatrical presentation. It is understood that this star has a very entertaining vehicle in "The Wheel of Life," that in the Far East locale provides very picturesque settings, and that the supporting company which is the original American one, is of particular ability. The basic theme of the drama deals with a conflict of flesh and spirit, in a woman, an out of the ordinary idea. Frederick Warlock is the leading man, and C. T. Lark, J. Fisher White, Roy Marshall, George Thorpe and Eric Cowley and other principals.
